REPLACEMENT OF SCHEDULE XVI - SOUTHERN RHODESIA

Note by the Delegation of the Federation of Rhodesia and Nyasaland

It will be recalled that at the tenth session the Working Party on Schedules considered the possibility of including in the Fifth Protocol of Rectifications and Modifications a new schedule for the Federation of Rhodesia and Nyasaland to replace Schedule XVI of Southern Rhodesia. The Working Party decided (see BISD, Fourth Supplement, page 69) that it would be more appropriate for Schedule XVI to be replaced after negotiations under Article XXVIII with the United States, Italy, Norway and Sweden had been concluded.

The results of the negotiations with Italy, Norway and Sweden were notified in document L/796. The negotiations with the United States have only recently been concluded and the results have now been notified in L/1345. I now therefore enclose a draft for a new Schedule XVI for the Federation which includes concessions negotiated with the above-mentioned countries.

It will be observed that the nomenclature of certain items carried over from Schedule XVI differs from the Southern Rhodesia nomenclature. The changes, however, are of a technical nature only, the effective commodity coverage being unchanged from that of the former schedule.

The attention of contracting parties is drawn to the fact that the new Schedule covers the very much larger trade of the whole Federation as compared with the trade of only one of the three Territories covered by the former schedule.
