

RESOLUTION TO THE ECONOMIC AND SOCIAL COUNCIL
RELATING TO EMPLOYMENT

Note by the Executive Secretary

I am advised informally that the general economic debate during the forthcoming session of the Economic and Social Council is likely to commence around 9 February and that if a Resolution on Employment from this Conference is to be taken into account in that debate it will have to be available for circulation in New York within the next few days.

As the text of a resolution has already been approved without dissent by a meeting of the First Committee at which all Delegations were represented (E/CONF.2/C.1/SR.10 and E/CONF.2/27), and as presumably it is desirable not to delay consideration of this Resolution until the mid-summer session of the Economic and Social Council, it might be suggested that the text given in E/CONF.2/27 be regarded as having been approved by a Plenary Session of the Conference in order that it might be transmitted to Lake Success in time for discussion at the current session of the Council. Accordingly, unless advice is received from Delegations by 6.00 p.m. Thursday 5 February that this procedure is not agreeable, I propose that the text of the Resolution in E/CONF.2/27 be communicated formally to the Economic and Social Council immediately thereafter as a resolution of the Conference for consideration by the Economic and Social Council.
