

GENERAL AGREEMENT ON TARIFFS AND TRADE

Contracting Parties

Second Session

Corrigendum to the Summary Record  
of the Fourteenth Meeting

Page 3:

The first sentence of the last paragraph to be amended to read as follows:

"Mr. AUGENTHALER (Czechoslovakia) thought that there can be no objection to any contracting party making, by bilateral agreements independently from the Tariff Agreement, a downward adjustment of duties."

Page 9:

Delete the first paragraph and substitute the following therefor:

"Mr. Augenthaler thought a country can be bound only by what it had signed. Accordingly it is free to modify custom duties not included in the schedules in any way it wishes. Any other interpretation would constitute imposition of new obligations on the contracting parties. That is why he supports the statement of the representative of Syria."
