Resolution passed by the International  
Association of Seed Crushers, at their Annual Congress,  
June, 1950

There is circulated herewith the text of a Resolution passed by the International Association of Seed Crushers at their Annual Congress, on 14 June 1950 :

"This meeting of the International Association of Seed Crushers, comprising delegates from fifteen nations in all parts of the world interested as Seed Crushers, Merchants and Shippers, views with alarm the recent tendency of the Governments of some countries to alter export conditions at very short notice.

"In view of the importance of maintaining confidence in International Trade, the meeting urges the Governments of all countries producing and exporting raw materials so to arrange any export conditions they may decide to impose, that all Contracts for shipment awaiting execution at the time should be exempt from the operation of any increase in duties or taxes, or of any new duties or taxes."
