GENERAL AGREEMENT ON TARIFFS AND TRADE

Committee of the Contracting Parties on Special Exchange  
Agreements

At the close of the second meeting in London in November, 1948, the Committee completed an Interim Report for submission to the Contracting Parties, and decided that a third meeting should be held just prior to the Third Session in April 1949. As, however, the advantages of holding this meeting prior to the Third Session would not appear to justify the administrative complications involved, it is proposed, unless there are any objections to such a change, that it should be held at a suitable early date during the Third Session.
