Page 2, last paragraph:

Delete the second sentence in this paragraph and substitute
the following:

"This tariff, moreover, will have to take account
of the conclusion of the Italo-French Customs Union
which is expected to intervene in the very near
future and which will be subject to the approval
by Parliament; it will thus have to be so drafted
as to be replaceable at a given moment by the tariff
of the Italo-French Customs Union".
