PROVISIONAL AGENDA

ADDENDUM

The government of Czechoslovakia has proposed that the position of Palestine in relation to the General Agreement should be added to the Agenda for the Third Session.

The government of the United Kingdom made effective the provisional application of the Agreement in respect of Palestine as from 19 April 1948, but the Government of the United Kingdom ceased to be responsible for the government of this territory on 15 May, 1948, on the termination of the mandate granted by the League of Nations.

A note on the legal aspect of this question will be distributed later.
