WORKING PARTY ON REVISION OF SCHEDULE I

INTERIM REPORT

The Working Party has examined the replacement of Schedule I proposed by the Delegation of Australia. In the light of the description of the proposed change contained in GATT/CP3/13 and Add. 1 and the oral explanations given by the representative of Australia, the Working Party has reached the unanimous conclusion that the proposed revision is not contrary to the provisions of the General Agreement, and it will in due course submit a recommendation to the Contracting Parties that this revision be approved.

Meanwhile the Working Party suggests that each delegation, which concluded negotiations with Australia in 1947, examine the photostat copy of the new Schedule I which was distributed at Annecy since the opening of the Third Session, and communicate with the Delegation of Australia not later than Friday 6th May concerning any questions they wish to raise on items of the tariff of particular interest to them.

The Working Party will meet again after 6th May in the expectation that it will then be able to conclude its report to the Contracting Parties.
