

CONTRACTING PARTIES

Third Session

NOTIFICATION BY URUGUAY OF NON-DISCRIMINATORY
MEASURES UNDER ARTICLE XVIII
(GATT/CP.3/40/Add.4)

Note by the Executive Secretary

Contracting parties will have noted that the Government of Uruguay, for a variety of reasons, notably distance and difficulties of communications, was unable to notify its measures by the date of 15 July, 1949, specified in the Draft Protocol of Terms of Accession. The measures were in fact notified by a letter dated 30 July, 1949. It is suggested that the CONTRACTING PARTIES, having regard to the difficulties cited by the delegation of Uruguay, accept the notification as having been made in due time. In order to regularise the position, the CONTRACTING PARTIES may wish, when considering the Report of the Joint Working Party on Accession, to substitute the date of 30 July for 15 July in the appropriate paragraph of the terms of accession.
