CONTRACTING PARTIES  
Fourth Session

Communication from Danish representative concerning  
the Report of Working Party B on the Revalidation  
of the Geneva and Annecy Schedules.

---

There is circulated below the text of a letter received  
from the representative of Denmark communicating for the  
information of the Contracting Parties the views of the  
Danish Government on the Report of Working Party B:

"The final report of Working Party B on Revalidation  
of the Geneva and Annecy schedules and the Annexes  
to the report was sent by me to the Danish Government  
for its approval."

The Government feels that the different remarks  
which I, during the debates here in Geneva, have made  
concerning the special difficulties in which Denmark  
finds herself, clearly express our points of view,  
and I do not think it necessary for me to repeat them.

The Government also finds that these points of  
view are adequately covered by the short statement  
given in paragraph 5, sub-paragraph 2, of the report.

The Danish Government therefore has authorized  
me to inform the Contracting Parties of our approval of  
the documents in the form they now have."
