NEGOTIATIONS UNDER ARTICLE XXVIII:1

Extension of Closing Date for Completion of Negotiations

Addendum

The following communication has been received from the Government of Finland:

"I have the honour to refer to the time-limit, 30 June 1964, set up for the conclusion of the present renegotiations under Article XXVIII and to inform you that Finland will be unable to finalize its negotiations by that date. Accordingly, the Finnish authorities would greatly appreciate a further extension of the said time-limit, which matter has already been put on the agenda of the Council due to meet on 6-7 July.

"Finland does not expect to reach substantial results in its renegotiations until after the summer recess and it looks forward to their conclusion towards the end of the year."
