

GENERAL AGREEMENT ON TARIFFS AND TRADE

RESTRICTED

COM.TD/W/93
31 March 1969

Limited Distribution

Committee on Trade and Development
Group on Residual Restrictions

PRODUCT-BY-PRODUCT TABULATION OF IMPORT RESTRICTIONS ON PRODUCTS OF EXPORT INTEREST TO DEVELOPING COUNTRIES

Note by the Secretariat

1. The present document contains a list of import restrictions applied by developed countries on products of export interest to developing countries, arranged on a product-by-product basis. It supersedes the tabulation in Part II of COM.TD/62 (pages 41-68), and is intended to serve as a basis for discussion at the forthcoming meetings of the Group on Residual Restrictions.
2. The restrictions listed are those mentioned in COM.TD/62 and Addenda and in COM.TD/W/85. This list is intended to include all restrictions applied on products notified by developing countries as being of export interest to them as per COM.TD/23. For practical reasons, however, cotton textile products have been left out (information on these products is available in documents in the COT/- series). Restrictions applied for balance-of-payments reasons are also excluded.
3. To provide an indication of the magnitude of the trade involved a separate document is being prepared for circulation before the Group meeting which will show the imports of the products into the country applying the restrictions and into a number of industrialized countries.
4. The significance of the symbols used in the document is as follows:
 - R = Restriction (method unspecified)
 - L = Licensing (liberal or discretionary, etc., unspecified)
 - LL = Liberal licensing
 - DL = Discretionary licensing
 - Q = Quota (global or bilateral; unspecified)
 - GQ = Global quota
 - BQ = Bilateral quota
 - SR = Seasonal restrictions
 - P = Prohibited

- MP = Minimum price system
- ST = State trading or monopoly
- (-EEC) = Applicable to imports from other than EEC member countries
- (-OEEC) = Applicable to imports from other than former OEEC countries,
their dependent territories and certain former dependent
territories
- (-STA) = Applicable to imports from other than sterling area countries
- (DA) = Applicable to imports from the dollar area
- PA = The restriction is considered by the government applying it
to be covered by the protocol providing for the terms on
which the government applies the GATT.
