GENERAL AGREEMENT ON TARIFFS AND TRADE

Committee on Trade and Development
Sub-Committee on Protective Measures
Second Session
28-29 October 1980

PROTECTIVE ACTIONS BY DEVELOPED COUNTRIES AGAINST IMPORTS FROM DEVELOPING COUNTRIES

Note by the Secretariat

Addendum

1. In paragraph 3 of COM.TD/SCPM/W/2, it is stated that an addendum containing tariff and trade data relating to the measures listed on pages 4 and 5 of COM.TD/SCPM/W/2 would be issued separately. The attached tables contain this data.
2. The information on import flows contained in these tables is the most recent available in the secretariat. It does not necessarily reflect the position at the time that the measure was taken. In certain cases, owing to changes in tariff and statistical classifications it has not been possible, as pointed out in footnotes, to obtain a precise correspondence between tariff lines and trade flows. Some of the data contained is still being checked for accuracy in capitals. Any necessary corrections or revisions will be circulated in due course.
3. With regard to the English language version of COM.TD/SCPM/W/2, it should be noted that in the second line of page 3 (paragraph 7) the word "priorities" should read "practices".

²For certain of these goods the earlier mfn and GSP tariff rates were those which would have applied to the goods if the textile fabric of which they were made had not been coated or covered with a product or products of a composition specified in an item (but not a sub-item) of chapter 39. In the case of the GSP, if the resulting rate was equal to the mfn rate, the rate applied was that rate minus 10%.
