Sub-Committee on Trade of
Least-Developed Countries
25 May 1983

ANNOTATED PROVISIONAL AGENDA

The fourth meeting of the Sub-Committee is intended to be purely organizational in nature.

It is therefore suggested that the Sub-Committee organize its work around the following main agenda item.

(i) Future work programme of the Sub-Committee

The secretariat background note COM.TD/W/LLDC/7 contains an outline of the various elements which could form the basis of discussions on the future work of the Sub-Committee in the light of the decisions taken at the Ministerial meeting of the CONTRACTING PARTIES in November 1982 concerning the least-developed countries and the subsequent proposals made by the Committee on Trade and Development at its forty-ninth session. These proposals include (a) monitoring of the implementation of decisions taken at the Ministerial meeting which concern the least-developed countries, and (b) organization of ad hoc consultations between the least-developed countries and their trading partners. The Sub-Committee is invited to make the necessary arrangements for inclusion of these proposals in its programme of work.

(ii) Other business

The Sub-Committee might wish to take up any other matters falling within its terms of reference.
