Letter No. 4<sup>1</sup>

9 July 1974

In reply to your letter of 5 July 1974, I am pleased to inform you that exceptions to our import restrictions on textile products are considered by our Central Bank of the Philippines on a case-by-case basis under the following instances:

1. On consignment basis to firms registered with our Export Processing Zone Authority for local processing in Customs bonded manufacturing facilities into finished garments for export;
2. Under letters of credit to firms registered with our Board of Investments for local processing into finished garments for export to contract buyers;
3. Under letters of credit to firms engaged in garment manufacturing under existing franchise agreements with foreign manufacturers; and
4. Under letters of credit to tourist establishments for re-sale to tourists, chargeable against 40 per cent of their foreign exchange earnings.

I wish to inform you further that as a result of further review in our Central Bank Statistical Classification of Commodities (Manual), certain changes in the commodity code number of some textile items were made which are reflected in the Revised Central Commodity Classification Manual (as of 1 July 1973), copy enclosed.

Very truly yours,
