THE COUNCIL OF THE EUROPEAN COMMUNITIES, of the one part, and

THE GOVERNMENT OF MALAYSIA of the other part,

RECOGNIZING the importance of trade in textile products between the European Economic Community (hereinafter referred to as the "Community") and Malaysia,

HAVING REGARD to the Arrangement regarding International Trade in Textiles (hereinafter referred to as "the Geneva Arrangement"), and in particular Article 4 thereof; and to the conditions set out in the Protocol extending the Arrangement together with the Conclusions adopted on 14 December 1977 by the Textiles Committee (L/4616),

HAVE DECIDED to conclude this Agreement and to this end have designated as their Plenipotentiaries,

THE COUNCIL OF THE EUROPEAN COMMUNITIES:

THE GOVERNMENT OF MALAYSIA:

WHO HAVE AGREED AS FOLLOWS:

Section I : Trade Arrangements**Article 1**

1. The parties recognize and confirm that, subject to the provisions of this Agreement and without prejudice to their rights and obligations under the General Agreement on Tariffs and Trade, the conduct of their mutual trade in textile products shall be governed by the provisions of the Geneva Arrangement.
2. In respect of the products covered by this Agreement, the Community undertakes not to introduce quantitative restrictions under Article XIX of the General Agreement on Tariffs and Trade or Article 3 of the Geneva Arrangement.
3. Measures having equivalent effect to quantitative restrictions on the importation into the Community of the products covered by this Agreement shall be prohibited.

Article 2

1. This Agreement shall apply to trade in textile products of cotton, wool and man-made fibres originating in Malaysia which are listed in Annex I.
2. The description and identification of the products covered by this Agreement are based on the nomenclature of the Common Customs Tariff and on the Nomenclature of Goods for the External Trade Statistics of the Community and the Statistics of Trade between Member States (NIMEXE).
3. The origin of the products covered by this Agreement shall be determined in accordance with the rules in force in the Community.

The procedures for control of the origin of the products referred to above are laid down in Protocol A.

Article 3

Malaysia agrees for each Agreement year to restrain its exports to the Community of the products described in Annex II to the limits set out therein.

Exports of textile products set out in Annex II shall be subject to a double-checking system specified in Protocol A.

Article 4

1. Exports of cottage-industry products as listed in Protocol B shall not be subject to quantitative limits, provided that these products meet the conditions laid down in Protocol B.

2. Exports to the Community of textile products covered by this Agreement shall not be subject to the quantitative limits established in Annex II, provided that the export licence certifies that the products concerned are for re-export outside the Community in the same state or after processing.

3. Where the competent authorities in the Community ascertain that products exported from Malaysia and set off by Malaysia against a quantitative limit established in Annex II have been subsequently re-exported outside the Community, the authorities concerned shall notify Malaysia within four weeks of the quantities involved.

Upon receipt of such notification, Malaysia may authorise exports of identical quantities of products, within the same category, which shall not be set off against the quantitative limits established in Annex II for the current or the following Agreement year.

Article 5

1. In any Agreement year advance use of a portion of the quantitative limit established for the following Agreement year is authorized for each category of products up to 5 % of the quantitative limit for the current Agreement year.

Amounts delivered in advance shall be deducted from the corresponding quantitative limits established for the following Agreement year.

2. Carryover to the corresponding quantitative limit for the following Agreement year of amounts not used during any Agreement year is authorized up to 5 % of the quantitative limit for the current Agreement year.

3. Transfers in respect of categories in Group I shall not be made from any category except as follows :

- transfers between Categories 1, 2 and 3 may be effected up to 5 % of the quantitative limits for the category to which the transfer is made except that in the case of Category 1 the parties acknowledge that the transfer of 5% has already been incorporated in the quantitative limit for Category 1 set out in Annex II;
- transfers between Categories 4, 5, 6, 7 and 8 may be made up to 5 % of the quantitative limit for the category to which the transfer is made.

Transfers into any category in Groups II, III, IV and V may be made from any category or categories in Groups I, II, III, IV and V up to 5 % of the quantitative limit for the category to which the transfer is made.

4. The table of equivalence applicable to the transfers referred to above is given in Annex I, to this Agreement.

5. The increase in any category of products resulting from the cumulative application of the provisions in paragraphs 1, 2 and 3 above during an Agreement year shall not exceed 15 %.

6. Prior notification shall be given by the authorities of Malaysia in the event of recourse to the provisions of paragraphs 1, 2 and 3 above.

Article 6

1. Exports of textile products not listed in Annex II to this Agreement may be made subject to quantitative limits by Malaysia on the conditions laid down in the following paragraphs.

2. Where the Community finds, under the system of administrative control set up, that the level of imports of products in a given category not listed in Annex II originating in Malaysia exceeds, in relation to the preceding year's total imports into the Community of products in that category, the following rates:

- for categories of products in Group I, 0.2 per cent;
- for categories of products in Group II, 1.2 per cent;
- for categories of products in Group III, IV or V, 4 per cent

it may request the opening of consultations in accordance with the procedure described in Article 14 of this Agreement, with a view to reaching agreement on an appropriate restraint level for the products in such category.

3. Pending a mutually satisfactory solution, Malaysia undertakes, from the date of notification of the request for consultations, to suspend or limit at the level indicated by the Community in the said notification, exports of the category of products in question to the Community or to the region or regions of the Community market specified by the Community.

The Community shall authorize the importation of products of the said category shipped from Malaysia before the date on which the request for consultations was submitted.

4. Should the Parties be unable in the course of consultations to reach a satisfactory solution within the period specified in Article 14 of the Agreement, the Community shall have the right to introduce a quantitative limit at an annual level not lower than that reached by imports of the category in question and referred to in the notification of the request for consultations. The annual level so fixed shall be revised upwards after

consultations in accordance with the procedure referred to in Article 14, with a view to fulfilling the conditions set out in paragraph 2, should the trend of total imports into the Community of the product in question make this necessary.

5. The limits introduced under paragraph 2 or paragraph 4 may in no case be lower than the level of imports of products in that category originating in Malaysia in 1976.

6. In accordance with the procedures of paragraphs 2 and 4, a quantitative limit may be fixed on a regional basis where imports of a given category of products into any region of the Community exceed, in relation to the amounts stated in paragraph 2, the following regional percentages :

Germany	28.5 %
Benelux	10.5 %
France	18.5 %
Italy	15 %
Denmark	3 %
Ireland	1 %
UK	23.5 %

7. The annual growth rate for the quantitative limits introduced under this Article shall be determined in accordance with the provisions of Protocol C.

8. The provisions of this Article shall not apply where the percentages specified in paragraph 2 have been reached as a result of fall in total imports into the Community, and not as a result of an increase in exports of products originating in Malaysia.

9. In the event of the provisions of paragraph 2 or paragraph 4 being applied, Malaysia undertakes to issue export licences for products covered by contracts concluded before the introduction of the quantitative limit, up to the volume of the quantitative limit fixed for the current year.

10. For the purpose of applying the provisions of paragraph 2, the Community undertakes to provide the Malaysian authorities, before 31 March of each year, with the preceding year's statistics on imports of all textile products covered by this Agreement, broken down by supplying country and Community Member State.

11. The provisions of this Agreement which concern exports of products subject to the quantitative limits established in Annex II shall also apply to products for which quantitative limits are introduced under this Article.

Section II: Administration of the Agreement

Article 7

1. Malaysia undertakes to supply the Community with precise statistical information on all export licences issued by the Malaysian authorities for all categories of textile products subject to the quantitative limits set out in Annex II.
2. The Community shall likewise supply the Malaysian authorities with precise statistical information on import authorizations or documents issued by the Community authorities, and import statistics for products covered by the system of administrative control referred to in Article 6(2).
3. The information referred to above shall, for all categories of products, be transmitted before the end of the second month following the quarter to which the statistics relate.
4. Should it be found on analysis of the information exchanged that there are significant discrepancies between the returns for exports and those for imports, consultations may be initiated in accordance with the procedure specified in Article 14 of this Agreement.

Article 8

Any amendment to the Common Customs Tariff or Nisexe, made in accordance with the procedures in force in the Community, concerning categories of products covered by this Agreement or any decision relating to the classification of goods shall not have the effect of reducing any quantitative limit established in Annex II, nor of limiting the access of Malaysia's exports to the Community market in products covered by the system of administrative control referred to in Article 6 (2).

Article 9

Malaysia shall endeavour to ensure that exports of textile products subject to quantitative limits are spaced out as evenly as possible over the year, due account being taken, in particular, of seasonal factors.

However, should recourse be had to the provisions of Article 18 (4), the quantitative limits established in Annex II shall be reduced proportionately.

Article 10

Should there be an excessive concentration of imports on any product belonging to a category subject to quantitative limits under this Agreement, the Community may request consultations in accordance with the procedure specified in Article 14 of this Agreement with a view to remedying this situation.

Article 11

1. Portions of the quantitative limits established in Annex II not used in a Member State of the Community may be allocated to another Member State in accordance with the procedures in force in the Community. Additionally, Malaysia may request that such portions of the limits for particular Member States be reallocated to other Member States. The Community shall respond within 4 weeks of receipt of any such request. It is understood that any reallocation so effected shall not be subject to the limits fixed under the flexibility provisions set out in Article 5 of this Agreement.

2. Should it appear in any given region of the Community that additional supplies are required, the Community may, where measures taken pursuant to paragraph 1 above are inadequate to cover those requirements, authorize the importation of amounts greater than those stipulated in Annex II.

Article 12

After application of this Agreement to the categories of products in Group I for a period of two years, the quantitative limits shall be revised by common accord, upwards or downwards, in the light of consumption in the Community.

Article 13

1. Malaysia and the Community undertake to refrain from discrimination in the allocation of export licences and import authorizations or documents respectively.
2. In implementing this Agreement, the Parties shall take care to maintain the traditional commercial practices and trade flows in textiles between the Community and Malaysia.
3. Should either Party find that the application of this Agreement is disturbing existing commercial relations in textiles between importers in the Community and suppliers in Malaysia consultations shall be started promptly, in accordance with the procedure specified in Article 14 of this Agreement, with a view to remedying this situation.

Article 14

1. The special consultation procedures referred to in this Agreement shall be governed by the following rules:

- any request for consultations shall be notified in writing to the other Party;
- the request for consultations shall be followed within a reasonable period (and in any case not later than fifteen days following the notification) by a statement setting out the reasons and circumstances which, in the opinion of the requesting Party, justify the submission of such a request;
- the Parties shall enter into consultations within one month at the latest of notification of the request, with a view to reaching agreement or a mutually acceptable conclusion within one further month at the latest.

2. If necessary, at the request of either of the Parties and in conformity with the provisions of the Geneva Arrangement, consultations shall be held on any problems arising from the application of this Agreement. Any consultations held under this Article shall be approached by both Parties in a spirit of co-operation and with a desire to reconcile the difference between them.

Section III : Transitional and Final Provisions

Article 15

1. The provisions of this Agreement shall not apply to imports of products subject to quantitative limits in 1977, provided such products are shipped before 1 January 1978.

2. Products originating in Malaysia which become subject to quantitative limits from 1 January 1978 only, in pursuance of this Agreement, may be imported into the Community without the production of an export licence until 30 April 1978, provided such products are shipped before 1 January 1978.

Article 16

By way of derogation from Articles 2 and 8 of Protocol A, the Community undertakes to issue import authorizations or documents without the production of an export licence or certificate of origin in the form prescribed in the said Article 8 for products originating in Malaysia subject to quantitative limits under this Agreement, provided such products are shipped in the period from 1 January 1978 to 30 April 1978 and do not exceed 40% of the quantitative limits applicable to the products. This period may be extended by agreement reached between the Parties in accordance with the procedure laid down in Article 14 of this Agreement.

The Community shall supply the Malaysian authorities without delay with precise statistical information on import authorizations or documents issued under this Article; the said authorities shall set the corresponding amounts off against the quantitative limits established in Annex II for the products in question for 1978.

Article 17

This Agreement shall apply to the territories within which the Treaty establishing the European Economic Community is applied and under the conditions laid down in that Treaty on the one hand, and to the territory of Malaysia on the other hand.

Article 18

1. This Agreement shall enter into force on the first day of the month following the date on which the Contracting Parties notify each other of the completion of the procedures necessary for this purpose. It shall be applicable until 31 December 1982.

2. This Agreement shall apply with effect from 1 January 1978.

3. Consultations may be held at any time to consider proposals from either Party to modify this Agreement.

4. Either Party may at any time denounce this Agreement provided that at least ninety days' notice is given. In such event the Agreement shall come to an end on the expiry of the period of notice.

5. The Annexes and Protocols to this Agreement shall form an integral part thereof.

Article 19

This Arrangement shall be drawn up in two copies in the Danish, Dutch, English, French, German, Italian languages and in Bahasa Malaysia, each of these texts being equally authentic.

Article 2

The export licence shall conform to the model annexed to this Protocol. It must certify, inter alia, that the quantity of the product in question has been set off against the quantitative limit prescribed for the category of the product in question.

Article 3

The competent Community authorities must be notified forthwith of the withdrawal or alteration of any export licence already issued and presented to the competent Community authorities for issue of an import authorization or document.

Article 4

Exports shall be set off against the quantitative limits established for the year in which shipment of the goods has been effected, even if the export licence is issued after such shipment.

Section II : Importation

Article 5

Importation into the Community of textile products subject to quantitative limits shall be subject to the presentation of an import authorization or document.

Article 6

The competent Community authorities shall issue such import authorization or document automatically within five working days of the presentation by the importer of a certified copy of the corresponding export licence

The import authorization or document shall be valid for six months.

Article 7

1. If the competent Community authorities find that the total quantities covered by export licences issued by Malaysia for a particular category in any Agreement year exceeds the quantitative limit established in Annex II for that category, as may be modified by Article 5 and 11 of the Agreement, the said authorities may suspend the further issue of import authorizations or documents. In this event, the competent Community authorities shall immediately inform the authorities of Malaysia and the special consultation procedure, set out in Article 14 of the Agreement shall be initiated forthwith.
2. Exports of Malaysian origin not covered by Malaysian export licences issued in accordance with the provisions of this Protocol may be refused the issue of import authorizations or documents by the competent Community authorities. However, if the imports of such products are allowed into the Community by the competent Community authorities, the quantities involved shall not be set off against the appropriate limits set out in Annex II without the express agreement of Malaysia.

Title II: Origin

Article 8

1. Products originating in Malaysia for export to the Community in accordance with the arrangements established by this Agreement shall be accompanied by a certificate of Malaysian origin conforming to the model annexed to this Protocol.
2. The certificate of origin shall be issued by the competent governmental authorities of Malaysia if the products in question can be considered products originating in that country within the meaning of the relevant rules in force in the Community.
3. However, the products in Groups III, IV and V may be imported into the Community in accordance with the arrangements established by this Agreement on production of a declaration by the exporter on the invoice or other commercial document to the effect that the products in question originate in Malaysia within the meaning of the relevant rules in force in the Community.

Article 9

The discovery of slight discrepancies between the statements made in the certificate of origin and those made in the documents produced to the customs office for the purpose of carrying out the formalities for importing the product shall not ipso facto cast doubt upon the statements in the certificate.

Article 10

1. Subsequent verification of certificates of origin shall be carried out at random, or whenever the competent Community authorities have reasonable doubt as to the authenticity of the certificate or as to the accuracy of the information regarding the true origin of the products in question.

In such cases the competent authorities in the Community shall return the certificate of origin or a copy thereof to the competent governmental authority in Malaysia, giving, where appropriate, the reasons of form or substance for an enquiry. If the invoice has been submitted, such invoice or a copy thereof shall be attached to the certificate or its copy. The authorities shall also forward any information that has been obtained suggesting that the particulars given on the said certificate are inaccurate.

2. The provisions of paragraph 1 above shall be applicable to subsequent verifications of the declarations of origin referred to in Article 8 (3) of this Protocol.

3. The results of the subsequent verifications carried out in accordance with paragraphs 1 and 2 above shall be communicated to the competent authorities of the Community within three months at the latest.

Should such verifications reveal systematic irregularities in the use of declarations of origin, the Community may request Malaysia to subject imports of the products in question to the provisions of Article 8 (1) and (2) of this Protocol. In such a case, Malaysia will respond favourably to the Community's request.

4. For the purpose of subsequent verification of certificates of origin, copies of the certificates as well as any export documents referring to them shall be kept for at least two years by the competent governmental authority in Malaysia.

5. Recourse to the random verification procedure specified in this Article must not constitute an obstacle to the release for home use in the Community of the products in question.

These documents shall measure 210 x 297 mm. The paper used must be white and must weigh not less than 25 g/m². Each part shall have a printed guilloche-pattern background making any falsification by mechanical or chemical means apparent to the eye.

Each document shall bear a serial number, whether or not printed, by which it can be identified.

Article 13

In the event of theft, loss or destruction of an export licence or a certificate of origin, the exporter may apply to the competent governmental authority which issued the document for a duplicate to be made out on the basis of the export documents in his possession. The duplicate licence or certificate so issued shall bear the endorsement "duplicata"/"dupliket".

The duplicate must bear the date of the original licence or certificate.

Article 14

The competent governmental authorities in Malaysia shall satisfy themselves that the goods exported correspond to the statements given in the export licences and certificate of origin.

This Agreement shall not prejudice the rights of Malaysia to apply for her own purposes the Malaysian Customs Classification or to require the completion of additional customs formalities.
