AGREEMENT BETWEEN THE EUROPEAN ECONOMIC COMMUNITY AND THE REPUBLIC OF GUATEMALA ON TRADE IN TEXTILE PRODUCTS

THE COUNCIL OF THE EUROPEAN COMMUNITIES, of the one part, and

THE GOVERNMENT OF THE REPUBLIC OF GUATEMALA, of the other pert,

DESIRING to promote, with a view to permanent co-operation in conditions providing every security for trade, the orderly and equitable development of trade in textile products between the European Economic Community (hereinafter referred to as "the Community") and Guatemala,

RESOLVED to take the fullest possible account of the serious economic and social problems at present affecting the textile industry in both importing and exporting countries, and in particular, in order to eliminate real risks of market disruption on the market of the Community and disruption to the textile trade of Gustemala,

HAVING REGARD to the Arrangement regarding International Trade in Textiles (hereinafter referred to as "the Geneva Arrangement"), and in particular Article $\frac{1}{4}$ thereof, and to the conditions set out in the Protocol extending the said Arrangement together with the Conclusions adopted on $1^{\frac{1}{4}}$ December 1977 by the Textiles Committee (L/4616),

HAVE DECIDED to conclude this Agreement and to this end have designated as their Plenipotentiaries:

THE COUNCIL OF THE EUROPEAN COMMUNITIES:

THE GOVERNMENT OF THE REPUBLIC OF GUATEMALA:

WHO HAVE AGREED AS FOLLOWS:

TRADE ARRANGEMENTS

ARTICLE 1

- 1. This Agreement shall apply to trade in textile products of cotton, wool or man-made fibres originating in Guatemala which are listed in the Annex.
- 2. The description and identification of the products covered by this Agreement are based on the nomenclature of the Common Customs Tariff and on the Nomenclature-of Goods for the External Trade Statistics of the Community and the Statistics of Trade between Member States (NIMEXE).
- 3. The origin of the products covered by this Agreement shall be determined in accordance with the rules in force in the Community.

The procedures for control of the origin of the products referred to above are laid down in Protocol A.

ARTICLE 2

1. Imports of textile products covered by this Agreement shall be subject to a system of administrative control by the Community in accordance with the provisions in force in the Community.

. ·

2. The Community undertakes to supply the Guatemalan authorities with import statistics for products originating in Guatemala before the end of the second month following the quarter to which those statistics relate. The preceding year's statistics on all imports into the Community of products covered by this Agreement, broken down by supplying country and Member State of the Community, will also be provided before 31 March of each year.

ARTICLE 3

Exports from Guatemala to the Community of products shall be free from quantitative limits as from the time of entry into force of this Agreement. However, quantitative limits may subsequently be introduced under conditions specified in Protocol B.

. .

ARTICLE 4

Should quantitative limits be introduced under Article 3, the Parties agree to initiate without delay the consultation procedure specified in Article 5, with a view to establishing the arrangements for the administration of imports of the products subject to quantitative limits.

ARTICLE 5

The consultation procedures referred to in this Agreement shall be governed by the following provisions:

- any request for consultations shall be notified in writing to the other Party;
- where appropriate, the request for consultations shall be followed within a reasonable period (and in any case not later than fifteen days following the notification) by a report setting out the circumstances which, in the opinion of the requesting Party, justify the submission of such a request;
- the Parties shall enter into consultations within one month: at the latest of notification of the request with a view to reaching agreement or a mutually acceptable conclusion within one month at the latest.

ARTICLE 6

At the request of either of the Parties and in conformity with the provisions of the Geneva Arrangement, consultations shall be held on any matter concerning their trade in textile products and in particular on any problems arising from the application of this Agreement. Any consultations held under this Article shall be approached by both Parties in a spirit of co-operation and with a desire to reconcile the differences between them.

TRANSITIONAL AND FINAL PROVISIONS

ARTICLE 7

By way of derogation from Article 1, and Article 2 of Protocol A, products originating in Guatemala may be imported into the Community on production of a certificate of origin in a form other than that specified in Article 2 of the said Protocol A, provided such products are shipped in the period from 1 January 1978 to 31 March 1978.

This period may be extended by agreement between the Parties after consultations in accordance with the procedure laid down in Article 5 of this Agreement.

ARTICLE 8

- 1. Subject to the provisions set out in Articles 3 and 4, the Community undertakes, in respect of the products covered by this Agreement, not to introduce quantitative restrictions under Article XIX of the General Agreement on Tariffs and Trade or Article 3 of the Geneva Arrangement.
- 2. Measures having an effect equivalent to quantitative restrictions on the importation into the Community of the products covered by this Agreement shall be prohibited.

ARTICLE 9

This Agreement shall apply, on the one hand, to the territories in which the Treaty establishing the European Economic Community is applied and under the conditions laid down in that Treaty and on the other hand, to the territory of Guatemala.

ARTICLE 10

- This Agreement shall enter into force on the first day of the month following the date on which the Contracting Parties notify each other of the completion of the procedures necessary for this purpose. It shall be applicable until 31 December 1982.
- 2. This Agreement shall apply with effect from 1 January 1978.

.

- 3. Either Party may at any time propose modifications to this Agreement or denounce it provided that at least ninety days' notice is given. In the latter event the Agreement shall come to an end on expiry of the said period of notice.
- 4. The Annex and Protocols to this Agreement shall form an integral part thereof.

ARTICLE 11

This Agreement shall be drawn up in two copies in the Danish, Dutch, English, French, German, Italian and Spanish languages, each of these texts being equally authentic.

### PROTOCOL A

### PROCEDURES FOR_ORIGIN CONTROL

# ARTICLE 1

- 1. Products originating in Guatemala may be imported into the Community in accordance with the arrangements established by this Agreement on production of a certificate of origin conforming to the specimen annexed to this Protocol.
- 2. The certificate of origin shall be issued by the competent governmental authorities of Guatemals if the products in question can be considered products originating in that country within the meaning of the relevant rules in force in the Community.

For the purpose of verifying whether the above condition has been met, the competent governmental authority of Guatemala shall have the right to call for any documentary evidence or to carry out any check which it considers appropriate.

3. However, the products in Groups III, IV and V may be imported into the Community in accordance with the arrangements established by this Agreement on production of a declaration by the exporter on the invoice or other commercial document to the effect that the products in question originate in Guatemala within the meaning of the relevant rules in force in the Community.

#### ARTICLE 2

The certificate of origin shall be made out in English or French. If it is completed by hand, entries must be in ink and in printscript. It may comprise additional copies duly indicated as such.

The document shall measure 210 x 297 mm. The paper used must be white sized writing paper not containing mechanical pulp and weighing not less than 25 g/m². It shall have a printed guilloche-pattern background making any falsification by mechanical or chemical means apparent to the eye.

Each document shall bear a serial number, whether or not printed, by which it can be identified.

## ARTICLE 3

The certificate of origin may be issued after the shipment of the products to which it relates. In such cases it must bear the endorsement "délivré a posteriori" or "issued retrospectively".

### ARTICLE 4

In the event of theft, loss or destruction of a certificate of origin, the exporter may apply to the competent governmental authority which issued the document for a duplicata to be made out on the basis of the export documents in his possession. The duplicata certificate issued in this way must bear the endorsement "duplicata".

The duplicate must bear the date of the original certificate.

# ARTICLE 5

The competent governmental authorities in Guatemala shall satisfy themselves that the goods exported correspond to the particulars given in the certificate of origin.

### ARTICLE 6

Guatemala shall send the Commission of the European Communities the names and addresses of the governmental authorities competent to issue certificates of origin, together with specimens of the stamps used by these authorities.

### ARTICLE 7

The discovery of slight discrepancies between the statements made in the certificate of origin and those made in the documents produced to the customs office for the purpose of carrying out the formalities for importing the product shall not ipso facto cast doubt upon the statements in the certificate.

### ARTICLE 3

1. Subsequent verification of certificates of origin shall be carried out at random, or whenever the competent Community authorities have reasonable doubt as to the authenticity of the certificate or as to the accuracy of the information regarding the true origin of the products in question.

In such cases the competent authorities in the Community shall return the certificate of origin or a copy thereof to the competent governmental authority in Guatemala giving where appropriate the reasons of form or substance for an enquiry. If the invoice or a copy of it has been submitted, such invoice or copy shall be attached by the said authorities to the certificate of origin. The authorities shall also forward any information that has been obtained suggesting that the particulars given on the said certificate are inaccurate.

- 2. The provisions of paragraph 1 shall be applicable to subsequent verifications of the declarations of origin referred to in Article 1(3) of this Protocol.
- 3. The results of the subsequent verifications carried out in accordance with paragraphs 1 and 2 above shall be communicated to the competent authorities in the Community within three months at the latest.

Should such verifications reveal systematic irregularities in the use of declarations of origin the Community may subject imports of the products in question to the provisions of Article 1(1) and (2) of this Protocol.

- 4. For the purpose of subsequent verification of certificates of origin, copies of the certificates as well as any export documents referring to them shall be kept for a least two years by the competent governmental authorities in Guatemala.
- 5. Random recourse to the procedure specified in this Article may not constitue an obstacle to the release for home use of the products in question.

# ARTICLE 9

The provisions of this Protocol shall not apply to goods covered by a certificate of origin Form A completed in accordance with the relevant Community rules in order to qualify for generalized tariff preferences. Annex to Protocol A

### PROTOCOL B

- 1. Pursuant to Article 3 of the Agreement, Guatemala may place quantitative limits on exports of the textile products listed in the Annex, on the conditions specified in the following paragraphs.
- 2. Where the Community finds, under the system of administrative control set up, that the level of imports of products in any category listed in the Annex originating in Guatemala exceeds, in relation to the preceding year's total imports into the Community of products in that category, the following percentages:
  - for categories of products in Group I, 0.2%
    for categories of products in Group II, 1.5%
    for categories of products in Group III, IV or V, 4%

it may request the opening of consultations in accordance with the procedure specified in Article 5 of the Agreement, with a view to reaching agreement on a suitable level of limitation for products in that category.

3. Pending a mutually satisfactory solution, Guatemala undertakes, from the date of notification of the request for consultations, to suspend or limit at the level indicated by the Community exports of the category of products in question to the Community or to the region or regions of the Community market specified by the Community.

The Community shall authorize the importation of products of the said category dispatched from Guatemala before the date on which the request for consultations was submitted. 4. Should the Parties be unable in the course of consultations to reach a satisfactory solution within the period specified in Article 5 of the Agreement, the Community shall have the right to introduce an annual quantitative limit at a level which shall not be lower than that reached by imports of the category in question and shall be indicated in the notification of the request for consultations.

If the trend of total imports of the said product to the Community so requires, the annual level fixed in this way shall be raised under the consultation procedure referred to in Article 5 in order to ensure observance of the conditions specified in paragraph 2.

- 5. Quantitative limits introduced under paragraph 2 or 4 may in no case be lower than the level of imports into the Community of products of the category in question originating in Guatemala for 1976.
- 6. Quantitative limits on a regional basis may be introduced only where imports of a given product into any region of the Community exceed, in relation to the amounts determined in accordance with paragraph 2, the following regional percentages:

Germany	28.5%
Benelux	10.5%
France	18.5%.
Italy	15%
Denmark	3%
Ireland	1%
UK	23.5%

- 7. The annual growth rate for the quantitative limits introduced under paragraph 2, 4 or 6 shall be determined as follows:
  - (a) for categories of products in Group I:
    - the rate shall be fixed at 0.5% per year for category 1 or 2,
    - the rate shall be fixed at 4% per year for categories 3 to 8;
  - (b) for categories in Group II, III, IV or V, the growth rate shall be fixed by agreement between the Parties in accordance with the consultation procedure established in Article 5 of the Agreement. Such growth rate may in no case be lower than the highest rate applied to corresponding categories under bilateral agreements concluded under the Geneva Arrangement between the Community and other third countries having a level of trade equal or comparable to that of Guatemala.
- 8. The provisions of this Protocol shall not apply where the percentages specified in paragraph 2 have been reached as a result of a fall in total imports into the Community; and not as a result of an increase in exports of products originating in Guatemala.
