#### ARRANGEMENT REGARDING INTERNATIONAL TRADE IN TEXTILES

## Article 4 Notification

## Bilateral Agreement between the EEC and Peru

The Textiles Surveillance Body has received from the EEC a notification of a new bilateral agreement which has been concluded under Article 4 of the Arrangement between the EEC and Peru concerning trade in textiles, for the period 1 January 1978 to 31 December 1982.

The TSB, pursuant to its procedure regarding bilateral agreements notified under Article 41/, has examined the relevant documentation and is circulating the text of this agreement to participating countries for their information.2/

<sup>1/</sup>See COM.TEX/SB/35, Annex B.

 $<sup>\</sup>frac{2}{\text{The TSB's observations and recommendations set forth in COM.TEX/SB/380}}$  and 388 will apply to this agreement.

#### AGREEMENT BETWEEN THE EUROPEAN ECONOMIC COMMUNITY AND THE REPUBLIC OF PERU ON TRADE IN TEXTILE PRODUCTS

THE COUNCIL OF THE EUROPEAN COMMUNITIES, of the one part, and THE GOVERNMENT OF THE REPUBLIC OF PERU, of the other part,

DESIRING to promote, with a view to permanent co-operation and in conditions providing every security for trade, the orderly and equitable development of trade in textile products between the European Economic Community (hereinafter referred to as "the Community") and the Republic of Peru (hereinafter referred to as "Peru").

RESOLVED to take the fullest possible account of the serious economic and social problems at present affecting the textile industry in both importing and exporting countries, in particular in order to eliminate the real dangers of disturbance of the Community market and of the textile trade of Peru,

HAVING REGARD to the Arrangement regarding International Trade in Textiles (hereinafter referred to as "the Geneva Arrangement"), and in particular Article 4 thereof; and to the conditions for the renewal of the said Arrangement as set out in the Protocol of 14 December 1977 and in the Conclusions adopted by the Textiles Committee on the same day (L/4616),

HAVE DECIDED to conclude this Agreement and to this end have designated as their Plenipotentiaries:

THE COUNCIL OF THE EUROPEAN COMMUNITIES:

THE GOVERNMENT OF THE REPUBLIC OF PERU:

WHO HAVE AGREED AS FOLLOWS:

#### SECTION 1: TRADE ARRANGEMENTS

#### ARTICLE 1

- This Agreement shall apply to trade in textile products of cotton, wool (with the exception of products of alpaca) and man-made fibres originating in Peru which are listed in Annex I.
- 2. The description and identification of the products covered by this Agreement are based on the nomenclature of the Common Customs Tariff and on the Nomenclature of Goods for the External Trade Statistics of the Community and the Statistics of Trade between Member States (NIMEXE).
- 3. The origin of the products covered by this Agreement shall be determined in accordance with the rules in force in the Community.

The procedures for control of the origin of the products referred to above are laid down in Protocol A.

#### ARTICLE 2

- 1. Peru agrees to establish and maintain for each calendar year quantitative limits on its exports to the Community in accordance with the table in Annex II to this Agreement.
- 2. The Community undertakes, in respect of the products covered by this Agreement, not to introduce quantitative restrictions under Article XIX of the General Agreement on Tariffs and Trade or Article 3 of the Geneva Arrangement.

3. Measures having equivalent effect to quantitative restrictions on the importation into the Community of the products covered by this Agreement shall be prohibited.

# ARTICLE 3

- 1. Exports of cottage industry fabrics woven on handor foot-operated looms and traditional folklore handicraft products shall not be subject to quantitative limits, provided that these products meet the conditions laid down in Protocol B.
- 2. Exports to the Community of textile products covered by this Agreement shall not be subject to the quantitative limits established in Annex II, provided that they are declared to be for re-export outside the Community in the same state or after processing, under the administrative system of control set up for this purpose within the Community.

However, the release for home use of products imported under the conditions referred to above shall be subject to the production of an export licence issued by the Peruvian authorities, and to proof of origin in accordance with the provisions of Protocol A.

3. Where the competent authorities in the Community ascertain that imports of textile products have been set off against a quantitative limit established under this Agreement, but that the products have subsequently been re-exported outside the Community, the competent authorities concerned shall inform the Peruvian authorities within four weeks of the quantities involved and authorize imports of identical quantities of the same products, which shall not be set off against the quantitative limit in question.

1. In any year advance use of a portion of the quantitative limit established for the following year is authorized for each category of products up to 5% of the quantitative limit for the current year.

Amounts delivered in advance shall be deducted from the corresponding quantitative limits established for the following year.

- 2. Carryover to the corresponding quantitative limit for the following year of amounts not used during any year is authorized up to 5% of the quantitative limit for the current year.
- J. Transfers in respect of products in Group I categories shall not be made except as follows:
  - transfers between Categories 1, 2 and 3 may be effected up to 5% of the quantitative limit for the category to which the transfer is made except that in the case of Category 1 products the parties acknowledge that the transfer of 5% has already been incorporated in the quantitative limit for Category 1 set out in Annex II;
  - transfers between Categories 4, 5, 6, 7 and 8 may be made up to 5% of the quantitative limit for the category to which the transfer is made.

Transfers into any category in Groups II, III, IV and V may be made from any category or categories in Groups I, II, III, IV and V up to 5% of the quantitative limit for the category to which the transfer is made.

- 4. The table of equivalence applicable to the transfers referred to above is given in Annex I to this Agreement.
- 5. The increase in any category of products resulting from the cumulative application of the provisions in paragraphs 1, 2 and 3 above during an Agreement year shall not exceed 15%.
- 6. Prior notification shall be given by the authorities of Peru in the event of recourse to the provisions of paragraphs 1, 2 and 3 above.

#### SECTION II: ADMINISTRATION OF THE AGREEMENT

#### ARTICLE 5

- 1. Exports of textile products covered by this Agreement which are subject to quantitative limits shall be subject to a double-checking system, the details of which are specified in Protocol A.
- 2. The competent authorities in the Member States are required to issue import authorizations or documents within a maximum of five working days of the submission of a request by an importer in accordance with Protocol A.

The import authorizations or documents shall be valid for six months.

#### ARTICLE 6

- 1. Exports of textile products not listed in Annex II to this Agreement may be made subject to quantitative limits by Peru on the conditions laid down in the following paragraphs.
- 2. Where the Community finds, under the system of administrative control set up, that the level of imports of products in a given category not listed in Annex II originating in Peru exceeds, in relation to the preceding year's total imports into the Community of products in that category, the following rates:

for categories of products in Group I : 0.2%;
for categories of products in Group II : 1.2.%
for categories of products in Group III, IV or V : 4%

it may request the opening of consultations in accordance with the procedure described in Article 14 of this Agreement, with a view to reaching agreement on an appropriate restraint level for the products in such category.

J. Pending a mutually satisfactory solution, Peru undertakes, from the date of notification of the request for consultations, to suspend or limit at the level indicated by the Community exports of the category of products in question to the Community or to the region or regions of the Community market specified by the Community.

> The Community shall authorize the importation of products of the said category shipped from Peru before the date on which the request for consultations was submitted.

4. Should the Parties be unable in the course of consultations to reach a satisfactory solution within the period specified in Article 14 of the Agreement, the Community shall have the right to introduce a quantitative limit at an annual level not lower than that reached by imports of the category in question and referred to in the notification of the request for consultations.

The annual level so fixed shall be revised upwards after consultations in accordance with the procedure referred to in Article 14, with a view to fulfilling the conditions set out in paragraph 2, should the trend of total imports into the Community of the product in question make this necessary.

- 5. The limits introduced under paragraph 2 or paragraph 4 may in no case be lower than the 1976 level of imports into the Community of products in that category originating in Peru.
- 6. Quantitative limits may also be established by the Community on a regional basis in accordance with the provisions of Protocol C.
- 7. The annual growth rate for the quantitative limits introduced under this Article shall be determined in accordance with the provisions of Protocol D.

- 3. The provisions of this Article shall not apply where the percentages specified in paragraph 2 have been reached as a result of a fall in total imports into the Community, and not as a result of an increase in exports of products originating in Peru.
- 9. In the event of the provisions of paragraph 2 or paragraph 4 being applied, Peru undertakes to issue export licences for products covered by contracts concluded before the introduction of the quantitative limit, up to the volume of the quantitative limit fixed for the current year.
- 10. For the purpose of applying the provisions of paragraph 2, the Community undertakes to provide the Feruvian authorities, before 31 March of each year, with the preceding year's statistics on imports of all textile products covered by this Agreement, broken down by supplying country and Community Member State.
- 11. The provisions of this Agreement which concern exports of products subject to the quantitative limits established in Annex II shall also apply to exports of products for high quantitative limits are introduced under this Article.

- 1. Peru shall supply the Community with precise statistical information on all export licences issued by the Peruvian authorities for the various categories of textile products exported to the Community.
- 2. The Community shall likewise transmit to the Peruvian authorities precise statistical information on import authorizations or documents issued by the competent Community authorities, and import statistics for products covered by the system of administrative control referred to in Article 6(2).
- 3. The information referred to above shall, for all categories of products, be transmitted before the end of the second month following the quarter to which the statistics relate.
- 4. Should it be found on analysis of the information exchanged that there are significant discrepancies between the returns for exports and those for imports, consultations may be initiated in accordance with the producedure specified in Article 14 of this Agreement.

Any decision relating to the classification of goods or amendment to the Common Customs Tariff or NIMEXE made in accordance with the procedures in force in the Community, concerning the categories of products covered by this Agreement, shall not have the effect of reducing any quantitative limits established in Annex II.

#### ARTICLE 9

Peru shall endeavour to ensure that exports of textile products subject to quantitative limits are spaced out as evenly as possible over the year, due account being taken, in particular, of seasonal factors.

However, should recourse be had to the provisions of Article 19(3), the quantitative limits established in Annex II shall be reduced on a pro rata basis.

#### ARTICLE 10

Should there be an excessive concentration of imports on any product belonging to a category subject to quantitative limits under this Agreement, the Community may request consultations in accordance with the procedure specified in Article 14 with a view to remedying this situation.

- 1. Fortions of the quantitative limits established in Annex II not used in a Member State of the Community may be allocated to another Member State in accordance with the procedures in force in the Community. The Community undertakes to reply within four weeks to any request made by Peru for such reallocation. It is understood that any reallocation so effected shall not be subject to the limits fixed under the flexibility provisions set out in Article 4 of this Agreement.
- 2. Should it appear in any given region of the Community that additional supplies are required, the Community may, where measures taken pursuant to paragraph 1 above are inadequate to cover those requirements, authorize the importation of amounts greater than those stipulated in Annex II.

. .

After application of this Agreement for a period of two years, the quantitative limits for categories of products in Group I shall be revised by common accord, upwards or downwards, in the light of consumption in the Community.

#### ARTICLE 13

- 1. The parties undertake to refrain from discrimination in the allocation of export licences and import authorizations or documents respectively.
  - 2. In implementing this Agreement, the Contracting Parties shall take care to maintain the traditional commercial practices and trade flows between the Community and Peru.
  - 3. Should either party find that the application of this Agreement is disturbing existing commercial relations between importers in the Community and suppliers in Peru, consultations shall be started promptly, in accordance with the procedure specified in Article 14 of this Agreement, with a view to remedying this situation.

## ARTICLE 14

The special consultation procedures referred to in this Agreement shall be governed by the following rules:

- any request for consultations shall be notified in writing to the other party;
- any request for consultations shall, where appropriate, be followed within a reasonable period (and in any case not later than fifteen days following the notification) by a report setting out the conditions which, in the opinion of the requesting Party, justify the submission of such a request;
- the parties shall enter into consultations within one month at the latest of notification of the request, with a view to reaching agreement or a mutually acceptable conclusion within one month at the latest.

## ARTICLE 15

1. The parties recognize and confirm that, without prejudice to their rights and obligations under the General Agreement on Tariffs and Trade, the administration of their mutual trade in textile products defined in Article 1 shall be governed by the provisions of this Agreement and of the Geneva Arrangement. 2. At the request of either of the parties and in conformity with the provisions of the Geneva Arrangement, consultations shall be held if necessary on any problems arising from the application of this Agreement. Any consultations held under this Article shall be approached by both parties in a spirit of compromise and with a desire to reconcile the differences between them.

# Section III: Transitional and Final Provisions

## ARTICLE 16

- 1. The provisions of this Agreement shall not apply to imports of products subject to quantitative limits in 1977, provided such products are shipped before 1 January 1978.
- 2. Products originating in Peru which become subject to quantitative limits from 1 January 1978 only, in pursuance of this Agreement, may be imported into the Community without the production of an export licence until 31 March 1978, provided such products are shipped before 1 January 1978.

By way of derogation from Articles 2 and 8 of Protocol A, the Community undertakes to issue import authorizations or documents without the production of an export licence or certificate of origin in the form prescribed in the said Article 8 for products originating in Peru, subject to quantitative limits under this Agreement, provided such products are shipped in the period from 1 January 1978 to 30 June 1978 and do not exceed 40% of the quantitative limits applicable to the products. This period may be extended by agreement reached between the Parties in accordance with the consultation procedure laid down in Article 14 of this Agreement.

The Community shall supply the Peruvian authorities without delay with precise statistical information on import authorizations or documents issued under this Article; the said authorities shall set the corresponding amounts off against the quantitative limits established in Annex II for the products in question for 1978.

This Agreement shall apply, on the one hand, to the territories in which the Treaty establishing the European Economic Community is applied and under the conditions laid down in that Treaty and, on the other hand, to the territory of Peru.

#### ARTICLE 19

- 1. This Agreement shall enter into force on the first day of the month following the date on which the Contracting Parties notify each other of the completion of the procedures necessary for this purpose. It shall be applicable until 31 December 1982.
- This Agreement shall apply with effect from 1 January 1978.
- 3. Either party may at any time propose modifications to this Agreement or denounce it provided that at least ninety days' notice is given. In the latter event the Agreement shall come to an end on the expiry of the period of notice.
- 4. The Annexes and Protocols to this Agreement and the Exchange of Letters shall form an integral part thereof.

## ARTICLE 20

This Agreement shall be drawn up in two copies in the Danish, Dutch, English, French, German, Italian and Spanish languages, each of these texts being equally authentic.

# PROTOCOL A

# Control System

# Title I: Quantitative limits

Section I: Exportation

# ARTICLE 1

The competent governmental authorities of Peru shall issue an export licence in respect of all consignments of textile products referred to in Annex II, up to the relevant quantitative limits.

#### ARTICLE 2

The export licence shall conform to the standard model annexed to this Protocol. It must certify, inter alia, that the quantity of the product in question has been set off against the quantitative limit prescribed for the category of that product. It must also indicate in the box "supplementary details" whether such products are products re-entering the Community after outward processing.

# ARTICLE 3

The competent Community authorities must be notified forthwith of the withdrawal or alteration of any export licence already issued.

#### ARTICLE 4

Exports shall be set off against the quantitative limits established for the year in which shipment of the goods has been effected, even if the export licence is issued after such shipment.

# Section II: Importation

# ARTICLE 5

Importation into the Community of textile products subject to quantitative limits shall be subject to the presentation of an import authorization or document.

.

# ARTICLE 6

The competent authorities in the Community shall issue the import authorizations or documents within five working days of the presentation of a request supported by the corresponding export licence.

# ARTICLE 7

If the competent authorities in the Community find that the quantitative limit for the category of products specified in an export licence has already been reached or that the unused portion of that limit is insufficient to cover the amounts specified in the licence, the said authorities shall suspend the issue of the import authorization or documents for the excess amount. In this event the competent authorities in the Community shall immediately inform the authorities of Peru; the consultation procedure shall be initiated without delay in accordance with Article 14 of the Agreement.

# Title II: Origin

# ARTICLE 8

- 1. Products originating in Peru may be imported into the Community in accordance with the arrangements established by this Agreement on production of a certificate of origin conforming to the specimen annexed to this Protocol.
- 2. The certificate of origin shall be issued by the competent governmental authorities of Peru if the products in question can be considered products originating in that country within the meaning of the relevant rules in force in the Community.

For the purpose of verifying whether the above condition has been met, the competent governmental authorities shall have the right to call for any documentary evidence or to carry out any check which they consider appropriate.

3. However, the products in Groups III, IV and V may be imported into the Community in accordance with the arrangements established by this Agreement on production of a declaration by the exporter on the invoice or other commercial document to the effect that the products in question originate in Peru within the meaning of the relevant rules in force in the Community.

#### ARTICLE 9

The discovery of slight discrepancies between the statements made in the certificate of origin and those made in the documents produced to the customs office for the purpose of carrying out the formalities for importing the product shall not ipso facto cast doubt upon the statements in the certificate.

#### ARTICLE 10

1. Subsequent verification of certificates of origin shall be carried out at random, or whenever the competent Community authorities have reasonable doubt as to the authenticity of the certificate or as to the accuracy of the information regarding the true origin of the products in question.

In such cases the competent authorities in the Community shall return the certificate of origin or a copy thereof to the competent governmental authority in Peru giving, where appropriate, the reasons of form or substance for an enquiry. If the invoice has been submitted, such invoice or a copy thereof shall be attached to the certificate. The authorities shall also forward any information that has been obtained suggesting that the particulars given on the said certificate are inaccurate.

2. The provisions of paragraph 1 above shall be applicable to subsequent verifications of the declarations of origin referred to in Article 8(3) of this Protocol.

3. The results of the subsequent verifications carried out in accordance with paragraphs 1 and 2 above shall be communicated to the competent authorities of the Community within three months at the latest.

Should such verifications reveal systematic irregularities in the use of declarations of origin, the Community may subject imports of the products in question to the provisions of Article 8(1) and (2) of this Protocol.

- 4. For the purpose of subsequent verification of certificates of origin, copies of the certificated as well as any export documents referring to them shall be kept for at least two years by the competent governmental authority in Peru.
- 5. Recourse to the random verification procedure specified in this Article must not constitute an obstacle to the release for home use of the products in question.

# ARTICLE 11

The provisions of this Title shall not apply to goods covered by a certificate of origin Form A completed in accordance with the relevant Community rules in order to qualify for generalized tariff preferences.

# Title III: Form and production of export licences and certificates of origin, and common provisions

# ARTICLE 12

The specimen document annexed to this Protocol consists of two detachable parts. The first part constitutes the export licence, and the second, the certificate of origin.

This document may also comprise additional copies duly indicated as such. It shall be made out in English or French and Spanish. If it is completed by hand, entries must be in ink and in printscript.

The document shall measure 210 x 297 mm. The paper used must be white sized writing paper not containing mechanical pulp and weighing not less than 25  $g/m^2$ . Each part shall have a printed guilloche-pattern background making any falsification by mechanical or chemical means apparent to the eye.

Each document shall bear a serial number, whether or not printed, by which it can be identified.

# ARTICLE 13

The export licence and the certificate of origin may be issued after the shipment of the products to which they relate. In such cases they shall bear either the endorsement "délivré a posteriori" or the endorsement "issued retrospectively".

#### ARTICLE 14

In the event of theft, loss or destruction of an export licence or a certificate of origin, the exporter may apply to the competent governmental authority which issued the document for a duplicate to be made out on the basis of the export documents in his possession. The duplicate licence or certificate so issued shall bear the endorsement "duplicata".

The duplicate must bear the date of the original licence or certificate.

#### ARTICLE 15

The competent governmental authorities in Peru shall satisfy themselves that the goods exported correspond to the statements given in the export licence and certificate of origin.

# ARTICLE 15

Peru shall send the Commission of the European Communities the names and addresses of the governmental authorities competent to issue export licences and certificates of origin, together with specimens of the stamps used by these authorities.

#### PROTOCOL B

The exemption provided for in the first paragraph of Article 3 of the Agreement in respect of cottage industry products shall apply only to the following products:

- (a) textile fabrics woven on looms operated solely by hand or foot, being fabrics of a kind traditionally made in the cottage industry of Peru;
- (b) garments or other textile articles of a kind traditionally made in the cottage industry of Peru obtained manually from the fabrics described above and sewn solely by hand without the aid of any machine;
- (c) traditional folklore handicraft textile products made by hand in the cottage industry of Peru as defined in a list of such products agreed between the two parties.

Exemption shall apply only in respect of products covered by a certificate issued by the competent authorities of Peru conforming to the specimen annexed to this Protocol. Such certificates shall indicate the grounds on which exemption is based and shall be accepted by the competent Community authorities provided that they are satisfied that the products concerned conform to the conditions set out in this Protocol. Should imports of any of the above products reach such proportions as to cause difficulties to the Community, the two Parties shall open consultations forthwith in accordance with the procedure laid down in Article 1<sup>4</sup> of the Agreement with a view to finding a quantitative solution to the problem.

# PROTOCOL C

In accordance with Article 6(6) of the Agreement, a quantitative limit may be fixed on a regional basis where imports of a given product into any region of the Community exceed in relation to the amounts determined in accordance with the said Article 6(6), the following regional percentages:

Germany	28.5%	
Benelux	10.5%	
France	18.5%	
Italy	15 %	
Denmark	3 %	
Ireland	1 %	
United Kingdom	23.5%	

#### PROTOCOL D

The annual growth rate for the quantitative limits introduced under Article 6 of the Agreement shall be determined as follows:

- (a) for products in Group I:
  - the rate shall be fixed at 0.5% per year for a product in category 1 or 2,
  - the rate shall be fixed at 4% per year for a product in categories 3 to 8;
- (b) for products in categories falling within Group II, III, IV or V, the growth rate shall be fixed by agreement between the Parties in accordance with the consultation procedure established in Article 14 of the Agreement. Such growth rate may in no case be lower than the highest rate applied to corresponding products under bilateral agreements concluded under the Geneva Arrangement between the Community and other third countries having a level of trade equal to or comparable with that of Peru.

# DECLARATION

The Community declares that, in accordance with the Community rules on origin referred to in Article 1(3) of the Agreement, any amendments to the said rules will remain based upon criteria not requiring, in order to confer originating status, more extensive operations than those which constitute a single complete process.

Done at Brussels,

-

For the Community,

EXCHANGE OF LETTERS ON THE APPLICATION OF ARTICLE 2 OF THE AGREEMENT BETWEEN THE EUROPEAN ECONOMIC COMMUNITY AND THE REPUBLIC OF PERU ON TRADE IN TEXTILE PRODUCTS

His Excellency Mr E. BARRETO BERMEO Ambassador of Peru

Sir,

Following the negotiations between the Government of Peru and the European Economic Community which resulted today in the signature of an Agreement on trade in textile products, I have the honour to confirm to you that we are agreed as follows:

Taking into account the special characteristics of Peruvian Tanguis and Pima cotton, and exclusively for these cottons, the Community undertakes to allow imports of cotton yarn and fabric in excess of the amounts indicated in the Agreement signed today between the Community and Peru, up to:

- 3,500 tonnes for cotton yarn (Tanguis and Pima);
- for cotton fabrics (Tanguis and Pima), the limit will be equal to the level of Peru's exports for 1977, and will in no case exceed 3,100 tonnes.

The volumes indicated above constitute the Community quotas for 1978; an annual growth rate of 0.5% will be applied to those quotas for succeeding years. You will be informed in due course of the distribution of the quotas between Member States. The Community authorities will not authorize imports of Tanguis and Pima cotton yarn and fabrics originating in Peru in excess of the quantitative limits indicated above.

The management of the quotas set out above shall be subject to all the provisions of the bilateral Agreement signed today between the Community and Peru. It is understood that the export licences will include the words "Tanguis and/or Pima quality" in box No 9 "Supplementary details".

Peru may not export Tanguis or Pima quality cotton yarn or fabric under the quantitative limits established in Annex II to the Agreement for product categories 1 and 2 of Group I.

Please accept, Sir, the assurance of my highest consideration.

Brussels, 30 November 1977

(s.) TRAN VAN-THINH

Commission Special Representative for Textile Negotiations

Mr TRAN VAN-THINH

Commission Special Representative for Textile Negotiations

Sir,

.

I have the honour to refer to your letter of today's date, which reads as follows:

"Following the negotiations between the Government of Peru and the European Economic Community which resulted today in the signature of an Agreement on trade in textile products, I have the honour to confirm to you that we are agreed as follows:

Taking into account the special characteristics of Peruvian Tanguis and Pima cotton, and exclusively for these cottons, the Community under-takes to allow imports of cotton yarn and fabric in excess of the amounts indicated in the Agreement signed today between the Community and Peru, up to:

- 3,500 tonnes for cotton yarn (Tanguis and Pima);

- for cotton fabrics (Tanguis and Pima), the limit will be equal to the level of Peru's exports for 1977, and will in no case exceed 3,100 tonnes. The volumes indicated above constitute the Community quotas for 1978; an annual growth rate of 0.5% will be applied to those quotas for succeeding years. You will be informed in due course of the distribution of the quotas between Member States. The Community authorities will not authorize imports of Tanguis and Pima cotton yarn and fabrics originating in Peru in excess of the quantitative limits indicated above.

The management of the quotas set out above shall be subject to all the provisions of the bilateral Agreement signed today between the Community and Peru. It is understood that the export licences will include the words "Tanguis and/or Pima quality" in box No 9 "Supplementary details".

Peru may not export Tanguis or Pima quality cotton yarn or fabric under the quantitative limits established in Annex II to the Agreement for product categories 1 and 2 of Group I.".

I have the honour to confirm that the above is a correct statement of what we agreed today.

Please accept, Sir, the assurance of my highest consideration.

Brussels, 30 November 1977

(s.) E. BARRETO BERMEO

Ambassador of Peru
