SECTION I : TRADE ARRANGEMENTS

ARTICLE 1

1. The parties recognise and confirm that, subject to the provisions of this Agreement and without prejudice to their rights and obligations under the General Agreement on Tariffs and Trade, the conduct of their mutual trade in textile products shall be governed by the provisions of the Geneva Arrangement.
2. In respect of the products covered by this Agreement, the Community undertakes not to introduce quantitative restrictions under Article XXIV of the General Agreement on Tariffs and Trade or Article 3 of the Geneva Arrangement.
3. Measures having equivalent effect to quantitative restrictions on the importation into the Community of the products covered by this Agreement shall be prohibited.

ARTICLE 2

1. This Agreement shall apply to trade in textile products of cotton, wool and man-made fibres originating in Thailand which are listed in Annex 1.

2. The classification of the products covered by this Agreement is based on the nomenclature of the Common Customs Tariff and on the Nomenclature of Goods for the External Trade Statistics of the Community and the Statistics of Goods between Member States (NINEVE).

3. The origin of the products covered by this Agreement shall be determined in accordance with the rules in force in the Community.

The procedures for control of the origin of the products referred to above are laid down in Protocol A.

ARTICLE 3

Denmark agrees for each Agreement year to restrain its exports to the Community of the products described in Annex II to the limits set out therein.

Exports of textile products set out in Annex II shall be subject to a double-checking system specified in Protocol A.

ARTICLE 4

Thailand and the Community recognize the special and differential character of re-exports of textile products into the Community after processing in Thailand.

Such re-exports may be agreed outside the quantitative limits established under this Agreement provided that they are effected in accordance with the regulations on economic outward processing in force in the Community.

ARTICLE 5

Exports of cottage industry fabrics woven on hand- or foot-operated looms, garments or other articles obtained manually from such fabrics and traditional folklore handicraft products shall not be subject to quantitative limits, provided that these products meet the conditions laid down in Protocol D.

ARTICLE 6

1. Imports into the Community of textile products covered by this Agreement shall not be subject to the quantitative limits established in Annex II, provided that they are declared to be for re-export outside the Community in the same state or after processing, under the administrative system of control set up for this purpose within the Community.

However, the release for home use of products imported under the conditions referred to above shall be subject to the production of an export license issued by the Thai authorities, and to proof of origin in accordance with the provisions of Protocol A.

2. Where the Community authorities have evidence that imports of textile products have been set off against a quantitative limit established under this Agreement, but that the products have subsequently been re-exported outside the Community, the authorities concerned shall inform the Thai authorities within four weeks of the quantities involved and authorize imports of identical quantities of the same products, which shall not be set off against the quantitative limit established under this Agreement for the current or the following year.

ARTICLE 7

1. In any Agreement year advance use of a portion of the quantitative limit established for the following Agreement year is authorized for each category of products up to 5% of the quantitative limit for the current Agreement year.

Amounts delivered in advance shall be deducted from the corresponding quantitative limits established for the following Agreement year.

2. Carryover to the corresponding quantitative limit for the following Agreement year of amounts not used during any Agreement year is authorized for each category of products up to 5% of the quantitative limit for the current Agreement year.

transfers between Categories 4, 5, 6, 7 and 8 may be made up to 5% of the quantitative limit for the category to which the transfer is made.

Transfers into any category in Groups II and III may be made from any category or categories in Groups I, II and III up to 5% of the quantitative limit for the category to which the transfer is made.

4. The table of equivalence applicable to the transfers referred to above is given in Annex I to this Agreement.

5. The increase in any category of products resulting from the cumulative application of the provisions in paragraphs 1, 2 and 3 above during an Agreement year shall not exceed 15%.

6. Prior notification shall be given by the authorities of Thailand in the event of recourse to the provisions of paragraphs 1, 2 and 3 above.

ARTICLE 8

2. Imports of textile products not listed in Annex II to this Agreement may be made subject to quantitative limits by Thailand on the conditions laid down in the following paragraphs.

2a. Where the Community finds, under the system of administrative control set up, that the level of imports of products in a given category not listed in Annex II originating in Thailand, exceeds, in relation to the preceding year's total imports into the Community from all sources of products in that category, the following rates :

- for categories of products in Group I	0,5 %
- for categories of products in Group II	2,5 %
- for categories of products in Group III	5 %

It may request the opening of consultations in accordance with the procedure described in Article 17 of this Agreement, with a view to reaching agreement on an appropriate restraint level for the products in such category.

The Community shall authorize the importation of products of the said category shipped from Thailand before the date on which the request for consultations was submitted.

3. Pending a mutually satisfactory solution, Thailand undertakes to limit exports of the products in the category concerned to the Community or to the region or regions of the Community market specified by the Community for a provisional period of 3 months from the date on which the request for consultations is made. Such provisional limit shall be established at 25% of the level of imports reached during the calendar year preceding that in which imports exceeded the level resulting from the application of the formula set out in paragraph 2, and gave rise to the request for consultation or 25% of the level resulting from the application of the formula set out in paragraph 2, whichever is the higher.

4. Should the Parties be unable in the course of consultations to reach a satisfactory solution within the period specified in Article 17 of the Agreement, the Community shall have the right to introduce a definitive quantitative limit at an annual level not lower than the level resulting from the application of the formula set out in paragraph 2, or 105% of the level of imports reached during the calendar year preceding that in which imports exceeded the level resulting from the application of the formula set out in paragraph 2 and gave rise to the request for consultations, whichever is the higher.

The annual level so fixed shall be revised upwards after consultations in accordance with the procedure referred to in Article 17, with a view to fulfilling the conditions set out in paragraph 2, should the trend of total imports into the Community of the product in question make this necessary.

5. The limits introduced under paragraph 2 or paragraph 4 may in no case be lower than the level of imports of products in that category originating in Thailand in 1980.
6. Quantitative limits may also be established by the Community on a regional basis in accordance with the provisions of Protocol C.
7. The annual growth rate for the quantitative limits introduced under this Article shall be determined in accordance with the provisions of Protocol D.
8. The provisions of this Article shall not apply where the percentages specified in paragraph 2 have been reached as a result of fall in total imports into the Community, and not as a result of an increase in exports of products originating in Thailand.
9. In the event of the provisions of paragraph 2, 3 or 4 being applied, Thailand undertakes to issue export licences for products covered by contracts concluded before the introduction of the quantitative limit, up to the volume of the quantitative limit fixed.
10. Up to the date of communication of the statistics referred to in Article 10 paragraph 6, the provisions of paragraph 2 of this Article shall apply on the basis of the annual statistics previously communicated by the Community.
11. The provisions of this Agreement which concern exports of products subject to the quantitative limits established in Annex II shall also apply to products for which quantitative limits are introduced under this Article.

ARTICLE 9

2. Where the Community ascertains that the level of imports in a given category of Group I subject to quantitative limits set out in Annex II exceeds in Agreement year the level of imports in the preceding year by 10% of the level of the quantitative limit set out in Annex II for the current Agreement year, it may request with a view to avoiding palpable damage to domestic industry the opening of consultations in accordance with the provisions described in Article 17 of this Agreement with a view to reaching agreement on:

- the suspension, wholly or in part, of the provisions of Article 7,
- or
- a modification of the quantitative limit set out in Annex II by the establishment of an ad hoc limit below the existing quantitative limit,
- as well as the corresponding equitable and quantifiable compensation which constitutes a mutually acceptable solution.

3. The Community shall authorize the importation of products of the said category shipped from Thailand before the date on which the request for consultations was submitted.

pending a mutually satisfactory solution, Thailand undertakes for a period of 1 month from the date of notification of the request for consultations, to restrict exports of the products in the category concerned to the Community or to the region or regions of the Community market specified by the Community to one twelfth of the level of exports reached during the preceding calendar year.

4. A quantitative limit modified as a result of the application of paragraph 1 in any year preceding the final Agreement year shall be subject to a gradual rate so as to ensure that the level of the quantitative limit set out in Annex II for the final Agreement year is reached in that year.

5. Should the Parties be unable in the course of consultations to reach a satisfactory solution within the period specified in Article 17 of the Agreement, Thailand undertakes, if so requested by the Community:

- to suspend wholly or in part, the provisions of Article 7 in respect of the Community or any of its regions for the category concerned.

• to modify the quantitative limit set out in Annex II for the category concerned so as to restrain exports to the Community or any of its regions to 125% of imports attained during the preceding calendar year, or to the level of exports up to the date of the request for consultations plus the level of exports provided for during the consultation period under paragraph 2, whichever is the higher.

In the event that the provisions of this paragraph are applied the Community undertakes to maintain an offer of equitable and quantitative compensation.

The application of the measures provided for in this paragraph is linked to the year in which the measures are taken.

5. The provisions of paragraph 1 shall not apply to a given category unless the quantitative limits established in Annex II for the Community for that category represent at least 2,5% of total Community imports during 1980.

6. The provisions of paragraph 1 shall not apply to a given category unless the level of imports originating in Thailand during the current 12-month period represents at least 50% of the quantitative limit set out in Annex II for that category in the Community as a whole or in any region or region of the Community concerned.

7. Any limit modified in accordance with the provisions of paragraph 1 or A may in no case be lower than the level of imports of products in that category originating in Thailand in 1980.

8. The provisions of the article also apply where the level referred to in paragraph 1 is exceeded in any of the Community's regions. In such a case the compensation referred to in paragraphs 2 and 4 will concern the region or regions of the Community indicated in the Community's request for consultations.

9. With a view to limiting recourse to paragraph 1 of this Article, Thailand undertakes to inform the Community of any sharp and substantial increases in the issue of export licences for any category which is likely to lead to the fulfilment of the conditions required for the application of the present article.

ARTICLE 10

1. Thailand undertakes to supply the Community with precise statistical information on all export licences issued by the Thai authorities for all categories of textile products subject to the quantitative limits established under this Agreement as well as on all certificates issued by Thai authorities for all products referred to in Article 5 and subject to the provisions of Protocol B.

The Community shall likewise transmit to the Thai authorities precise statistical information on import authorizations or documents issued by the Community authorities in respect of export licences and certificates issued by Thailand.

2. The information referred to in paragraph 1 shall, for all categories of products, be transmitted before the end of the second month following the quarter to which the statistics relate.

3. Thailand also undertakes to supply the Community with available statistical information on all textile exports by country of destination.

The Community shall transmit to the Thai authorities import statistics for all products covered by the system of administrative control referred to in Article 8, Paragraph 2 and for products covered by Article 6 Paragraph 1.

4. The information referred to in paragraph 3 shall, for all categories of products, be transmitted before the end of the third month following the quarter to which the statistics relate.

5. For the purpose of applying the provisions of Article 8, and Article 9, the Community undertakes to provide the Thai authorities before 15 April of each year with the preceding year's statistics on imports of all textile products covered by this Agreement, broken down by supplying country and Community Member State.

6. Should it be found on analysis of the information exchanged that there are significant discrepancies between the returns for exports and those for imports, consultations may be initiated in accordance with the procedure specified in Article 17 of this Agreement.

ARTICLE 11

3. In case of divergent opinions between Thailand and the competent Community authorities at the point of entry into the Community as to the category in which a product covered by the present Agreement should be classified, classification shall provisionally be based on indications provided by the Community, pending consultations in accordance with Article 17 with a view to reaching agreement on definitive classification of the product concerned.
2. The authorities of Thailand shall be informed of any amendment to the Common Customs Tariff or Nomenclature or any decision, made in accordance with the procedures in force in the Community, relating to the classification of products covered by this Agreement.

Any amendment to the Common Customs Tariff or Nomenclature or any decision which results in a modification of the classification of products covered by this Agreement shall not have the effect of reducing any quantitative limit established in Annex II.

The procedures for the application of this Paragraph are set out in Protocol A.

ARTICLE 12

1. Thailand and the Community agree to cooperate fully in preventing the circumvention of the present Agreement by transshipment, rerouting or whatever other means.
2. Where information available to the Community as a result of the investigations carried out in accordance with the procedures set out in Protocol A constitutes evidence that products of Thai origin subject to quantitative limits established under this Agreement have been transhipped, rerouted or otherwise imported into the Community in circumvention of this Agreement, the Community may request the opening of consultations in accordance with the procedures described in Article 17 of this Agreement, with a view to reaching agreement on an equivalent adjustment of the corresponding quantitative limits established under the Agreement.
3. Pending the result of the consultations referred to in paragraph 2, Thailand shall as a precautionary measure, if so requested by the Community take the necessary arrangements to ensure that adjustments of quantitative limits liable to be agreed following the consultations referred to in paragraph 2, may be carried out for the quota year in which the request for open consultations in accordance with paragraph 2 was made, or for the following year if the quota for the current year is exhausted, where clear evidence of circumvention is provided.
4. Should the parties be unable in the course of consultations to reach a satisfactory solution within the period specified in Article 17 of the Agreement, the Community shall have the right, where clear evidence of circumvention has been provided, to deduct from the quantitative limits established under this Agreement amounts equivalent to the products of Thai origin.

ARTICLE 13

1. Thailand... shall endeavour to ensure that exports of textile products subject to quantitative limits are spaced out as evenly as possible over an agreement year, due account being taken, in particular, of seasonal factors.

2. Should there be an excessive concentration of imports in any product within a category subject to quantitative limits under this Agreement, the Community may request consultations in accordance with the procedure specified in Article 17 of this Agreement with a view to remedying this situation.

ARTICLE 14

Should recourse be had to the denunciation provisions of Article 19 paragraph 4, the quantitative limits established in Annex II shall be adapted on a pro rata basis.

ARTICLE 15

1. For the purpose of the administration of this Agreement, the limits referred to in Article 3 are broken down by the Community into shares for each of its Member States.

2. Portions of the quantitative limits established in Annex II may be reallocated in one Member State of the Community to another Member State in accordance with the procedures in force in the Community.

The Community undertakes to examine with care and reply within four weeks to any request made for reallocation by Thailand. In the event of agreement on such reallocation, the flexibility provisions set out in Article 7 shall continue to be applicable to the levels of the original allocation.

If, in the course of the application of the Agreement finds that the break-down of a limit established in Annex II causes particular difficulties, it may request the opening of consultations in accordance with the provisions of Article 17 with a view to reaching a mutually satisfactory solution.

3. Should it appear in any given region of the Community that additional supplies are required, the Community may, where measures taken pursuant to paragraph 1 above are inadequate to cover these requirements, authorize the importation of amounts greater than those stipulated in Annex II.

ARTICLE 26

1. Thailand and the Community undertake to refrain from discrimination in the allocation of export licences and import authorizations of documents referred to in Protocols A and B.
2. In implementing this Agreement, the Contracting Parties shall take care to maintain the traditional commercial practices and trade flows between the Community and
3. Should either Party find that the application of this Agreement is disturbing existing commercial relations between importers in the Community and suppliers in Thailand, consultations shall be started promptly, in accordance with the procedure specified in Article 17 of this Agreement, with a view to remedying this situation.

ARTICLE 17

2. The special consultation procedures referred to in this Agreement other than those referred to in paragraph 2 of this Article, shall be governed by the following rules :

- any request for consultations shall be notified in writing to the other Party;
- the request for consultations shall be followed within a reasonable period (and in any case not later than fifteen days following the notification) by a statement setting out the reasons and circumstances which, in the opinion of the requesting Party, justify the submission of such a request;
- the Parties shall enter into consultations within one month at the latest of notification of the request, with a view to reaching agreement or a mutually acceptable conclusion within one further month at the latest.

2. The special consultation procedures referred to in Article 9 of the Agreement shall be governed by the following rules :

- any request for consultations shall be notified in writing to the other Party, together with a statement setting out the reasons and circumstances which, in the opinion of the requesting Party, justify the submission of such a request;
- the Parties shall enter into consultations within 15 days at the latest of notification of the request, with a view to reaching agreement or a mutually acceptable conclusion within a further 15 days at the latest.

3. If necessary, at the request of either of the Parties and in conformity with the provisions of the Geneva Arrangement, consultations shall be held on any problems arising from the application of this Agreement. Any consultations held under this Article shall be approached by both Parties in a spirit of cooperation and with a desire to reconcile the differences between them.

ARTICLE 10

This Agreement shall apply to the territories within which the Treaty establishing the European Economic Community is applied and under the conditions laid down in that Treaty on the one hand, and to the territory of Thailand on the other hand.

PROTOCOL A

TITLE I

CLASSIFICATION

Article 1

1. The competent authorities of the Community undertake to inform of any changes in the Common Customs Tariff or NIXEXE before the date of their entry into effect in the Community.
2. The competent authorities of the Community undertake to inform of any decisions relating to the classification of products subject to the present Agreement within one month of their adoption at the latest. Such communication shall include
 - a) a description of the products concerned
 - b) the relevant category, tariff position or sub-position and the Nixexe code
 - c) the reasons which have led to the decision.
3. Where a decision on classification results in a change of classification practice or a change of category of any product subject to the present Agreement, the competent authorities of the Community shall provide 30 days' notice, from the date of the Community's communication, before the decision enters into effect. Products shipped before the date of entry into effect of the decision shall remain subject to the earlier classification practice, provided that the goods in question are presented for importation into the Community within 60 days of that date.

SECTION II
ORIGIN

Article 2

1. Products originating in Thailand for export to the Community in accordance with the arrangements established by this Agreement shall be accompanied by a certificate of Thai origin conforming to the model annexed to this Protocol.
2. The certificate of origin shall be issued by the competent governmental authorities of Thailand if the products in question can be considered products originating in that country within the meaning of the relevant rules in force in the Community.
3. The certificate of origin referred to in paragraph 1 shall not be required for import of goods covered by a certificate of origin Form A or Form AFR completed in accordance with the relevant Community rules in order to qualify for generalized tariff preferences.

Article 3

The certificate of origin shall be issued only on application having been made in writing by the exporter or, under the exporter's responsibility, by his authorized representative. The competent governmental authorities of Thailand shall ensure that the certificate of origin is properly completed and for this purpose they shall call for any necessary documentary evidence or carry out any checks which they consider appropriate.

Article 4

Where different criteria for determining origin are laid down for products falling within the same Category, certificates or declarations of origin shall contain a sufficiently detailed description of the goods to enable the criterion to be determined on the basis of which the certificate was issued or the declaration drawn up.

Article 5

The discovery of slight discrepancies between the statements made in the certificates of origin and those made in the documents produced to the customs office for the purpose of carrying out the formalities for importing the product shall not ipso facto cast doubt upon the statements in the certificate.

TITLE III

**DOUBLE CHECKING SYSTEM
FOR CATEGORIES OF PRODUCTS
WITH QUANTITATIVE LIMITS**

Section I

Exportation

Article 6

The competent authorities of Thailand shall issue an export licence in respect of all consignments from Thailand of textile products referred to in Annex II, up to the relevant quantitative limits as may be modified by Articles 7, 14 and 15 of the Agreement and of textile products subject to any definitive or provisional quantitative limits established as a result of the application of Articles 8 and 9 of the Agreement.

Article 7

1. The export licence shall conform to the model annexed to this Protocol. It must certify inter alia that the quantity of the product in question has been set off against the quantitative limit prescribed for the category of the product in question.
2. Each export licence shall only cover one of the categories of products listed in Annex II of this Agreement. It may be used for one or more consignments of the products in question.

Article 8

The competent Community authorities must be notified forthwith of the withdrawal or alteration of any export licence already issued.

Article 9

1. Exports shall be set off against the quantitative limits established for the year in which shipment of the goods has been effected, even if the export certificate is issued after such shipment.

2. For the purposes of applying paragraph 1, shipment of the goods is considered to have taken place on the date of their loading on to the exporting aircraft, vehicle or vessel.

Article 10

The presentation of an export licence, in application of Article 22 below, shall be effected not later than 31 March of the year following that in which the goods covered by the licence have been shipped.

Section II

Importation

Article 11

Importation into the Community of textile products subject to quantitative limits shall be subject to the presentation of an import authorization or document.

Article 12

1. The competent Community authorities shall issue such import authorization or document automatically within five working days of the presentation by the importer of the original of the corresponding export licence.

The import authorization or document shall be valid for six months.

2. The competent Community authorities shall cancel the already issued import authorization or document if the corresponding export licence has been withdrawn.

However, if the competent Community authorities have not been notified about the withdrawal or cancellation of the export licence until after the products have been imported into the Community, the quantities involved shall be set off against the quantitative limits for the category and the quota year in question.

Article 13

1. If the competent Community authorities find that the total quantities covered by export licences issued by Thailand for a particular category in any Agreement year exceed the quantitative limit established in Annex II for that category, as may be modified by Article 7, 14 and 15 of the Agreement, or any definitive or provisional limit established under Article 8 or 9 of the Agreement, the said authorities may suspend the further issue of import authorizations or documents. In this event, the competent Community authorities shall immediately inform the authorities of Thailand and the special consultation procedure set out in Article 17 of the Agreement shall be initiated forthwith.
2. Exports of Thai origin not covered by export licences issued in accordance with the provisions of this Protocol may be refused the issue of import authorizations or documents by the competent Community authorities.

However, if the import of such products is allowed into the Community by the competent Community authorities, the quantities involved shall not be set off against the appropriate quantitative limits set out in Annex II or established as a result of the application of Articles 8 or 9 of the Agreement, without the express agreement of Thailand, save as provided for in Article 12 of the Agreement.

2. The duplicate must bear the date of the original export certificate of origin.

TITLE

ADMINISTRATIVE COOPERATION

Article 17

The Community and Thailand shall cooperate closely to implement the provisions of this Agreement. To this end, contacts and exchanges of views (including on technical matters) shall be facilitated by both parties.

Article 19

Thailand shall send the Commission of the European Communities the names and addresses of the governmental authorities competent for the issue and verification of export licences and certificates of origin together with specimens of the stamps used by these authorities. Thailand shall also notify the Commission of any change in this information.

Article 20

1. Subsequent verification of certificates of origin or export licences shall be carried out at random, or whenever the competent Community authorities have reasonable doubt as to the authenticity of the certificate or licence or as to the accuracy of the information regarding the products in question.
2. In such cases the competent authorities in the Community shall return the certificate of origin or export licence or a copy thereof to the competent governmental authority in Thailand giving, where appropriate, the reasons of form or substance for an enquiry. If the invoice has been submitted, such invoice or a copy thereof shall be attached to the certificate or licence or its copy. The

authorities shall also forward any information that has been obtained suggesting that the particulars given on the said certificate or licence are inaccurate.

3. The results of the subsequent verifications carried out in accordance with paragraphs 1 and 2 above shall be communicated to the competent authorities of the Community within three months at the latest. The information communicated shall indicate whether the disputed certificate or licence applies to the goods actually exported and whether these goods are eligible for export in accordance with the arrangements established by this Agreement. The information shall also include, at the request of the Community, copies of all documentation necessary to determine the facts fully and in particular the true origin of the goods.
4. For the purpose of subsequent verification of certificates of origin, copies of the certificates as well as any export documents referring to them shall be kept for at least a period of two years by the competent governmental authority in Thailand.
5. Recourse to the random verification procedure specified in this Article must not constitute an obstacle to the release for home use of the products in question.

Article 21

1. Where the verification procedure referred to in Article 20 or where information available to the competent Community authorities or to the competent Thai authorities indicates or appears to indicate that the provisions of this Agreement are being contravened, both parties shall cooperate closely and with the appropriate urgency to prevent such contravention.
2. To this end, the competent Thai authorities shall, on their own initiative or at the request of the competent Community authorities, carry out appropriate enquiries or arrange for such enquiries to be carried out concerning operations which are or appear to the competent Community authorities to be in contravention of this Agreement. Thai shall communicate the results of these enquiries to the Community together with any other pertinent information enabling the true origin of the goods to be determined.

3. By agreement between the competent Community authorities and the competent Thai authorities officials designated by the Community may be present at the enquiries referred to in paragraph 2.
4. In pursuance of the cooperation referred to in paragraph 1, Thailand and the Community shall exchange any information considered by either partner to be of use in preventing the contravention of the provisions of this Agreement. Such information may include information on trade in products subject to this Agreement between Thailand and other countries and information on production of such products in Thailand.
5. Where it is established that the provisions of this Agreement have been contravened the competent Thai authorities and the competent Community authorities may agree to take such measures as are necessary to prevent a recurrence of such contravention.

ANNEX C

Under Article 3 (6) of the Agreement, a quantitative limit may be fixed on a regional basis where imports of a given product into any region of the Community in relation to the amounts determined in accordance with paragraph 2 of the said Article 3, exceed the following regional percentages:

Germany	20.5 %
Belgium	10.5 %
France	10.5 %
Italy	15 %
Denmark	3 %
Ireland	1 %
UK	23.5 %
GRAND TOTAL	2 %

PROTOCOL D

The annual growth rate for the quantitative limits introduced under Article 8 of the Agreement shall be determined as follows :

For products in categories falling within Group I, II, III, the growth rate shall be fixed by agreement between the Parties in accordance with the consultation procedure established in Article 17 of the Agreement. Such growth rate may in no case be lower than the highest rate applied to corresponding products under bilateral agreements concluded under the Geneva Arrangement between the Community and other third countries having a level of trade equal to or comparable with that of Thailand.

AGREED MINUTE

During the course of the negotiations for the conclusion of a new bilateral agreement on trade in textile products between the E.E.C. and Thailand, the Community explained the mechanism proposed for the transfer of proportions of particular regional quota shares of the Community between the Asean countries and presented a draft concerning the application of such a mechanism on the import side.

The Thai Delegation expressed its appreciation of the Community's efforts in making the proposal and undertook to study it.

The Thai Delegation expressed the view that more time was needed to examine the implications of the Community's proposal in view of the administrative problems involved. It was therefore agreed that the two sides should revert to this matter at a later stage.

Dear Mr.

In connection with the Agreement on Trade in Textile Products between the European Community and Thailand initialled on 7 July 1982, I have the honour to propose the following:

Transfers into any category of group I may be made, after notification, up to 5 % of the regional share of a quantitative limit to which the transfer is made, provided that an equivalent quantity is deducted from the share of the corresponding quantitative limit for the same region established in the Community's Agreement with another ASEAN country.

Transfers into any category of groups II and III may be made, after notification, up to 10 % of the regional share of a quantitative limit to which the transfer is made, provided that an equivalent quantity is deducted from the share of the corresponding quantitative limit for the same region established in the Community's Agreement with another ASEAN country.

Implementation of such transfers shall be subject to receipt of a corresponding notification from the ASEAN country accepting a deduction of the quantitative limit concerned.

Such transfers shall be applicable for the year during which the notification is made.

I should be grateful for your confirmation that this proposal is acceptable to you and that this exchange of letters shall constitute an agreement between the European Economic Community and Thailand.

Yours faithfully,

H.G. Krenzler
