TEXTILES COMMITTEE

Arrangement Regarding International Trade in Textiles

Accession under Paragraph 2 of Article 13

Accendum

The following communication was received by the Director-General from the representative of Paraguay on 23 December 1974.

I have the honour to refer to the meeting of the Textiles Committee in Geneva on 13 December, at which a favourable decision was made on the Paraguayan Government's request to accede to the Arrangement Regarding International Trade in Textiles.

Subject to compliance with the provisions of Article 13, paragraph 2, of the Arrangement, Paraguay's accession would take effect provisionally as from the date of the present communication.

Through my intermediary, acting on its behalf, my Government confirms everything stated in its request for accession (document COM.TEX/W/14), while reaffirming its undertaking to comply with the provisions of Article 2, paragraph 1, of the Arrangement.

I am informed that a certified copy of the Textiles Arrangement is already in the possession of the National Parliament for examination and approval under the constitutional procedures. As soon as I receive the instrument of ratification, I shall have pleasure in depositing it.

Consequently, in accordance with the Decision of the Textiles Committee at its meeting on 18-19 December, the provisional accession of Paraguay to the Textiles Arrangement became effective as of 23 December 1974.
