LONG-TERM ARRANGEMENT REGARDING TRADE IN COTTON TEXTILES

Notifications under Article 2

Second Year of the Arrangement

Addendum

The following communication, supplementing the information transmitted by Denmark in connexion with Article 2 of the Long-Term Arrangement, has been received by the secretariat.

Referring to GATT/AIR/429 concerning the notifications required under the Long-Term Arrangement regarding International Trade in Cotton Textiles, I have the honour to inform you that Denmark maintains a quota for import of cotton yarn from the United Arab Republic. The quota, the size of which is based on the import of the said product from the UAR in 1962 (9.4 million D. kr.) is increased yearly by 3 per cent, in accordance with Annex A of the Long-Term Arrangement.

Furthermore Denmark maintains import licensing of cotton textiles from UAR and Colombia but - apart from the above-mentioned quota for cotton yarn - imports so far have not been restricted.

My Government is of course prepared to consult with parties to the Arrangement, if difficulties should arise in connexion with the Danish licensing of cotton textile products.

During the period in which the Long-Term Arrangement has been in force, my Government has not invoked the provisions of Article 3 of the Arrangement.
