The following communication has been received by the Director-General from the Canadian mission for notification to the Cotton Textiles Committee.

I have the honour to inform you that as a result of consultations in accordance with the provisions of the Arrangement Regarding International Trade in Cotton Textiles held in December 1969, the Governments of the United Arab Republic and Canada agreed upon the attached Memorandum of Understanding.

Memorandum of Understanding

In accordance with the provisions of the Arrangement Regarding International Trade in Cotton Textiles the Governments of the United Arab Republic and Canada have agreed that the Government of the United Arab Republic shall limit exports to Canada of cotton yarn in the period 1 July 1969 to 30 June 1970, to an amount of 1,260,000 pounds.

It has further been agreed that during the period 1 July 1969 to 30 June 1970, an amount of cotton yarn not exceeding 60,000 pounds may be exported to Canada in excess of the above-mentioned limit of 1,260,000 pounds, to take into account short-falls in shipments under the restraint applied by the Government of the United Arab Republic on its exports to Canada of cotton yarn in the previous twelve-month period.
