ARRANGEMENT REGARDING INTERNATIONAL TRADE IN COTTON TEXTILES

Agreement between the United States and Malaysia

Attached is the text of the notes exchanged between the Government of the United States and the Government of Malaysia constituting an agreement between the two countries concerning trade in cotton textiles.

The text of this agreement has been transmitted to the Director-General by the United States mission for notification to the Cotton Textiles Committee.

Note No. 1

8 September 1970

Sir.

I refer to the Long-Term Arrangement Regarding International Trade in Cotton Textiles (hereinafter referred to as the Long-Term Arrangement), done in Geneva on 9 February 1962, as extended by Protocol until 30 September 1973.

I also refer to recent discussions between our two Governments concerning the export of cotton textiles from Malaysia to the United States. As a result of these discussions, I wish to propose the following agreement relating to trade in cotton textiles between Malaysia and the United States.

- 1. The term of this agreement shall be from 1 September 1970 through 31 August 1974. During the term of this agreement the Government of Malaysia shall limit annual exports of cotton textiles from Malaysia to the United States to aggregate, group, and specific limits at the levels specified in the following paragraphs.
- 2. For the first agreement year, constituting the twelve-month period beginning 1 September 1970 the aggregate limit shall be 20 million square yards equivalent.
- 3. Within the aggregate limit, group limits shall apply to each of the following groups of categories. For the first agreement year the levels (in square yard equivalents) shall be as follows:

Group I (Categories 1-38 and 64)

Group II (Categories 39-63)

9.0 million

4. Within the aggregate limit and the applicable group limit, the following specific limits shall apply. For the first agreement year the levels shall be as follows:

Itom Group I	<u> </u>	In square yards equivalent

Category 50	26,000 dozen	1,454,880

- 5. Within the aggregate limit, the limit for Group I may be exceeded by not more than 10 per cent and the limit for Group II may be exceeded by not more than 5 per cent. Within the applicable group limit, as it may be adjusted under this provision, specific limits may be exceeded by not more than 5 per cent.
- 6. Categories not given specific limits are subject to consultation levels and to the group and aggregate limits. In the event the Government of Malaysia wishes to permit exports in any category in excess of the applicable consultation level during any agreement year, the Government of Malaysia shall request consultations with the Government of the United States of America on this question and the Government of the United States of America shall enter into such consultations. Until agreement on a different level of exports is reached, the Government of Malaysia shall limit its exports in the category in question to the consultation level. For the first agreement year, the consultation level for each category not given a specific limit shall be 500,000 square yards equivalent in Categories 1-38 and Category 64 and 350,000 square yards equivalent in Categories 39-53.
- 7. In the second and any succeeding twelve-month period for which any limitation is in effect under this agreement, the level of exports permitted under such limitation shall be increased by 5 per cent of the corresponding level for the preceding twelve-month period, the latter level not to include any adjustments under paragraph 5 or 8.
- 8. (a) For any agreement year immediately following a year of a shortfall (i.e., a year in which cotton textile exports from Malaysia to the United States were below the aggregate limit and any group and specific limits applicable to the category concerned) the Government of Malaysia may permit exports to exceed these limits by carryover in the following amounts and manner:
 - .(i) the carryover shall not exceed the amount of shortfall in either the aggregate limit or any applicable group or specific limit and shall not exceed either 5 per cent of the aggregate limit or 5 per cent of the applicable group limit in the year of the shortfall, and
 - (ii) in the case of shortfalls in the categories subject to specific limits the carryover shall not exceed 5 per cent of the specific limit in the year of the shortfall, shall be used in the same category in which the shortfall occurred, and shall be in addition to the exports permitted in paragraph 5; and

- (iii) in the case of shortfalls not attributable to categories subject to specific limits, the carryover shall be used in the same group in which the shortfall occurred, shall not be used to exceed any applicable specific limit except in accordance with the provisions of paragraph 5, and shall not be used to exceed the limits in paragraph 6 of the agreement.
- (b) The limits referred to in sub-paragraph (a) of this paragraph are without any adjustments under this paragraph or paragraph 5.
- 9. The provisions of paragraphs 2-8 shall not apply to exports from Malaysia to the United States of batik cotton textile products of the cottage industry, exclusive of apparel, certified as such by the Government of Malaysia, up to a special batik limit.
- (a) For the twelve-month period beginning 1 September 1970, the special batik limit shall be 1 million square yards equivalent. For each succeeding twelve-month period this level shall be increased by 5 per cent over the special batik limit for the previous twelve-month period.
- (b) For an agreement year immediately following a year in which exports of batik products under this paragraph were below the special batik limit, experts of such products under this paragraph may exceed the special batik limit by 5 per cent of the special batik limit for the preceding agreement year or the amount by which such exports were below the special batik limit for that year, whichever is less.
- 10. The Government of Malaysia shall use its best efforts to space exports from Malaysia to the United States within each category evenly throughout the agreement year, taking into consideration normal seasonal factors.
- Il. The Government of the United States of America shall promptly supply the Government of Malaysia with data on monthly imports of cotton textiles from Malaysia; and the Government of Malaysia shall promptly supply the Government of the United States of America with data on monthly exports of cotton textiles to the United States. Each Government agrees to supply promptly any other pertinent and readily available statistical data requested by the other Government.
- 12. In implementing this agreement, the system of categories and the rates of conversion into square yard equivalents listed in the annex hereto shall apply. In any situation where the determination of an article to be a cotton textile would be affected by whether the criterion provided for in Article 9 of the Long-Term Arrangement or the criterion provided for in paragraph 2 of Annex E of the Long-Term Arrangement is used, the chief value criterion used by the Government of the United States of America in accordance with paragraph 2 of Annex E shall apply.
- 13. The Government of Malaysia and the Government of the United States of America agree to consult on any question arising in the implementation of this agreement.

- 14. Mutually satisfactory administrative arrangements or adjustments may be made to resolve minor problems arising in the implementation of this agreement, including differences in points of procedure or operation.
- 15. If the Government of Malaysia considers that, as a result of limitations specified in this agreement, Malaysia is being placed in an inequitable position vis-à-vis a third country, the Government of Malaysia may request consultation with the Government of the United States of America with a view to taking appropriate remedial action such as reasonable modification of this agreement.
- 16. For the duration of this agreement, the Government of the United States of America shall not invoke the procedures of Article 3 or 6(c) of the Long-Term Arrangement to request restraint on the export of cotton textiles from Malaysia to the United States.
- 17. The Government of the United States of America may assist the Government of Malaysia in implementing the limitation provisions of this agreement by controlling imports of cotton textiles covered by the agreement.
- 18. Either Government may terminate this agreement effective at the end of my agreement year by written notice to the other Government to be given at least ninety days prior to the end of such agreement year. Either Government may at any time propose revisions in the terms of this agreement.

If this proposal is acceptable to the Government of Malaysia, this note and your note of confirmation on behalf of the Government of Malaysia shall constitute an agreement between the Government of Malaysia and the Government of the United States of America.

Accept, Sir, the renewed assurances of my high consideration.

For the Secretary of State:

Julius L. Katz

The Honourable Jamaluddin bin Haji Abu Bakar, Charge d'Affaires ad interim of Malaysia.
