GENERAL AGREEMENT ON TARIFFS AND TRADE

THE STATUS OF CERTAIN ITEMS IN THE SCHEDULES TO THE AGREEMENT

Concessions withheld or suspended

and

Concessions withdrawn but not included in any Protocol

1. The tariff treatment which contracting parties are obliged to apply to the trade of other contracting parties is that provided for in their schedules annexed to the Agreement, as modified by protocols. However, the modifications introduced by the protocols do not cover the following three types of action by contracting parties:

- (i) Some contracting parties have had recourse to the provisions of Article XXVII (or paragraph 4 of the Annecy Protocol) to withdraw concessions initially negotiated with the Governments of China or Lebanon - Syria which have ceased to be contracting parties, with the United Kingdom on behalf of Palestine and with Colombia which has not become a contracting party. Two items negotiated by the United States with Uruguay are still withheld by the United States pending further negotiation.
- (ii) Some contracting parties have had recourse to the provisions of paragraph 4 of the Torquay Protocol to withhold concessions negotiated with the Governments of Korea and Philippines which have not become contracting parties.
- (iii) The United States Government has had recourse to the provisions of Article XIX:1(a) to suspend the treatment provided for under three items of its schedule.

2. The details of the withholdings, withdrawals and suspensions which are not covered by the protocols to the Agreement, effected by action of contracting parties as described in the foregoing paragraph - insofar as they have been notified to the secretariat - have been collated from the schedules and from earlier documents and are reproduced in the following pages.

3. In addition, some contracting parties have taken action, particularly under Articles XIX:3(a) and XXXV, not to apply the treatment provided for in their schedules to the trade of certain other contracting parties. Such action is not covered by this document, but will be found recorded in the following:
