AGREEMENT ESTABLISHING THE CARIBBEAN  
FREE TRADE ASSOCIATION

THE GOVERNMENTS OF THE SIGNATORY TERRITORIES -

SHARING a common determination to fulfil within the shortest possible time the hopes and aspirations of the peoples of the Caribbean Territories for full employment and improved living standards;

CONSCIOUS that these goals can most rapidly be attained by the optimum use of available human and other resources and by accelerated, co-ordinated and sustained economic development;

AWARE that the broadening of domestic markets through the elimination of barriers to trade between the Territories is a prerequisite to such development;

CONVINCED that such elimination of barriers to trade can best be achieved by the immediate establishment of a free-trade area which will contribute to the ultimate creation of a viable economic community of Caribbean Territories;

MINDFUL of the different levels of development attained by the Territories of the Caribbean;

HAVE AGREED as follows:

ARTICLE 1

Association

1. An Association to be called the Caribbean Free Trade Association (hereinafter referred to as "The Association") is hereby established.
2. The Members of the Association, hereinafter referred to as "Member Territories" shall be the Territories on behalf of the Governments of which this Agreement is ratified in accordance with Article 31 and such other Territories as participate therein by virtue of paragraph 1 of Article 32, and for the purposes hereof, "Territories" includes sovereign States internationally recognized.
3. The institutions of the Association shall be a Council and such organs as are mentioned in paragraph 3 of Article 28.
4. The Caribbean Free Trade Association shall operate over the areas of the Member Territories collectively called the Caribbean Free Trade Area (hereinafter referred to as "The Area").

## ARTICLE 2

### Objectives

The objectives of the Association shall be:

- (a) to promote the expansion and diversification of trade in the area of the Association;
- (b) to secure that trade between Member Territories takes place in conditions of fair competition;
- (c) to encourage the balanced and progressive development of the economies of the Area in keeping with paragraphs 3 to 10 of the Resolution adopted at the Fourth Conference of the Heads of Government of Commonwealth Caribbean Countries and set out in Annex A;
- (d) to foster the harmonious development of Caribbean trade and its liberalization by the removal of barriers to it;
- (e) to ensure that the benefits of free trade are equitably distributed among the Member Territories.

## ARTICLE 3

### Exclusion from this Agreement

1. The provisions of this Agreement shall not affect the rights and obligations under any agreements entered into by any of the Parties to this Agreement before the effective date hereof and notified to the Council:

Provided, however, that each Party shall take any steps at its disposal which are necessary to reconcile the provisions of any of such agreements with the purposes of this Agreement.

Provided further that, in case of any non-observance of any provisions of this Agreement on the part of a Member Territory pursuant to its exemption in that behalf by virtue of the foregoing provisions of this Article, any other Member Territory which considers that it would enjoy any benefit under this Agreement but for such exemption may, if no satisfactory settlement is reached between the Member Territories concerned, refer the matter to the Council, which may, by majority decision, authorize any Member Territory to suspend to the first-mentioned Member Territory the application of such obligations under this Agreement as the Council considers meet, due regard being had to the report of such committee (if any) as may have been constituted in accordance with Article 27 to examine the matter, and paragraphs 2 and 5 of Article 26 shall apply mutatis mutandis in the case of any reference under this proviso as they apply in the case of a reference under paragraph 1 of Article 26.

2. All such agreements shall be registered in such form as the Council shall decide and by way of such service in that behalf as shall be arranged pursuant to sub-paragraph (b) of paragraph 1 of Article 29.
3. The Council shall annually review the observance by Parties to this Agreement of the first proviso to paragraph 1 of this Article and may from time to time, by majority vote, recommend to any of them the taking of any steps for the purposes of that proviso.
4. For the purposes of this Article, "agreements" means any agreements concluded by instruments, or any arrangements made in writing which the Council decides, by majority vote, constitute agreements for those purposes, but does not include any agreement or arrangements entered into by a Party hereto, not being the Government of Grenada, in respect of which negotiations commenced after 22 February, 1968.

#### ARTICLE 4

##### Import Duties

1. Subject to the provisions of Annex B, Member Territories shall not apply any import duties on goods which are eligible for Area tariff treatment in accordance with Article 5.
2. For the purposes of this Article and Annex B, the term "import duties" means any tax or surtax of customs and any other charges of equivalent effect - whether fiscal, monetary or exchange - which are levied on imports, except duties notified under Article 7 and other charges which fall within that Article.
3. The provisions of this Article do not apply to fees and similar charges in respect of services rendered and nothing in paragraph 2 of this Article shall be construed to exclude from the application of paragraph 1 of this Article any tax or surtax of customs on any product neither the like of which, nor a competitive substitute for which, is produced in the importing Member Territory, or to extend such application to non-discriminatory internal charges on any such products.
4. For the purposes of paragraph 3 of this Article:
  - (a) "non-discriminatory" means non-discriminatory as between goods eligible for Area tariff treatment as aforesaid and goods not so eligible;
  - (b) a charge shall not be deemed other than internal by reason only that it is collected at the time and place of importation.

ARTICLE 5

Area Origin for Tariff Purposes

1. For the purposes of Articles 4 to 8, goods shall, subject to Annex C, be accepted as eligible for Area tariff treatment if they are consigned from a Member Territory to a consignee in the importing Member Territory and if they are of Area origin under any one of the following conditions:

- (a) that they have been wholly produced within the Area;
- (b) that they fall within a description of goods listed in a Process List to be established by decision of the Council and have been produced within the Area by the appropriate qualifying process described in that List;
- (c) that they have been produced within the Area and that the value of any materials imported from outside the Area or of undetermined origin which have been used at any stage of the production of the goods does not exceed 50 per cent of the export price of the goods.

2. For the purposes of sub-paragraphs (a), (b) and (c) of paragraph 1 of this Article, materials listed in the Basic Materials List which forms the Schedule to Annex C, which have been used in the state described in that List in a process of production within the Area, shall be deemed to contain no element imported from outside the Area.

3. Nothing in this Agreement shall prevent a Member Territory from accepting as eligible for Area tariff treatment any imports consigned from another Member Territory, provided that the like imports consigned from any Member Territory are accorded the same treatment.

4. Provisions necessary for the administration and effective application of this Article are contained in Annex C.

5. The Council may decide to amend the provisions of this Article, Annex C and the Process List established under sub-paragraph (b) of paragraph 1 of this Article.

6. The Council shall from time to time examine in what respect this Agreement can be amended in order to ensure the smooth operation of the origin rules.

7. Nothing in this Agreement shall require a Member Territory to accept as eligible for Area tariff treatment any imports consigned from another Member Territory and consisting of, or manufactured from, oils and fats as defined by clause 2 of the Oils and Fats Agreement, or any of such oils or fats, where the Government of one of such Territories is a party to the Oils and Fats Agreement, and the Government of the other of such Territories is not a party to that Agreement, being the Agreement made on 26 January 1967, between the Governments of Barbados, Dominica, Grenada, Guyana, St. Lucia, St. Vincent and Trinidad and Tobago or any Agreement amending or replacing the same.

#### ARTICLE 6

##### Deflection of Trade

1. For the purposes of this Article, trade is said to be deflected when:

- (a) imports into a Member Territory of consignments of a particular product from another Member Territory are increasing:
  - (i) as a result of the reduction or elimination in the importing Member Territory of duties and charges on that product in accordance with Article 4 or 7, and
  - (ii) because the duties or charges levied by the exporting Member Territory on imports of raw materials or intermediate products, used in the production of the product in question, are significantly lower than the corresponding duties or charges levied by the importing Member Territory, and
- (b) this increase in imports causes or would cause serious injury to production which is carried on in the importing Member Territory.

2. The Council shall keep under review the question of deflections of trade and their causes. It shall take such decisions as are necessary in order to deal with the causes of deflection of trade by amending the rules of origin in accordance with paragraph 5 of Article 5 or by such other means as it may consider appropriate.

3. If a deflection of trade of a particularly urgent nature occurs, any Member Territory may refer the matter to the Council. The Council shall take its decision as quickly as possible and, in general, within one month. The Council may, by majority decision, authorize interim measures to safeguard the position of the Member Territory in question. Such measures shall not continue for longer than is necessary for the procedure under paragraph 2 above to take place, and for not more than two months, unless in exceptional cases, the Council, by majority decision, authorizes an extension of this period by not more than two months.

4. A Member Territory which is considering the reduction of the effective level of its duties or charges on any product not eligible for Area tariff treatment shall, as far as may be practicable, notify the Council not less than thirty days before such reduction comes into effect, and shall consider any representations by other Member Territories that the reduction is likely to lead to a deflection of trade. Information received under this paragraph shall not be disclosed to any person outside the service of the Association or the Governments of Member Territories.

5. When considering changes in their duties or charges on any product not eligible for Area tariff treatment, Member Territories shall have due regard to the desirability of avoiding consequential deflections of trade. In case of any such change, any Member Territory which considers that trade is being deflected may refer the matter to the Council in accordance with Article 26.

6. If, in the consideration of any complaint in accordance with Article 26, reference is made to a difference in the level of duties or charges on any product not eligible for Area tariff treatment, that difference shall be taken into account only if the Council finds by majority vote that there is a deflection of trade.

7. The Council shall review from time to time the provisions of this Article and may decide to amend those provisions.

#### ARTICLE 7

##### Revenue Duties and Internal Taxation

1. Subject to the provisions of Annex D, Member Territories shall not:

- (a) apply directly or indirectly to imported goods any fiscal charges in excess of those applied directly or indirectly to like domestic goods, nor otherwise apply such charges so as to afford effective protection to like domestic goods; or
- (b) apply fiscal charges to imported goods of a kind which they do not produce, or which they do not produce in substantial quantities, in such a way as to afford effective protection to the domestic production of goods of a different kind which are substitutable for the imported goods, which enter into direct competition with them and which do not bear, directly or indirectly, in the country of importation, fiscal charges of equivalent incidence.

2. A Member Territory shall notify the Council of all fiscal charges applied by it where, although the rates of charge, or the conditions governing the imposition or collection of the charge, are not identical in relation to the imported goods and to the like domestic goods, the Member Territory applying the charge considers that the charge is, or has been made, consistent with

sub-paragraph (a) of paragraph 1 of this Article. Each Member Territory shall, at the request of any other Member Territory, supply information about the application of paragraph 1 of this Article.

3. For the purposes of this Article and Annex D:

- (a) "fiscal charges" means revenue duties, internal taxes and other internal charges on goods;
- (b) "revenue duties" means customs duties and other similar charges applied primarily for the purpose of raising revenue; and
- (c) "imported goods" means goods which are accepted as being eligible for Area tariff treatment in accordance with Article 5.

### ARTICLE 8

#### Export Drawback

Each Member Territory may refuse to accept as eligible for Area tariff treatment goods which benefit from export drawback allowed by Member Territories in which the goods have undergone the processes of production which form the basis of the claim to Area origin. In applying this paragraph, each Member Territory shall accord the same treatment to imports consigned from all other Member Territories.

For the purposes of this Article:

- (a) "export drawback" means any arrangement for the refund or remission, wholly or in part, of import duties applicable to imported materials, provided that the arrangement, expressly or in effect, allows refund or remission if certain goods or materials are exported, but not if they are retained for home use;
- (b) "remission" includes exemption for materials brought into free ports and other places which have similar customs privileges;
- (c) "duties" means (i) all charges on or in connexion with importation, except fiscal charges to which Article 7 applies and (ii) any protective element in such fiscal charges;
- (d) "materials" and "process of production" have the meanings assigned to them in Rule 1 of Annex C.

## ARTICLE 9

### Prohibition of Export Duties

1. Member Territories shall not apply any export duties.
2. The provisions of this Article shall not prevent any Member Territory from taking such measures as are necessary to prevent evasion, by means of re-export, of duties which it applied to exports to territories outside the Area.
3. For the purposes of this Article, "export duties" means any duties or charges with equivalent effect imposed on or in connexion with the exportation of goods from any Member Territory to a consignee in any other Member Territory.
4. Nothing in this Article shall preclude a Member Territory from applying to any commodity listed in Annex E, within ten years from the effective date of this Agreement, export duty not exceeding that applicable by the Member Territory to such commodity immediately before the effective date of this Agreement.
5. Any Member Territory which, pursuant to paragraph 4 of this Article, applies or continues to apply export duty to any commodity listed in Annex E shall notify the Council of every commodity on which export duty is applied and the rate of such duty. The Council shall keep under review the question of such export duties and may at any time by majority vote make recommendations designed to moderate any damaging effect of those duties.

## ARTICLE 10

### Co-operation in Customs Administration

Member Territories shall take appropriate measures, including arrangements regarding administrative co-operation, to ensure that the provisions of Articles 4 to 8 and of Annexes B, C and D are effectively and harmoniously applied, taking account of the need to reduce as far as is possible the formalities imposed on trade and of the need to achieve mutually satisfactory solutions of any difficulties arising out of the operation of those provisions.

## ARTICLE 11

### Freedom of Transit

Products imported into, or exported from, a Member Territory shall enjoy freedom of transit within the Area and shall only be subject to the payment of the normal rates for services rendered.

## ARTICLE 12

### Dumped and Subsidized Imports

1. Nothing in this Agreement shall prevent any Member Territory from taking action against dumped or subsidized imports consistently with any international obligations to which it is subject.
2. Any products which have been exported from one Member Territory to a consignee in another Member Territory and have not undergone any manufacturing process since exportation shall, when reimported into the first Member Territory, be admitted free of quantitative restrictions and measures with equivalent effect. They shall also be admitted free of customs duties and charges with equivalent effect, except that any allowance by way of drawback, relief from duty or otherwise, given by reason of the exportation from the first Member Territory, may be recovered.
3. If any industry in any Member Territory is suffering or is threatened with material injury as the result of the import of dumped or subsidized products into another Member Territory, the latter Member Territory shall, at the request of the former Member Territory, examine the possibility of taking, consistently with any international obligations to which it is subject, action to remedy the injury or prevent the threatened injury.

## ARTICLE 13

### Quantitative Import Restrictions

1. Subject to anything to the contrary in any agricultural marketing arrangements made pursuant to paragraph 6 of Annex A and laid down in a Protocol between the Parties to this Agreement, a Member Territory shall not apply any quantitative restrictions on imports of goods from any other part of the Area.
2. For the purposes of the preceding paragraph, "quantitative restrictions" means prohibitions or restrictions on imports into any Member Territory from any other part of the Area whether made effective through quotas, import licences or other measures with equivalent effect, including administrative measures and requirements restricting import.
3. The provisions of this Article shall not prevent any Member Territory from taking such measures as are necessary to prevent evasion, of any prohibitions or restrictions which it applies to imports from territories outside the Area.

ARTICLE 14

Quantitative Export Restrictions

1. Subject as mentioned in paragraph 1 of Article 13, a Member Territory shall not apply any prohibitions or restrictions on exports to any other part of the Area, whether made effective through quotas or export licences or other measures with equivalent effect.

2. The provisions of this Article shall not prevent any Member Territory from taking such measures as are necessary to prevent evasion, of any prohibitions or restrictions which it applies to exports to territories outside the Area.

ARTICLE 15

General Exceptions

Provided that such measures are not used as a means of arbitrary or unjustifiable discrimination between Member Territories, or as a disguised restriction on the inter-territorial trade of the Area, nothing in Articles 13 and 14 shall prevent the adoption or enforcement by any Member Territory of measures

- (a) necessary to protect public morals;
- (b) necessary for the prevention of disorder or crime;
- (c) necessary to protect human, animal or plant life or health;
- (d) necessary to secure compliance with laws or regulations relating to customs enforcement, or to the classification, grading or marketing of goods, or to the operation of monopolies by means of State enterprises or enterprises given exclusive or special privileges;
- (e) necessary to protect industrial property or copyrights or to prevent deceptive practices;
- (f) relating to gold or silver;
- (g) relating to the products of prison labour;
- (h) imposed for the protection of national treasures of artistic, historic or archaeological value; or
- (i) necessary to prevent or relieve critical shortages of foodstuffs in any exporting Member Territory.

ARTICLE 16

Security Exceptions

1. Nothing in this Agreement shall prevent any Member Territory from taking action which it considers necessary for the protection of its essential security interests, where such action:

- (a) is taken to prevent the disclosure of information;
- (b) relates to trade in arms, ammunition or war materials or to research, development or production indispensable for defence purposes, provided that such action does not include the application of import duties or the quantitative restriction of imports except in so far as such restriction is permitted in accordance with Article 15 or is authorized by decision of the Council;
- (c) is taken to ensure that nuclear materials and equipment made available for peaceful purposes do not further military purposes; or
- (d) is taken in time of war or other emergency in international relations.

2. Nothing in this Agreement shall prevent any Member Territory from taking action to perform any obligations to which it is subject for the purpose of maintaining international peace and security.

ARTICLE 17

Government Aids

1. A Member Territory shall not maintain or introduce:

- (a) the forms of aid to export of goods to any other part of the Area of the kinds which are described in Annex F; or
- (b) any other form of aid, the main purpose or effect of which is to frustrate the benefits expected from such removal or absence of duties and quantitative restrictions as is required by this Agreement.

2. If the application of any form of aid by a Member Territory, although not contrary to paragraph 1 of this Article, frustrates the benefits expected from such removal or absence of duties and quantitative restrictions as is required by this Agreement and provided that the procedure set out in paragraphs 1 to 3 of Article 26 has been followed, the Council may, by majority decision, authorize any Member Territory to suspend to the Member Territory which is applying the aid, the application of such obligations under this Agreement as the Council considers appropriate.

3. The Council may decide to amend the provision of this Article and of Annex F.
4. The provisions of this Article:
  - (a) shall not apply in respect of inter-territorial trade within the Area in any agricultural products until such time as Member Territories shall agree upon the regional policy with respect to the production and marketing, including the subsidization, of agricultural products;
  - (b) exclusive of sub-paragraph (a) of paragraph 1 and paragraph 3, shall not apply in respect of inter-territorial trade within the Area in any manufactured goods until Member Territories have agreed upon a regional policy with respect to incentives to industry.

#### ARTICLE 18

##### Public Undertakings

1. Member Territories shall ensure the elimination in the practices of public undertakings, of:
  - (a) measures the effect of which is to afford protection to domestic production which would be inconsistent with this Agreement if achieved by means of a duty or charge with equivalent effect or quantitative restriction or Government aid; or
  - (b) trade discrimination on grounds of Territorial origin in so far as it frustrates the benefits expected from such removal or absence of duties and quantitative restrictions as is required by this Agreement.
2. In so far as the provisions of Article 19 are relevant to the activities of public undertakings, that Article shall apply to them in the same way as it applies to other enterprises.
3. Member Territories shall ensure that new practices of the kind described in paragraph 1 of this Article are not introduced.
4. Where Member Territories do not have the necessary legal powers to control the activities of regional or local government authorities or enterprises under their control in those matters, they shall nevertheless endeavour to ensure that those authorities or enterprises comply with the provisions of this Article.
5. The Council shall keep the provisions of this Article under review and may decide to amend them.
6. For the purpose of this Article, "public undertakings" means central, regional, or local government authorities, public enterprises and any other organization by means of which a Member Territory by law or in practice controls or appreciably influences imports from, or exports to, any other part of the Area.

7. The provisions of this Article shall not apply in respect of inter-territorial trade within the Area:

- (a) in agricultural products until such time as Member Territories shall agree upon a regional policy with respect to the production and marketing, including the subsidization, of agricultural products;
- (b) in manufactured goods until Member Territories have agreed upon a regional policy with respect to incentives to industry.

#### ARTICLE 19

##### Restrictive Business Practices

1. Member Territories recognize that the following practices are incompatible with this Agreement in so far as they frustrate the benefits expected from such removal or absence of duties and quantitative restrictions as is required by this Agreement:

- (a) agreements between enterprises, decisions by associations of enterprises and concerted practices between enterprises which have as their object or result the prevention, restriction or distortion of competition within the Area;
- (b) actions by which one or more enterprises take unfair advantage of a dominant position within the Area or a substantial part of it.

2. If any practice of the kind described in paragraph 1 of this Article is referred to the Council in accordance with Article 26, the Council may, in any recommendation in accordance with paragraph 3 or in any decision in accordance with paragraph 4 of that Article, make provision for publication of a report on the circumstances of the matter.

- 3. (a) In the light of experience gained, the Council shall consider before 30 April 1970, and may consider at any time thereafter whether further or different provisions are necessary to deal with the effect of restrictive business practices or dominant enterprises on the inter-territorial trade of the Area.
- (b) Such review shall include consideration of the following matters:
  - (1) specification of the restrictive business practices or dominant enterprises with which the Council should be concerned;
  - (2) methods of securing information about restrictive business practices or dominant enterprises;

- (3) procedures for investigations;
- (4) whether the right to initiate inquiries should be conferred on the Council.
- (c) The Council may decide to make the provisions found necessary as a result of the review envisaged in sub-paragraphs (a) and (b) of this paragraph.

## ARTICLE 20

### Establishment

1. Each Member Territory recognizes that restrictions on the establishment and operation of economic enterprises therein by persons belonging to other Member Territories should not be applied, through accord to such persons of treatment which is less favourable than that accorded in such matters to persons belonging to that Member Territory, in such a way as to frustrate the benefits expected from such removal or absence of duties and quantitative restrictions as is required by this Agreement.
2. Member Territories shall not apply new restrictions in such a way that they conflict with the principle set out in paragraph 1 of this Article.
3. A Member Territory shall notify the Council within such period as the Council may decide of particulars of any restrictions which it applies in such a way that persons belonging to another Member Territory are accorded in the first-mentioned Territory less favourable treatment in respect of the matters set out in paragraph 1 of this Article than is accorded to persons belonging thereto.
4. The Council shall consider before 30 April 1970, and may consider at any time thereafter, whether further or different provisions are necessary to give effect to the principles set out in paragraph 1 of this Article and may decide to make the necessary provisions.
5. Nothing in this Article shall prevent the adoption and enforcement by a Member Territory of measures for the control of entry, residence, activity and departure of persons where such measures are justified by reasons of public order, public health or morality, or national security of that Member Territory.
6. For the purposes of this Article:
  - (a) a person shall be regarded as belonging to a Member Territory if such person:
    - (i) is a citizen of that Territory;

- (ii) has a connexion with that Territory of a kind which entitles him to be regarded as belonging to, or, if it be so expressed, as being a native of, the Territory for the purposes of such laws thereof relating to immigration as are for the time being in force; or
  - (iii) is a company or other legal person constituted in the Member Territory in conformity with the law thereof and which that Territory regards as belonging to it, provided that such company or other legal person has been formed for gainful purposes and has its registered office and central administration, and carries on substantial activity, within the Area;
- (b) "economic enterprises" means any type of economic enterprises for production of or commerce in goods which are of Area origin, whether conducted by individuals or through agencies, branches or companies or other legal persons.

#### ARTICLE 21

##### Balance-of-Payments Difficulties

1. Notwithstanding the provisions of Article 13 any Member Territory may, consistently with any international obligations to which it is subject, introduce quantitative restrictions on imports for the purpose of safeguarding its balance of payments.
2. Any Member Territory taking measures in accordance with paragraph 1 of this Article shall notify them to the Council, if possible before they come into force. The Council shall examine the situation and keep it under review and may at any time by majority vote make recommendations designed to moderate any damaging effect of these restrictions or to assist the Member Territory concerned to overcome its difficulties. If the balance-of-payments difficulties persist for more than eighteen months and the measures applied seriously disturb the operation of the Association, the Council shall examine the situation and may, taking into account the interests of all Member Territories, by majority decision devise special procedures to attenuate or compensate for the effect of such measures.
3. A Member Territory which has taken measures in accordance with paragraph 1 of this Article shall have regard to its obligation to resume the full application of Article 13 and shall, as soon as its balance-of-payments situation improves, make proposals to the Council on the way in which this should be done. The Council, if it is not satisfied that these proposals are adequate, may recommend to the Member Territories alternative arrangements to the same end. Decisions of the Council pursuant to this paragraph shall be made by majority vote.

ARTICLE 22

Difficulties in Particular Sectors

1. If, in a Member Territory:
  - (a) an appreciable rise in unemployment in a particular sector of industry or region is caused by a substantial decrease in internal demand for a domestic product, and
  - (b) this decrease in demand is due to an increase in imports consigned from other Member Territories as a result of the progressive reduction or the elimination of duties, charges and quantitative restrictions in accordance with Articles 4, 7 and 13, that Member Territory may, notwithstanding any other provisions of this Agreement:
    - (i) limit those imports by means of quantitative restrictions to a rate not less than the rate of such imports during any period of twelve months which ended within twelve months of the date on which the restrictions come into force; the restrictions shall not be continued for a period longer than eighteen months, unless the Council, by majority decision, authorizes their continuance for such further period and on such conditions as the Council considers appropriate; and
    - (ii) take such measures, either instead of or in addition to restriction of imports in accordance with sub-paragraph (i) of this paragraph, as the Council may, by majority decision, authorize.
2. In applying measures in accordance with paragraph 1 of this Article, a Member Territory shall give like treatment to imports consigned from all Member Territories.
3. A Member Territory applying restrictions in accordance with sub-paragraph (i) of paragraph 1 of this Article shall notify them to the Council, if possible before they come into force. The Council may at any time consider those restrictions and may, by majority vote, make recommendations designed to moderate any damaging effect of those restrictions or to assist the Member State concerned to overcome its difficulties.
4. This Article shall have effect until 30 April 1973.
5. Before 1 May 1973, if the Council considers that some provision similar to those in paragraphs 1 to 3 of this Article will be required thereafter, it may decide that such provisions shall have effect for any period after that date.

ARTICLE 23

Approximation of Incentive Legislation

1. A tax of any kind in a Member Territory shall not, by the introduction or extension of incentive provisions at any time after this Agreement takes effect, be rendered liable to mitigation to any extent to which no tax of that kind elsewhere in the Area (if any) is rendered, by incentive provisions previously introduced or extended, liable to mitigation:

Provided that, in resolving any question whether any breach by a Member Territory of its obligations for the purposes of this Article is to be apprehended or has resulted from the introduction or extension of any incentive provisions, the Council shall take into account the overall level and structure of taxation and the general economic circumstances in that Member Territory as compared with other Member Territories.

2. The Council may, by majority decision, authorize any Member Territory to withhold, from imports of any products in relation to the manufacture of which it has been established to the satisfaction of a majority of the Council that any such breach by another Member Territory has resulted as aforesaid, treatment the benefit whereof is applicable in conformity with any provisions of this Agreement to such imports.

3. A Member Territory which is considering the introduction or alteration of any incentive provisions shall, as far as may be practicable, notify the Council not less than thirty days before such introduction or alteration comes into effect, and shall consider any representations with respect thereto by other Member Territories, any of which may refer the matter to the Council under Article 26 if a breach of this Article is apprehended. Information received under this paragraph shall not be disclosed to any person outside the service of the Association or the Governments of Member Territories.

4. The Council may on its own initiative recommend to Member Territories proposals for the approximation of incentive provisions within the Area. Such proposals may include schemes for the increase or reduction of concessions within the Area consistently with the provisions of the foregoing Articles of this Agreement, and may be implemented notwithstanding anything provided in paragraph 1 of this Article. Member Territories shall furnish all information which they can make available and shall lend their assistance to establish the facts.

When considering the matter, the Council shall have regard to whether it has been established that an obligation under this Agreement has not been fulfilled and whether and to what extent any benefit conferred by this Agreement or any objective of the Association is being or may be frustrated. In the light of this consideration and of the report of any examining committee which may have been appointed, the Council may, by majority vote, make to any Member Territory such recommendations as it considers appropriate.

5. Any Member Territory may, at any time while the matter is under consideration, request the Council to authorize as a matter of urgency, interim measures to safeguard its position. If it is found by majority vote of the Council that the circumstances are sufficiently serious to justify interim action, and without prejudice to any action which it may subsequently take in accordance with the preceding paragraphs of this Article, the Council may, by majority decision, authorize a Member Territory to suspend its obligations under this Agreement to such an extent and for such a period as the Council considers appropriate.

##### Promotion of Industrial Development in Less-Developed Territories

Upon any application made in that behalf by the less-developed Territories as defined in Annex B, the Council may, if necessary as a temporary measure in order to promote the development of an industry in any of those Territories, authorize by majority decision such Territories to suspend Area tariff treatment of any description of imports eligible therefor on grounds of production in the other Member Territories, any of whom may, during the period for which such authorization is in force, suspend Area tariff treatment of the like description of imports eligible therefor on grounds of production in the less-developed Territories.

ANNEX A

RESOLUTION ADOPTED BY FOURTH HEADS OF GOVERNMENT CONFERENCE  
ON REGIONAL INTEGRATION

Free Trade should be introduced with respect to all intra-Commonwealth Caribbean trade by 1 May 1968, subject to a list of reserved commodities which would be freed within a five-year period for the more-developed countries and within a ten-year period for the less-developed countries; subject to special provisions for appeal by a less-developed Territory to the governing body of the Free Trade Area for further extension in any case where serious injury may be done to a territorial industry.

2. The Governments should approach the task of freeing of trade, by using the CARIFTA Agreement as a basis with suitable modifications.
3. The Commonwealth Caribbean Countries shall immediately take steps to initiate studies to determine whether the objective of achieving trade expansion to the mutual benefit of the member States can be facilitated by the establishment of a common external tariff in whole or in part.
4. The principle should be accepted that certain industries may require for their economic operation the whole or a large part of the entire regional market protected by a common external tariff or other suitable instrument. The location of such industries and the criteria to be applied in respect thereof, as well as the implementation of the principle accepted above, should be the subject of immediate study - such study to have special regard to the situation of the relatively less-developed countries.
5. Subject to existing commitments a regional policy of incentives to industry should be adopted as early as possible on the basis of studies mentioned in Resolution 7 below, bearing in mind the special needs of the less-developed countries for preferential treatment, such as soft loans.
6. Marketing agreements for an agreed list of agricultural commodities should be sought to come into effect at the same time as the commencement of free trade and the territories in the region should examine the possibility of restricting imports from extra-regional sources of agricultural products that are produced within the region and are available for satisfying regional demand.
7. The principle of seeking to establish more industries in the less-developed countries should be accepted and the Economic Commission for Latin America Secretariat should be asked to undertake feasibility studies immediately with a view to identifying industries which should be located in the less-developed countries and to devising special measures for securing the establishment of such industries in those countries. These studies should be submitted to governments no later than one year after the commencement of free trade.

8. The Commonwealth Caribbean Countries should endeavour to maintain and improve regional carriers to facilitate the movement of goods and services within the region.
9. The Commonwealth Caribbean Countries should agree to negotiate with the Shipping Conference the rationalization of freight rates on extra-regional traffic.
10. The ECLA Secretariat for the Caribbean should be asked to undertake a number of studies, for example, studies on the harmonizing of incentives and the feasibility of establishing certain regional industries.
11. A Committee of Ministers should be set up immediately, functioning as a sub-committee of the Heads of Government Conference, with general responsibility for the establishment of Free Trade Area.

6. Any less-developed Territory which considers that serious injury may be done to an industry in such Territory by the total elimination of import duty on any product as required by paragraph 4 may refer the matter to the Council, which may, by majority decision, authorize the continued application by any less-developed Territory of import duty on such product after 30 April 1978, due regard being had to the report of such committee (if any) as may have been constituted in accordance with Article 27 to examine the matter, and paragraphs 2 and 5 of Article 26 shall apply mutatis mutandis in the case of any reference under this paragraph as they apply in the case of a reference by a Member Territory to the Council under that Article.

7. For the purpose of this Annex:

ANNEX C

Rules regarding area origin for tariff purposes

For the purpose of determining the origin of goods under Article 5 and for the application of that Article, the following Rules shall be applied:

Rule 1 - Interpretative Provisions

1. In determining the place of production of marine products and goods produced therefrom, a vessel of a Member Territory shall be regarded as part of that Territory. In determining the place from which goods have been consigned, marine products taken from the sea or goods produced therefrom at sea shall be regarded as having been consigned from a Member Territory if they were taken by or produced in a vessel of a Member Territory and have been brought direct to the Area.
2. A vessel which is registered shall be regarded as a vessel of the Member Territory in which it is registered.
3. "Materials" includes products, parts and components used in the production of the goods.
4. Energy, fuel, plant, machinery and tools used in the production of goods within the Area, and materials used in the maintenance of such plant, machinery and tools, shall be regarded as wholly produced within the Area when determining the origin of those goods.
5. "Produced" in sub-paragraph (c) of paragraph 1 of Article 5 and a "process of production" in paragraph 2 of that Article include the application of any operation or process, with the exception of any operation or process which consists only of one or more of the following:
  - (a) packing, wherever the packing materials may have been produced;
  - (b) splitting up into lots;
  - (c) sorting and grading;
  - (d) marking;
  - (e) putting up into sets.
6. The term "producer" includes a grower and a manufacturer and also a person who supplies his goods otherwise than by sale to another person and to whose order the last process in the course of the manufacture of the goods is applied by that other person.

Rule 2 - Goods wholly produced within the Area

For the purposes of sub-paragraph (a) of paragraph 1 of Article 5, the following are among the products which shall be regarded as wholly produced within the Area:

- (a) mineral products extracted from the ground within the Area;
- (b) vegetable products harvested within the Area;
- (c) live animals born and raised within the Area;
- (d) products obtained within the Area from live animals;
- (e) products obtained by hunting or fishing conducted within the Area;

- (g) used articles fit only for the recovery of materials, provided that they have been collected from users within the Area;
- (h) scrap and waste resulting from manufacturing operations within the Area;
- (i) goods produced within the Area exclusively from one or both of the following:
  - (1) products within sub-paragraphs (a) to (h);
  - (2) materials containing no element imported from outside the Area or of undetermined origin.

Rule 3 - Application of Percentage Criterion

For the purposes of sub-paragraph (c) of paragraph 1 of Article 5:

- (a) Any materials which meet the conditions specified in sub-paragraph (a) or (b) of paragraph 1 of that Article shall be regarded as containing no element imported from outside the Area.
- (b) The value of any materials which can be identified as having been imported from outside the Area shall be their c.i.f. value accepted by the customs authorities on clearance for home use, or on temporary admission, at the time of last importation into the Member Territory where they were used in a process of production, less the amount of any transport costs incurred in transit through other Member Territories.

- (c) If the value of any materials imported from outside the Area cannot be determined in accordance with sub-paragraph (b) of this Rule, their value shall be the earliest ascertainable price paid for them in the Member Territory where they were used in a process of production.
- (d) If the origin of any materials cannot be determined, such materials shall be deemed to have been imported from outside the Area and their value shall be the earliest ascertainable price paid for them in the Member Territory where they were used in a process of production.
- (e) The export price of the goods shall be the price paid or payable for them to the exporter in the Member Territory where the goods were produced, that price being adjusted, where necessary, to an f.o.b. or free-at-frontier basis in that Territory.
- (f) The value under sub-paragraphs (b), (c), or (d) or the export price under sub-paragraph (e) of this Rule may be adjusted to correspond with the amount which would have been obtained on a sale in the open market between buyer and seller independent of each other. This amount shall also be taken to be the export price when the goods are not the subject of a sale.

Rule 4 - Unit of Qualification

1. Each article in a consignment shall be considered separately.
2. For the purposes of paragraph 1 of this Rule:
  - (a) where the original Standard International Trade Classification specifies that a group, set or assembly of articles is to be classified within a single item, such a group, set or assembly shall be treated as one article;
  - (b) tools, parts and accessories which are imported with an article, and the price of which is included in that of the article or for which no separate charge is made, shall be considered as forming a whole with the article, provided that they constitute the standard equipment customarily included on the sale of articles of that kind;
  - (c) in cases not within sub-paragraphs (a) and (b), goods shall be treated as a single article if they are so treated for purposes of assessing customs duties by the importing Member Territory.
3. An unassembled or disassembled article which is imported in more than one consignment because it is not feasible for transport or production reasons to import it in a single consignment shall, if the importer so requests, be treated as one article.

Rule 5 - Segregation of materials

1. For those products or industries where it would be impracticable for the producer physically to segregate materials of similar character but different origin used in the production of goods, such segregation may be replaced by an appropriate accounting system, which ensures that no more goods received Area tariff treatment than would have been the case if the producer had been able physically to segregate the materials.
2. Any such accounting system shall conform to such conditions as may be agreed upon by the Member Territories concerned in order to ensure that adequate control measures will be applied.

Rule 6 - Treatment of mixtures

1. In the case of mixtures, not being groups, sets or assemblies of separable articles dealt with under Rule 4, a Member Territory may refuse to accept as being of Area origin any product resulting from the mixing together of goods which would qualify as being of Area origin with goods which would not so qualify, if the characteristics of the products as a whole are not essentially different from the characteristics of the goods which have been mixed.
2. In the case of particular products where it is, however, recognized by Member Territories concerned to be desirable to permit mixing of the kind described in the foregoing paragraph, such products shall be accepted as of Area origin in respect of such part thereof as may be shown to correspond to the quantity of goods of Area origin used in the mixing, subject to such conditions as may be agreed upon.

Rule 7 - Treatment of Packing

1. Where for purposes of assessing customs duties a Member Territory treats goods separately from their packing, it may also, in respect of its imports consigned from another Member Territory, determine separately the origin of such packing.
2. Where paragraph 1 of this Rule is not applied, packing shall be considered as forming a whole with the goods and no part of any packing required for their transport or storage shall be considered as having been imported from outside the Area, when determining the origin of the goods as a whole.
3. For the purpose of paragraph 2 of this Rule, packing with which goods are ordinarily sold by retail shall not be regarded as packing required for the transport or storage of goods.

Rule 8 - Documentary Evidence

1. A claim that goods shall be accepted as eligible for Area tariff treatment shall be supported by appropriate documentary evidence of origin and consignment. The evidence of origin shall consist of either:

- (a) a declaration of origin completed by the last producer of the goods within the Area, together with a supplementary declaration completed by the exporter in cases where the producer is not himself or by his agent the exporter of the goods; or
- (b) a certificate given by a governmental authority or authorized body nominated by the exporting Member Territory and notified to the other Member Territories together with a supplementary declaration completed by the exporter of the goods.

These declarations, certificates and supplementary declarations shall be in such form as may be agreed by the Governments of all the signatory Territories, and a copy of such Agreement shall be deposited with the Government of Antigua by which certified copies shall be transmitted to all other signatory and participating Territories. The agreed forms shall, for the purposes of paragraph 5 of Article 5, be deemed to form part of this Annex.

2. The exporter may choose either of the forms of evidence referred to in paragraph 1 of this Rule. Nevertheless the authorities of the country of exportation may require for certain categories of goods and evidence of origin shall be furnished in the form indicated in sub-paragraph (b) of that paragraph.

3. In cases where a certificate of origin is to be supplied by a governmental authority or an authorized body under sub-paragraph (b) of paragraph 1 of this Rule, that authority or body shall obtain a declaration as to the origin of the goods given by the last producer of the goods within the Area. The governmental authority or the authorized body shall satisfy themselves as to the accuracy of the evidence provided; where necessary they shall require the production of additional information, and shall carry out any suitable check. If the authorities of the importing Member Territory so require, a confidential indication of the producer of the goods shall be given.

4. Nominations of authorized bodies for the purpose of sub-paragraph (b) of paragraph 1 of this Rule, may be withdrawn by the exporting Member Territory if the need arises. Each Member Territory shall retain, in regard to its imports, the right of refusing to accept certificates from any authorized body which is shown to have repeatedly issued certificates in an improper manner, but such action shall not be taken without adequate prior notification to the exporting Member Territory of the grounds for dissatisfaction.

5. In cases where the Member Territories concerned recognize that it is impracticable for the producer to make the declaration of origin specified in sub-paragraph (a) of paragraph 1 or in paragraph 3 of this Rule, the exporter may make that declaration in such form as those Member Territories may for the purpose specify.

6. The Council may decide that further or different provisions concerning evidence of origin or of consignment shall apply to particular categories of goods or classes of transactions.

#### Rule 9 - Verification of Evidence of Origin

1. The importing Member Territory may as necessary require further evidence to support any declaration or certificate of origin furnished under Rule 8.

2. The importing Member Territory shall not prevent the importer from taking delivery of the goods solely on the grounds that it requires such further evidence, but may require security for any duty or other charge which may be payable.

3. Where, under paragraph 1 of this Rule, a Member Territory has required further evidence to be furnished, those concerned in another Member Territory shall be free to produce it to a governmental authority or an authorized body of the latter Territory, who shall, after thorough verification of the evidence, furnish an appropriate report to the importing Member Territory.

4. Where it is necessary to do so by reason of its legislation, a Member Territory may prescribe that requests by the authorities of importing Member Territories for further evidence from those concerned in the Member Territory shall be addressed to a specified governmental authority, who shall after thorough verification of the evidence furnish an appropriate report to the importing Member Territory.

5. If the importing Member Territory wishes an investigation to be made into the accuracy of the evidence which it has received, it may make a request to that effect to the other Member Territory or Territories concerned.

6. Information obtained under the provisions of this Rule by the importing Member Territory shall be treated as confidential.

#### Rule 10 - Sanctions

1. Member Territories undertake to introduce legislation, making such provision as may be necessary for penalties against persons who, in their territory, furnish or cause to be furnished a document which is untrue in a material particular in support of a claim in another Member Territory that goods should be accepted as eligible for Area tariff treatment. The penalties applicable shall be similar to those applicable in cases of untrue declarations in regard to payment of duty on imports.

2. A Member Territory may deal with the offence out of court, if it can be more appropriately dealt with by a compromise penalty or similar administrative procedure.

3. A Member Territory shall be under no obligation to institute or continue court proceedings, or action under paragraph 2 of this Rule:

- (a) if it has not been requested to do so by the importing Member Territory to which the untrue claim was made; or
- (b) if, on the evidence available, the proceedings would not be justified.

THE CARIBBEAN FREE TRADE ASSOCIATION

THE SIGNATORY GOVERNMENTS -

BEING THE Governments of the Signatory Territories within the meaning of Article 31 of the Agreement for establishment of the Caribbean Free Trade Association;

DESIROUS of encouraging the agricultural development of the Caribbean Free Trade Area as a whole by ensuring that commodities capable of being produced in the Area are in fact produced and distributed at prices remunerative to growers and reasonable to consumers;

CONSCIOUS of the importance of agriculture in the economies of the region, particularly to those of the less-developed Territories;

HAVE AGREED as follows:

1. In this Protocol, unless the context otherwise requires:

"the Agreement" means the Agreement for establishment of the Association, as modified by a Supplementary Agreement for the purpose of widening the area of the Association;

"Member Territory" shall have the meaning assigned thereto by paragraph 2 of Article 1 of the Agreement;

"participating Government" means any Signatory Government belonging to a Member Territory;

"Secretariat" means the Secretariat providing services for which arrangements are made under sub-paragraph (b) of paragraph 1 of Article 29 of the Agreement.

2. (1) No participating Government shall import or permit the importation of any commodity, except in conformity with the terms of this Protocol.
- (2) Except in conformity with the terms of any binding recommendations pursuant to sub-paragraph (1)(c) of paragraph 7 and sub-paragraph (2) of paragraph 8, no participating Government shall export any commodity mentioned in such list as may be established by virtue of any such recommendation in

the light of negotiations between participating Governments with respect to the supply of specified amounts of the commodities so mentioned, account being taken in such negotiations of the objective of satisfying the demands of the Area and the desirability of maintaining and encouraging earnings from markets outside the Area.

(3) Pursuant to information supplied by participating Governments as required by paragraph 6 (in conformity with sub-paragraph (6) whereof "import" in the following provisions of this sub-paragraph shall be construed), the Secretariat will allocate markets for each commodity among Member Territories proportionately:

- (a) as regards importing Member Territories, to their respective import requirements; and
- (b) as regards exporting Member Territories, to the availability for export to the Area from them, respectively.

of the commodity in question.

3. Subject to paragraphs 4 and 5, imports of any commodity into a Member Territory shall be from within the Area;

Provided that, during a period of three years commencing with the date of the coming into operation of this Protocol, imports of any commodity into a Member Territory from outside the Area may, in the aggregate for each of those years, amount to not more than 30 per cent of the imports of such commodity into that Member Territory from outside the Area during the year 1966.

4. (1) Imports of any commodity into a Member Territory from outside the Area, not being allowed under the proviso to paragraph 3, are permissible by prior sanction of the Secretariat at the Member Territory's request made through notification thereof by its Government to the Secretariat.

(2) The Secretariat shall give such sanction only when a deficit in reference to the commodity in question has been declared to exist in the said Member Territory under sub-paragraph (4) of paragraph 6.

5. Any participating Government may import as mentioned in sub-paragraph (1) of paragraph 4, but without the sanction of the Secretariat, or may permit to be so imported, planting material for any crop, or breeding stock for livestock, of which any commodity is a product.

6. (1) Not later than 30 September in every year, and before the commencement of each of such other periods as the Secretariat may from time to time appoint for the purpose, every participating Government shall notify estimates of its Territory's import requirements and production, and of the availability for export therefrom, of each commodity during the next following year or during that period, as the case may be, to the Secretariat.

(2) The Secretariat shall, in reference to each commodity produced in the Area, inform participating Governments regularly whether, and to what extent (if any):

- (a) such production is likely to be available; and
- (b) there is likely to be a shortage of that commodity, for export.

(3) The participating Government of every Member Territory shall from time to time inform the Secretariat of:

- (a) such imports of any commodity into that Territory as it requires to obtain by purchase; and
- (b) such exports from that Territory of any commodity produced in the Area as are suppliable on sale.

(4) A deficit of any commodity shall be deemed for the purposes of sub-paragraph (2) of paragraph 4 to exist when:

- (a) any purchase requirements of the commodity have, after being notified by the Government of any Member Territory to the Secretariat in conformity with sub-paragraph (3)(a) of this paragraph, remained unsatisfied; or
- (b) there has been any such shortage of the commodity as is mentioned in sub-paragraph (2) of this paragraph;

for such period not exceeding four weeks as the Secretariat shall consider appropriate for the purpose, and the Secretariat shall, upon the expiration of that period, declare the existence of such deficit in the said Member Territory or in the Member Territories affected by the said shortage, as the case may be.

(5) Participating Governments shall furnish the Secretariat at its request with such statistics and other information as may be required for the proper functioning of this Protocol.

(6) Every reference in the foregoing provisions of this paragraph to exportation shall be construed as a reference to exportation to Member Territories and no reference in those provisions to importation shall be construed to include a reference to importation under the proviso to paragraph 3 or paragraph 5.

7. (1) The Secretariat shall convene a conference in every year for the following purposes:

- (a) to consider the f.o.b. price to be fixed under sub-paragraph (2) of paragraph 8 for exports during the next following year of each commodity from one Member Territory to another;

- (b) to review the list in the Annex to this Protocol, the working of this Protocol and the list, if any, established in pursuance of sub-paragraph (2) of paragraph 2;
- (c) to consider any matter connected with this Protocol and referred to the conference by any participating Government;

and to make recommendations thereon.

(2) The Secretariat may convene a special conference whenever the circumstances so require.

(3) Every conference shall consist of the delegates of the participating Governments, one delegate (with such advisers as may be considered necessary) to be nominated by each Government.

(4) Every conference shall elect its chairman from among the delegates nominated thereto.

(5) Every conference shall be serviced by the Secretariat.

8. (1) Every such conference as aforesaid shall be advisory to participating Governments and its decisions shall be framed in that sense.

(2) A recommendation of any such conference when accepted by two thirds of the participating Governments shall become binding on all the participating Governments, except with respect to matters in the case of which it has been prescribed, by agreement between the participating Governments, that unanimity among them is required for the purpose.

9. (1) It shall be the responsibility of the Secretariat:

- (a) to ensure that information with respect to export availability and import requirements is furnished, and imports are authorized, in conformity with the provisions of this Agreement;
- (b) to inform all participating Governments of requests and arrangements for the purchase and sale within the Area, and the importation into the Area, of any commodity;
- (c) otherwise, subject to the provisions of sub-paragraph (3) of this paragraph, to administer this Agreement.

(2) The Secretariat shall compile and circulate to participating Governments periodically and regularly statistics relating to production and trade in agricultural products in the Area.

(3) Every participating Government shall be responsible for the administration within its Territory of this Agreement and shall notify to the Secretariat all importations of any commodity into the Territory from outside the Area.
