## FRANCO-GERMAN TREATY ON THE SAAR

### Eleventh Annual Reports (1968) Submitted by France and the Federal Republic of Germany

Under paragraph 5 of the Decision of 22 November 1957 (BISD, Sixth Supplement, page 30), the Governments of France and the Federal Republic of Germany are required to submit annual reports on measures taken by them under the Decision. The following information relating to the special measures instituted in their trade relations with the Saar in 1967 has been furnished by the two Governments in two similar reports.

---

In 1967, these measures consisted in the mutual granting of tariff quotas which, on the basis of the trade relations in 1955, permitted on the one hand duty-free imports of French products into the Saar (list A) and on the other hand duty-free imports of goods from the Saar into France (list B).

The value of the French products imported into the Saar in 1967 within the frame of list A amounted to DM 844.7 million corresponding to a utilization of about 55.9 per cent of the total amount of the quotas that have been opened. During the same year products from the Saar were imported into France within the frame of list B at a value of F 632.2 million, corresponding to a utilization of about 64.4 per cent of the quotas.
