WORKING PARTY ON TRADE ARRANGEMENTS BETWEEN INDIA,
THE ARAB REPUBLIC OF EGYPT AND YUGOSLAVIA

Notification by India

The following communication dated 4 September 1973 has been received from the Permanent Mission of India.

I have the honour to refer to the Decision of the CONTRACTING PARTIES (L/3839) setting up a Working Party to examine the extension of the validity of the Agreement on Trade Expansion and Economic Co-operation between India, Egypt and Yugoslavia, and to state that while deciding to extend the period of the Agreement by five years, the three Governments considered the various steps that would have to be taken to strengthen further their co-operation in the trade and economic fields, and decided, inter alia, to expand the product coverage of the Agreement by including some more products in the Common List of products on which tariff concessions are granted by them to one another. A list of these products is enclosed. The addition of these products in the Common List will not have any adverse effect on trade of other contracting parties.

It is the expectation of the three delegations that the Working Party, while examining the question of further extension of the period of the Agreement would also examine the decision to enlarge the product coverage of the Agreement. The three delegations are ready to furnish any additional information that would facilitate consideration of the decision by the Working Party.
