RESTRICTIONS ON IMPORTS FROM POLAND

Notifications by Contracting Parties

Addendum

The following notifications have been received from the Governments of Brazil, Cuba and India.

BRAZIL

Brazil applies no discriminatory restrictions to imports from Poland.

CUBA

The Republic of Cuba does not apply discriminatory restrictions of any kind in its trade with Poland.

INDIA

The trade between Poland and India is governed by the Trade and Payments Agreement concluded between the two countries in October 1968. The Agreement is valid until 31 December 1974. Within the framework of the Agreement, imports from Poland are allowed subject to the general principle of essentiality and indigenous availability followed by India in respect of imports from any source.

India does not maintain any separate customs tariff for imports from Poland and no discrimination against Poland exists in the application of the Indian Customs Tariff.

Statistics of import and export trade of India with Poland during the years 1968 to 1972 are attached herewith.
