REGIONAL AGREEMENTS

Calendar of Biennial Reports for Examination

At their twenty-seventh session the CONTRACTING PARTIES instructed the Council to establish a calendar fixing dates for the examination, every two years, of the reports on regional agreements (SR.27/12, page 167).

At its meeting of 21 October 1974 the Council agreed on a time-table covering the period October 1974-October 1976. The time-table is reproduced herewith.

When establishing this time-table the Council was aware that some of the agreements listed were likely to be modified. The time-table will therefore be revised as appropriate when the notification of any such modification has been considered.

Contracting parties members of a regional agreement are invited to submit biennial reports on developments under the agreements concerned on the dates indicated. Consideration of the reports should take place at the earliest possible meeting of the Council thereafter.
