Item 5(c) Japan - Restrictions on imports of beef and veal

Fourth paragraph:

The second sentence should read as follows:

"He noted that the Japanese delegation did not consider that the withholding of licences constituted a modification in the import system and expressed his delegation's intention, in the event that Japan continued to claim it had no further obligation to explain its actions in the GATT, to ask, at a later Council meeting, for an examination of Japan's residual restrictions on imports of meat in the light of Japan's obligations under the GATT."
