Annex A

The Permanent Mission of the Hungarian People's Republic to the United Nations Office at Geneva, Section UNCTAD/GATT presents its compliments to the Permanent Mission of Denmark/the Netherlands/the United Kingdom to the United Nations Office at Geneva and with reference to the document GATT No. L/3994/Add.1 dated from 20 March 1974, concerning Restrictions on Imports from Hungary - Notifications by contracting parties, has the honour to inform the honourable Permanent Mission of Denmark/the Netherlands/the United Kingdom to the United Nations Office at Geneva about the following.

According to paragraph 4(c) of the Protocol for the Accession of Hungary to the General Agreement on Tariffs and Trade, "contracting parties shall notify on entry into force of this Protocol, on 1 January 1975, and thereafter before the consultations provided for in paragraph 6 below, discriminatory prohibitions and quantitative restrictions still applied to imports from Hungary. Such notifications shall include a list of products subject to these prohibitions and restrictions, specifying the type of restrictions applied (import quotas, licensing systems, embargoes, etc.) as well as the value of trade effected in the products concerned and the measures adopted with a view to eliminating these prohibitions and restrictions".

The secretariat of GATT invited the contracting parties by its Airgram No. 1056 from 4 December 1973 to give their notifications according to paragraph 4(c) of the Protocol for the Accession of Hungary to GATT. Until this very day twenty-five notifications have reached the Hungarian Party. These notifications are contained in the document GATT No. L/3994 and the two addenda attached thereto.

The Hungarian Party has thoroughly examined the notifications received in the light of paragraph 4(c) of the Protocol for the Accession of Hungary to GATT and has stated the following.

The notifications in question have been submitted to the secretariat of GATT by the European Communities. At the same time, it has to be stated in this respect that the European Communities, as such, do not apply discriminatory quantitative restrictions. These restrictions on imports are applied only by the member States of the European Communities which proceed according to their own sovereign decision as to the time and the pace of the elimination of the quantitative restrictions on imports mentioned.

The notification does not specify the type of restrictions applied (import quotas, licensing systems, embargoes, etc.) as well as the measures adopted with a view to eliminating these prohibitions and restrictions.

The Hungarian Party conducted by the desire to promote a possible fast implementation of the relative resolutions of the Protocol of Accession, has compiled the list of all the quantitative restrictions applied by the member States of the European Communities which do not correspond to the Article XIII of the General Agreement. It has the honour of sending this list enclosed.

The Hungarian Party repeatedly requests the authorities of Denmark /the Netherlands/ the United Kingdom/ to communicate for their part the value of trade effected in the products concerned and the measures adopted with a view to eliminating these prohibitions and restrictions.

The Hungarian Party takes the opportunity of assuring the Permanent Mission of Denmark /the Netherlands/ the United Kingdom/ to the United Nations Office at Geneva of its sincerest respect.

ANNEXE B

La Mission permanente de la République populaire hongroise auprès de l'Office des Nations Unies, section CNUCED/GATT, présente ses compliments à la Mission permanente/de la Belgique//de la France//de l'Italie//de Luxembourg//de la République fédérale d'Allemagne/ et en se référant au document du GATT n° L/3994/Add.1 daté du 20 mars 1974, concernant les restrictions aux importations en provenance de Hongrie - Notifications des parties contractantes - a l'honneur de porter à la connaissance de l'honorable Mission permanente/de la Belgique//de la France//de l'Italie//de Luxembourg//de la République fédérale d'Allemagne/ ce qui suit.

Selon le paragraphe 4 c) du Protocole d'accésion de la Hongrie à l'Accord général sur les tarifs douaniers et le commerce, "les parties contractantes notifieront, lors de l'entrée en vigueur du présent Protocole, le 1er janvier 1975, et par la suite, avant les consultations prévues au paragraphe 6 ci-après, les prohibitions et les restrictions quantitatives discriminatoires qui seront encore appliquées à ce moment-là aux importations en provenance de Hongrie. Ces notifications comprendront une liste des produits soumis à ces prohibitions et restrictions, spécifiant le régime de licences, interdictions, etc., ainsi que la valeur des échanges portant sur les produits concernés et les mesures adoptées en vue d'éliminer ces prohibitions et restrictions".

Le secrétariat du GATT a invité les parties contractantes, dans son Aérogramme n° 1056 du 4 décembre 1974, de faire leurs notifications selon le paragraphe 4 c) du Protocole d'accésion.

Jusqu'à ce jour, 25 notifications sont parvenues à la partie hongroise. Ces notifications sont contenues dans le document GATT n° L/3994 et les deux addenda y attachés.

La partie hongroise a soigneusement examiné les notifications reçues à la lumière du paragraphe 4 c) du Protocole d'accésion et a constaté ce qui suit.

Les notifications relatives ont été soumises au secrétariat du GATT par les Communautés européennes. En même temps, il faut constater à ce propos que les Communautés européennes, comme telles, ne maintiennent pas de restrictions quantitatives discriminatoires. Ces restrictions aux importations ne sont maintenues que par les pays membres des Communautés européennes qui procèdent selon leurs propres décisions souveraines en ce qui concerne le temps et la cadence de la suppression des restrictions quantitatives discriminatoires aux importations mentionnées.

La notification ne spécifie pas le type de restrictions appliquée (contingentement des importations, régime de licences, interdictions, etc.); de plus, elle ne précise pas les mesures adoptées en vue d'éliminer ces prohibitions et restrictions.

La partie hongroise, conduite par le désir de promouvoir l'application la plus rapide possible des résolutions relatives du Protocole d'acquisition, a dressé la liste de toutes les restrictions quantitatives maintenues par les pays membres des Communautés européennes à l'encontre de la Hongrie qui ne correspondent pas à l'article XIII de l'Accord général. Elle a l'honneur de joindre cette liste à la présente.

La partie hongroise pris à nouveau les autorités /de la Belgique/ /de la France/ /de l'Italie/ /de Luxembourg/ /de la République fédérale d'Allemagne/ de communiquer de leur part la valeur des échanges portant sur les produits concernés, ainsi que les mesures adoptées en vue d'éliminer ces prohibitions et restrictions.

La partie hongroise saisit l'occasion d'assurer la Mission permanente /de la Belgique/ /de la France/ /de l'Italie/ /de Luxembourg/ /de la République fédérale d'Allemagne/ de sa parfaite considération.

ANNEX C

The Permanent Mission of the Hungarian People's Republic to the Office of the United Nations at Geneva, section UNCTAD/GATT presents its compliments to the Permanent Mission of Ireland to the United Nations Office at Geneva and with reference to the document GATT No. L/3994/Add.1 dated from 20 March 1974, concerning Restrictions on Imports from Hungary - Notifications by contracting parties, has the honour to inform the honourable Permanent Mission of Ireland to the United Nations Office at Geneva about the following.

According to paragraph 4(c) of the Protocol for the Accession of Hungary to the General Agreement on Tariffs and Trade, "contracting parties shall notify, on entry into force of this Protocol, on 1 January 1975, and thereafter, before the consultations provided for in paragraph 6 below, discriminatory prohibitions and quantitative restrictions still applied to imports from Hungary. Such notifications shall include a list of products subject to these prohibitions and restrictions, specifying the type of restrictions applied (import quotas, licensing systems, embargoes, etc.) as well as the value of trade effected in the products concerned and the measures adopted with a view to eliminating these prohibitions and restrictions."

The secretariat of GATT invited the contracting parties by its airgram No. 1056 from 4 December 1973 to give their notifications according to paragraph 4(c) of the Protocol for the Accession of Hungary to GATT.

Until this very day twenty-five notifications have reached the Hungarian party. These notifications are contained in the document GATT No. L/3994 and the two addenda attached thereto.

The Hungarian party has thoroughly examined the notifications received in the light of paragraph 4(c) of the Protocol for the Accession of Hungary to GATT and has stated the following.

The notifications in question have been submitted to the secretariat of GATT by the European Communities. At the same time, it has to be stated in this respect that the European Communities, as such, do not apply discriminatory quantitative restrictions. These restrictions on imports are applied only by the member States of the European Communities which proceed according to their own sovereign decision as to the time and the pace of the elimination of the quantitative restrictions on imports mentioned.

The notification does not specify the type of restrictions applied (import quotas, licensing systems, embargoes, etc.) as well as the measures adopted with a view to eliminating these prohibitions and restrictions.

Since, under the relevant provisions of the Arrangement Regarding International Trade in Textiles all quantitative restrictions not consistent with Article XIII of the General Agreement maintained by Ireland have been notified, the Hungarian authorities refer to the note transmitted by the Hungarian representative to the GATT on 28 November 1974, to the Chairman of the Textile Surveillance Body on this subject.

Toutes les restrictions quantitatives appliquées par l'Irlande en infraction aux dispositions de l'article XIII ayant été notifiées conformément aux dispositions applicables en l'espèce de l'Arrangement concernant le commerce international des textiles, les autorités hongroises renvoient à la note que le représentant de la Hongrie auprès du GATT a communiquée à ce sujet, le 28 novembre 1974, au Président de l'Organe de surveillance des textiles.7

The Hungarian party takes the opportunity of assuring the Permanent Mission of Ireland to the United Nations Office at Geneva of its sincerest respect.
