EUROPEAN COMMUNITIES - EMERGENCY ACTION ON  
TUNNY AND FROZEN HAKE FILLETS

Addendum

Import Restrictions on Tunny

The following communication, dated 7 January 1976, has been received from the Commission of the European Communities.

I have the honour to advise you, for the information of the CONTRACTING PARTIES, that the Commission of the European Communities has decided, by its Regulation (EEC) No. 3375/75 of 23 December 1975, to extend the validity of the action taken under Regulation (EEC) No. 460/75 concerning the suspension of imports into France of tunny intended for industrial manufacture (heading No. 03.01 B.I. (c)1 of the common customs tariff).

This action constitutes an exception of a temporary character from the normal liberalization régime applied by the EEC to imports of this product, and is justified by the critical situation still persisting in the market of one member State of the Community for this product.

The Commission declares its readiness to enter into consultation with contracting parties having a substantial interest as exporters to the Community market that may wish to examine this action with it.
