AUSTRALIA - ARTICLE XIX NOTIFICATION

Action in Respect of Sheets and Plates of Iron and Steel

Addendum

Extension of Time-Limit

The following joint communication dated 26 January 1976 has been received from the Permanent Mission of Australia and the United States.

GATT document L/4166/Add.4, dated 21 October 1975, contains a communication from the Governments of Australia and the United States, agreeing to an extension of the ninety-day period under GATT Article XIX with respect to consultations on Australia's Article XIX action on sheets and plate of iron and steel.

These consultations, however, will not be concluded prior to the expiration of the agreed extension of ninety days. Therefore the Governments of Australia and the United States have agreed that their reciprocal rights and obligations under the General Agreement shall be maintained as though the ninety-day period set forth in Article XIX:3 shall begin to run as from 8 March 1976.
