#### NORWAY

With reference to GATT/AIR/1748 I may submit the following information regarding Norwegian restrictions on imports from Hungary:

1. As set out in document L/4155/Add.1, Norway and Hungary agree on yearly protocols for the exchange of goods between the two countries. In these protocols the quotas for goods subject to import licensing in Norway - mainly textiles - are stipulated.

Since 1975 the quotas for basketwork and similar goods (ex 46.03), towels (ex 62.02), knitted nightwear of cotton (ex 60.04), underwear and nightwear of woven material, cotton or linen (ex 61.04) and leadshot cartridges (ex 93.07) have been altered and the products are now subject to liberal licensing.

This year agreement was reached on an increase in the remaining quotas, except for table linen. A list of the goods subject to quotas and the actual imports for 1979 and 1980 under these quotas is shown below.

2. The Norwegian system of global import quotas on various textile items introduced 1 January 1979 (document L/4692 and Addenda) is also applied to imports from Hungary.
3. The restrictions on Norwegian imports from Hungary must be seen in conjunction with our system concerning import licensing, automatic or quota regulated, on produced imported from all East European countries.
