SCHEDULE LXIX - ROMANIA

List of Aircraft Concessions

The following communication has been received from the Permanent Mission of Romania.

With reference to the Article 2.1.3 of the Agreement on Trade in Civil Aircraft of 12 April 1979, the products included in the attached list¹ have been exempted of customs duties on the importation in the Socialist Republic of Romania, retroactively from 25 July 1980, which is the date of entry into force of the Agreement for Romania. The list will be incorporated - as an annex - into Part 1 Schedule LXIX - Romania annexed to the Geneva (1979) Protocol to the General Agreement on Tariffs and Trade.

The validity of these concessions depends on the validity of the Agreement on Trade in Civil Aircraft for Romania.

The text of the Agreement on Trade in Civil Aircraft was published in the Official Bulletin No.47, Part I, of 16 June 1980 of the Socialist Republic of Romania.

As regards the Article 1.2 of the Agreement on Trade in Civil Aircraft, the duty-free treatment incorporated within the Schedule LXIX - Romania, annexed to the Geneva (1979) Protocol to the General Agreement on Tariffs and Trade, refers to all aircraft other than those belonging to the military entities.

If no objection is notified to the secretariat within three months from the date of the present document, the list of aircraft concessions of Romania will be deemed to be approved and its incorporation into Schedule LXIX - Romania will be formally certified in connexion with the publication of the Romanian schedule in loose-leaf form.

Romanian list of products
covered by the Agreement on Trade in Civil Aircraft

The list of the products is based on the Customs Cooperation Council Nomenclature headings.

Note: 1. The following products shall be exempted of customs duties if such products are for use in a civil aircraft and incorporation therein, in the course of its manufacture, repair, maintenance, rebuilding, modification or conversion. These products shall not include:

- incomplete or unfinished products, unless they have the essential characteristics of complete or finished civil aircraft parts, components, subassemblies or items of equipment (e.g., articles which have a civil aircraft manufacturer's parts number);
- materials in any form (e.g., sheets, plates, profile shapes, strips, bars, pipes, tubes, or other shapes) unless they have been cut to size or shape or shaped for incorporation in civil aircraft (e.g., articles which have a civil aircraft manufacturer's parts number);
- raw materials and consumable goods.

2. For the purpose of this list, "ex" means that for each CCGN heading listed below, the corresponding named products (or groups of products) will be accorded duty-free or duty-exempt treatment, if they are for use in civil aircraft and incorporation therein¹.

The following list is authentic in the English and French languages.

¹"Flight simulators and parts thereof: ex. 88.05" are also included, though they do not have to be incorporated.
