AGREED MINUTE

1. A delegation from the Republic of Peru and a delegation from the European Economic Community met in Brussels on 11 to 13 July to hold consultations in accordance with the provisions of Article 8 of the Agreement between the EEC and the Republic of Peru on trade in textile products, initialled on 22 June 1982.

2. As a result of these consultations Peru has agreed to limit its exports in Category 4 (Nimexe 60.04 - 19, 20, 22, 23, 24, 26, 41, 50, 58, 71, 79, 89) to France and Italy for the following periods and to the following levels:

France

14 June - 31 December 1983 :	650,000 pieces
1984 :	1,100,000 pieces
1985 :	1,144,000 pieces
1986 :	1,190,000 pieces

Italy

1 August - 31 December 1983:	500,000 pieces
1984 :	2,000,000 pieces
1985 :	2,080,000 pieces
1986 :	2,164,000 pieces

3. As an exception it has been agreed that unused quantities within the limit fixed for exports to France during the period from 14 June to 31 December 1983 may be carried forward to the year 1984 up to a limit of 400,000 pieces, over and above the provisions for flexibility contained in the Agreement.

4. At the request of Peru, the Community is willing to examine with the greatest attention the possibilities for increasing the agreed limit for the French market in 1984 and subsequent years, according to the situation in the sector in question in that region of the Community and the trend of imports into that market of products in Category 4.

5. As regards the limit for the Italian market for 1984 to 1986, the Peruvian authorities will ensure that at least 25 per cent of these quantities can be reserved for the export of high quality T-shirts made from tanguis and pima yarns.

6. It is understood that the provisions of the agreement concerning exports of products subject to the quantitative limits prescribed in Annex II apply to exports of products in Category 4 to the regions of the Community concerned as from the above-mentioned dates.
