Notification by the European Communities

Addendum

The following communication, dated 7 January 1986, has been received from the delegation of the Commission of the European Communities for circulation to contracting parties.

The arrangement of 10 January 1985 between the United States and the European Communities concerning trade in steel pipes and tubes (L/5773 of 18 January 1985) has been extended by the two parties until 30 September 1989.

The arrangement, in the form of an exchange of letters, provides for a limitation, under certain conditions, of exports of steel pipes and tubes from the European Communities to the United States. The text has been published in the Official Journal of the Communities (O.J. L/340 of 17 December 1985).

This notification is made under paragraph 3 of the "Understanding Regarding Notification, Consultation, Dispute Settlement and Surveillance", and is without prejudice to the rights of the European Communities under the General Agreement.
