PROPOSALS REGARDING QUANTITATIVE RESTRICTIONS AND OTHER NON-TARIFF MEASURES

Republic of Korea

The report (1985) of the Group on Quantitative Restrictions and Other Non-Tariff Measures, adopted by the CONTRACTING PARTIES at their forty-first session, contains the recommendation that contracting parties, following on the submissions already presented in 1985 (NTM/W/12 and Addenda), should make specific written proposals by the end of April 1986 directed towards the achievement of the objectives laid down by Ministers (L/5888, paragraph 49).

The following communication, dated 20 August 1986, has been received from the Permanent Mission of the Republic of Korea.

The Permanent Mission of the Republic of Korea, in response to the recommendation in paragraph 54(g) of the report (1985) of the Group on Quantitative Restrictions and Non-Tariff measures, has the honour to forward to the Secretariat the import liberalization plan of the Republic of Korea.

The Permanent Mission of the Republic of Korea has further the honour to request that the above plan be circulated to contracting parties.

Import Liberalization Plan of the Republic of Korea

Thus far, the Korean Government has steadily opened Korea's domestic markets to foreign traders in successive steps. In 1985, 233 import items were transferred to Automatic Approval (AA) items. This raised the import liberalization ratio to 87.7 per cent up from 84.7 per cent in 1984. The ratio was further increased to 91.5 per cent from July 1, this year by liberalizing imports of 301 commodities (The list attached in appendix). Import items to be liberalized in 1987, 1988 have been announced in advance so that domestic industries can prepare themselves to compete, and that any interested foreign firms may find it easier to set up plans in time to enter the Korean market. The following table illustrates that import liberalization ratio will steadily increase over the next two years and by 1988, is expected to reach 95.4 per cent. Thus virtually no industrial products will be subject to import barriers other than tariff.

	Total	Restricted	Import liberalization schedule	
			1987	1988
Number of items (CCCN 8 digit)	7,915	670	160	141
Import Liberalization ratio (%)		91.5	93.8	95.4

The following table summarizes the import liberalization schedule by industry

	Total	Restricted	No of items to be Liberalized	
			1987	1988
Total	7,915	670 (91.5)	160 (93.6)	141 (95.4)
Primary goods, foods, beverages	1,386	280 (79.8)	5 (80.1)	5 (80.5)
Chemical products, paper, ceramics	2,182	46 (97.9)	30 (99.1)	10 (99.6)
Steel and metal products	797	11 (98.6)	5 (100)	-
Machinery	1,414	148 (89.5)	55 (93.3)	94 (100.0)
Electric and electronic products	494	64 (87.0)	42 (95.5)	22 (100.0)
Textiles and garments	1,089	42 (96.1)	9 (96.9)	10 (97.8)
Miscellaneous goods	553	79 (85.7)	14 (88.2)	-

*figures in the parenthesis denotes the import liberalization ratio.
