Prague, 5th March 1987

Introduction

1. This Agreement sets out the Arrangements that have been made between the Government of Norway and the Government of the Czechoslovak Socialist Republic regarding the exports of certain textile products from the Czechoslovak Socialist Republic for imports into Norway.

2. These arrangements have been made having regard to the Arrangement Regarding International Trade in Textiles (hereinafter referred to as the Arrangement), as extended by the Protocol of 31.07.1986, bearing in mind particularly the provisions of Article 1.2, Article 1.6 and Article 4 of the MFA.

Coverage

3. These arrangements apply to the exports of the Czechoslovak Socialist Republic to Norway of the textile products listed in Annex A to this Agreement when these are made of cotton, wool, man-made fibres or blends thereof, in which any, or all of those fibres in combination represent either the chief value of the fibres or 50 per cent or more by weight (or 17 per cent or more by weight of wool) of the product.

Classification

4. For the purpose of classifying textile products in the appropriate category, the definitions set out in Annex A will apply.

5. In case of divergent opinions between the competent Norwegian and Czechoslovak Authorities on the classification of products covered by this Agreement, consultations as provided for in Paragraph 15 of this Agreement shall be held with a view of reaching agreement on the appropriate classification of the products concerned and of resolving any difficulties arising therefrom. For this purpose, the authorities of the Czechoslovak Socialist Republic shall be informed by the competent authorities in Norway as soon as a case of divergent opinions on the classification of products arises.

Pending agreement on the appropriate classification and in order to avoid disruption of trade, the products in question shall be imported on the basis of the classification indicated by the competent Norwegian authorities, in conformity with the provisions of this Agreement.

Restraint levels

6. For products listed in Annex B of this Agreement, the Czechoslovak Socialist Republic shall for each period during the term of this Agreement restrain its exports to Norway to the limits set out in Annex B.

Flexibility provisions

7. (a) If in any restraint period of this Agreement, levels specified in Annex B of this Agreement for any categories are not fully utilized, the Government of the Czechoslovak Socialist Republic may, after prior notification to the Government of Norway during the subsequent twelve months period approve the

exports of additional amounts (carryover) equivalent to such shortfalls provided that such exports are in the same categories where the shortfalls occurred and do not exceed the percentages set out under column (d), Annex B.

(b) During each restraint period of this Agreement, the Government of the Czechoslovak Socialist Republic may, after prior notification to the Government of Norway, approve the exports of amounts in excess of the levels specified in Annex B of this Agreement up to the percentages set out in Annex B under column (e) increased by the appropriate growth rate of these levels (carry forward) for the current restraint period. Where specific levels have been increased by carry forward the Government of the Czechoslovak Socialist Republic shall inform the Government of Norway of the carry forward quantities and debit these to the corresponding levels which are agreed or may be agreed upon for the subsequent period.

(c) During each restraint period of this Agreement, the Government of the Czechoslovak Socialist Republic may, after prior notification to the Government of Norway approve the exports of amounts in excess of the levels specified in Annex B to this Agreement up to the percentages set out in Annex B under Column (f) increased by the appropriate growth rate (swing). Where specific levels have been increased by swing a corresponding reduction shall be made in one or more of other levels calculated on the basis of the conversion factors listed in Annex B, column (h).

(d) During each restraint period of this Agreement, the

additional export quantities resulting from carryover, carry forward and swing taken together shall, for each specific level, not exceed the percentages set out in Annex B under column (g).

Products covered by the Agreement without restraint levels.

8. Imports of textile products covered by this Agreement which are not subject to restraint levels shall be subject to a dual system of export and import administrative control.

When imports of a product listed in Annex A not subject to restraint levels have reached a level corresponding to 1.5 % of the preceding calendar year's total imports into Norway of that product and the imports cause or threaten to cause market disruption as defined in Annex A of the MFA, the Norwegian Government may request consultations in order to establish a restraint level for the products concerned.

Pending a mutually acceptable solution through this consultation, the Norwegian Government may fix a quantitative limit at least at the volume reached by imports of the product in question in the twelve-months period preceding the request for consultation, and the annual growth rate in such a case shall not be less than 2 %.

Administration

9. Exports from the Czechoslovak Socialist Republic to Norway of textile products listed in Annex B shall be subject to a double-checking system by the Norwegian and Czechoslovak authorities, as specified in Annex C of the Agreement.

Circumvention

10. The Government of Norway and the Government of the Czechoslovak Socialist Republic agree to cooperate fully in dealing with problems relating to circumventions of the arrangements set out in this Agreement.

When information available to the Norwegian authorities indicates that products of Czechoslovak origin listed in Annex B to this Agreement have been imported into Norway by transshipment, rerouting or otherwise, in circumvention of the arrangements set out in this Agreement, Norway may ask for consultations as provided for in Paragraph 15 of this Agreement, with a view to agree on an appropriate solution.

If the parties fail to reach a mutually satisfactory solution within a period of 51 days from the date when the request for consultations was received, the Norwegian authorities may, if solid evidence of circumvention has been provided and pending the outcome of the consultations, carry out an appropriate adjustment of the restraint level for the products concerned, for the current or the following calendar year.

Seasonal fluctuations

11. The Government of the Czechoslovak Socialist Republic will endeavour to ensure by way of issuing export licences that exports of textile products covered by this Agreement and subject to restraint levels are spaced out as evenly as possible each calendar year, however taking into consideration possible concentration of exports attributable to normal seasonal factors.

Rules of origin

12. The origin of the products covered by this Agreement shall be determined in accordance with the rules in force in Norway and the procedures for control of the origin of the products set out in Annex C. Any changes in these rules shall be notified to the Czechoslovak authorities.

Re-exports

13. Exports from the Czechoslovak Socialist Republic to Norway of textile products covered by this Agreement shall not be subject to restraint levels established in Annex B, provided that the export licence certifies that the products concerned are for re-exports outside Norway.

Where the competent Norwegian authorities have evidence that products exported from the Czechoslovak Socialist Republic against a restraint level established in Annex B have been subsequently re-exported outside Norway, the Norwegian authorities shall notify the Government of the Czechoslovak Socialist Republic of the quantities involved. Upon receipt of such notification, the Government of the Czechoslovak Socialist Republic may authorize for the current calendar year exports of identical quantities of products within the same category, which shall not be set off against the quantitative limits established in Annex B.

Exchange of statistics

14. For all products covered by Annex B of this Agreement

- the Government of the Czechoslovak Socialist Republic undertakes to provide the Government of Norway with quarterly statistics of all export licences issued by the authorities for each category for the current restraint period.

For all products covered by this Agreement

- the Government of Norway undertakes to provide the Government of the Czechoslovak Socialist Republic with quarterly statistics of total imports and of imports authorised from Czechoslovakia by the authorities for each category for the current restraint period.

Each report shall be transmitted before the end of the second month following the month covered by the report.

Consultations

15. The Government of Norway and the Government of the Czechoslovak Socialist Republic agree to consult at the request of either Government, on any question arising in the application of this Agreement.

Any request for consultations shall be notified in writing to the other party together with a statement explaining the reason and circumstances that led to the request.

The parties shall enter into consultations within 30 days at the latest from when the request was made, with a view to arriving at a mutually satisfactory conclusion in conformity with the provisions of the Arrangement within a further 30 days at the latest.

Other textile products

16. Both parties reserve their rights under the MFA with respect to textile products not covered by this Agreement.

Reintroduction of restraints

17. It is agreed by the Government of Norway that if restraint levels were introduced under the provisions of Paragraph 15 of this Agreement for any category or categories of products that were subject to quantitative limits in the agreement of July 1984 but were subsequently removed, the annual restraint levels so fixed shall not be less than the highest restraint levels obtained for that category or categories of products in any agreement year in the past duly increased by an annual growth rate.

General

18. The present Agreement shall provisionally enter into force from 1 July 1987, until 30 June 1992.

19. Either party may at any time propose modifications to this

Agreement. Such proposals shall lead to consultations in accordance with the procedures outlined in Article 15.

Either party may at any time denounce this Agreement provided that at least 60 days notice is given. In that event the Agreement shall come to an end on the expiry of the period of notice.

The Annexes to this Agreement and the Agreed Minutes shall be considered as an integral part thereof.

Done in two originals in Oslo on 9 March 1987 in the English language, both texts being equally authentic.

ANNEX C

ADMINISTRATIVE COOPERATION

1. Products originating in the Czechoslovak Socialist Republic for export to Norway in accordance with the arrangements established by this Agreement shall be accompanied by a certificate of Czechoslovak origin conforming to the specimen attached as Annex D, including full description of the Goods.

The certificate of Czechoslovak origin shall be issued by the Czechoslovak Chamber of Commerce and Industry.

2. The competent authorities of the Czechoslovak Socialist Republic shall issue export licences in respect of consignments from the Czechoslovak Socialist Republic for exports to Norway of products covered by Annex B. The export licences shall conform to the specimen attached as Annex E.

3. For products covered by Annex B, the authorities of the Czechoslovak Socialist Republic shall issue export licences up to the restraint levels agreed through this Agreement. The export licence must certify that the quantity of the product in question has been set off against the restraint level prescribed for the category of the product in question.

4. Each export licence shall cover only one of the categories or products listed in Annex B to this Agreement.

5. Exports shall be set off against the restraint levels established for the year in which shipment of the goods has been effected.

6. The presentation of an export licence, in application of paragraph 7 below, shall be effected not later than 31 July of the quota year following the quota year in which the goods covered by the licence have been shipped.

7. Importation into Norway of textile products subject to restraint levels shall be subject to the presentation of appropriate import documents.

The competent Norwegian authorities shall issue such import documents automatically within ten working days of the presentation by the importer of the original of the corresponding export licence.

8. The competent Norwegian authorities must be notified forthwith of the withdrawal or alteration of any export licence already issued.

The competent Norwegian authorities shall cancel the already issued import documents if the corresponding export licence has been withdrawn.

However, if the competent Norwegian authorities have not been notified about the withdrawal or cancellation of the export licence until after the products have been imported into Norway,

the quantities involved shall be set off against the restraint level for the category and period in question, and the authorities of the Czechoslovak Socialist Republic shall be informed as soon as possible after the receipt of the notification on the withdrawal of the export licence.

9. If the competent Norwegian authorities find that the total quantities covered by export certificates issued by the authorities of the Czechoslovak Socialist Republic for a particular category in any period exceed the restraint level established for that category, the said authorities may suspend the further issue of import documents. In this event, the competent Norwegian authorities shall immediately inform the authorities of the Czechoslovak Socialist Republic and the special consultation procedure set out in Paragraph 15 of the Agreement shall be initiated forthwith.

10. The duplicate or any such certificate or licence so issued shall bear the endorsement "duplicate".

The duplicate must bear the date of the original export licence or certificate of Czechoslovak origin.

14. The Government of the Czechoslovak Socialist Republic shall send the Norwegian Ministry of Trade the names and addresses of the governmental authorities or other bodies competent for the issue and verification of export licences and certificates of Czechoslovak origin together with specimens of the stamps used by them.
