Addendum

Canada

The delegation of Canada has provided the secretariat with a French and English copy of the official order form for the new Department of Supply and Services publication, "Government Business Opportunities".

Also submitted, as referred to in the recent Canadian submission (GPR/W/95) on the topic of a uniform statistical classification, is a loose-leaf binder containing a copy of the Department of Supply and Services effort to correlate the Harmonized System coding and that of the Federal Supply Classification.

The above documents are available for reference in the secretariat.
