- Pages 192-193 , delete point II.A.1.
- Page 193:
 - replace point II.B., with the following: "To reduce labour costs a few French knitwear and garment firms started in 1986 to shift production abroad, mainly to Morocco and Tunisia".
 - point II.C.2., first paragraph, fourth line should read: "... with the building and public works".
- Page 197, heading for the first table should read "PERSONAL EXPENDITURES^{5/}".

- Page 223:
 - delete paragraph II.A.
 - delete paragraph II.D.
- Page 229, third paragraph, fourth line should read: "... 44.8 per cent with respect to 1978".
- Page 231, first paragraph, third line should read: "... surprising. This is due to the change in the methodology of data collection by ISTAD which led to a consistent increase in the number of firms gathered."
- Page 232, fifth paragraph, first and second lines should read: "The Italian textiles and clothing industry (firms with more than twenty employees) invested lire 1,800 billion (US\$1.44 billion)...".
- Page 243, fourth paragraph, last line should read: "... improving quality.²¹¹ In particular, some strategic choices aiming at the specialization in some particular markets and some particular medium-range products have proved their efficiency."
- Page 253
 - the fourth paragraph, third line should read: "... 32.1 per cent at the end of the 1980-1986 period. In this sector, the increase was ...";
 - replace the fifth paragraph with the following: "During the period under consideration the production indices of the textiles and clothing industries grew less than the production indice of the total manufacturing industry."
- Page 254, replace the last paragraph, last line with the following: "There is a trend to invest also in marketing fashion, design and vocational training."
- Page 256, replace point II.B., second paragraph with the following: "Although there has been a substantial foreign presence in Portugal for a long time, an acceleration in the pace of takeovers has recently occurred."
- Pages 256-257, replace point II.C.I., second paragraph with the following: "A centre of textile technology is now being implemented and training schools are being co-financed by the Institute of Employment and, in Lisbon, by clothing manufacturers' associations producing formally qualified designers and other skilled workers".
- Page 257, second paragraph, second line should read: "... exhibition centres in Porto and Lisbon, mainly to act as a clearing house for ideas, ...".

- Page 258, point III.B., first paragraph, lines three-six should read: "...being one which warrants specific support. However, those sectors of the industry with special difficulties of commercial and technological adaptation and inadequate company structures can receive help to modernize, always with the proviso that output is not increased as a result. Such a programme has only been agreed for the wool industry.²³⁵"
