COMMUNICATION IN PURSUANCE OF PARAGRAPH 3 OF THE  
UNDERSTANDING REGARDING NOTIFICATION, CONSULTATION,  
DISPUTE SETTLEMENT AND SURVEILLANCE

Communication from Indonesia

The following communication, dated 30 September 1992, has been received from the Permanent Mission of the Republic of Indonesia.

---

Pursuant to paragraph 3 of the Understanding regarding Notification, Consultation, Dispute Settlement and Surveillance, adopted on 28 November 1979, I enclose copies of Decree No. 534/KMK.013/1992 of 27 May 1992 and Decree Nos. 177, 178, 179/Kp/VI/92 of June 1992, which introduces some changes in the Government Regulations on Exports.

The decree mentioned above is a revocation of the export ban of rattan, timber and non-leather products or products other than wood and rattan, nevertheless the decree also sets the fixing of the rates of the settlement and payment procedure of export tax and/or export surcharge, which are fixed by ad valorem rates (percentages) and ad naturam rates (specific rates).

At the same time, I also wish to reiterate that this is yet another autonomous effort made by the Government of Indonesia to liberalize its exports, in compliance with the objective of the Uruguay Round. Accordingly, it is the wish of the Government of Indonesia to bring these decrees to the attention of the other contracting parties.

THE FIXATION OF THE RATES OF AND THE PROCEDURE  
FOR THE SETTLEMENT AND PAYMENT  
OF EXPORT TAX AND/OR EXPORT SURCHARGE  
(Decree of the Minister of Finance No. 534/KMK.013/1992  
dated 27 May 1992)

THE MINISTER OF FINANCE,

- Considering:
- (a) that within the framework of further boosting the export of finished products and further expanding job opportunities as well as increasing foreign exchange receipts, it is deemed necessary to adjust the rates of export tax and/or export surcharge;
  - (b) that in this conjunction it is deemed necessary to restipulate the rates of export tax and or export surcharge by a decree of the Minister of Finance.

Taking into  
account:

- 1. The letter of the Minister of Trade No. 351/M/IX/90 dated 20 September 1990.
- 2. The letter of the Minister of Trade No. 352/M/IX/90 dated 20 September 1990.

DECIDES:

To stipulate: THE DECREE OF THE MINISTER OF FINANCE ON THE FIXATION OF THE RATES OF THE PROCEDURE FOR SETTLEMENT AND PAYMENT OF EXPORT TAX AND/OR EXPORT SURCHARGE.

Article 1

- 1. The export of certain goods shall be subject to the export tax (PE) and/or export surcharge (PET).
- 2. The fixation and amendment of the rates of export tax and/or export surcharge shall be stipulated by the Minister of Finance after consultation with the Minister of Trade.

Article 2

1. The rates of export tax (PE) and/or export surcharge (PET) on export commodities shall be fixed by:
  - (a) Ad valorem rates (percentages).
  - (b) Ad naturam rates (specific rates).
2. The rates of PE and of PET shall be as contained in Attachment II, and III to this decree.
3. Especially for certain processed wood, the imposition of export tax at US\$0/m<sup>3</sup> shall meet the specifications as contained in Attachment III to this decree.
4. Certain types of processed wood regulated in Attachment III to this decree which fail to meet the specifications stipulated in the said attachment, shall be subject to PE as contained in Attachment II to this decree with the provision that if the processed wood is made up of several species of wood, the highest PE for the relevant species shall be imposed.

Article 3

1. The amount of PE and or PET on export commodities subjected to ad valorem rates shall respectively be calculated as the following:
  - (a)  $PE = PE \text{ rate} \times \text{export check price} \times \text{total of unit of goods.}$
  - (b)  $PET = PET \text{ rate} \times \text{export check price} \times \text{total of unit of goods.}$

Export commodities which are without export check prices shall have their PE and/or PET calculated on the basis of f.o.b. prices contained in PEB documents.
2. The amount of PE and or PET on export commodities subjected to ad naturam rates respectively be calculated as the following:
  - (a)  $PE = PE \text{ rate} \times \text{total of unit of goods.}$
  - (b)  $PET = PET \text{ rate} \times \text{total of unit of goods.}$
3. Export goods other than those contained in Attachment I, II and III to this decree shall not be subject to PE and or PET.
4. The rates of PE and or PET as well as check prices shall be those effective at the time of PEB registration with foreign exchange banks.

5. PE and/or PET shall be calculated to the rupiah counter value on the basis of foreign currency rates which are periodically determined (viz. balance sheet exchange rates) by Bank Indonesia and effective at the time of PEB registration with foreign exchange banks.

Article 4

1. PE and or PET as meant in Article 3 shall be due at the time of PEB registration with foreign exchange banks.
2. The settlement of PE and or PET by exporters as meant in Article 3 shall be at the time of PEB registration with foreign exchange banks and be realized with the following provisions:
  - (a) for exports without L/Cs among others with collection bills under the condition of documents against payment (DP) of documents against acceptance (DA), it shall not be later than 30 (thirty) days starting from the date of PEB registration with foreign exchange banks by attaching S&B (promissory notes) as shown in Attachment IV;
  - (b) for exports by consignment and usance L/Cs, it shall not be later than 90 (ninety) days starting from the date of PEB registration with foreign exchange banks by attaching S&B (promissory notes);
  - (c) for exports with sight L/Cs it shall not be later than the time of export bill negotiation by attaching S&B.

If negotiation cannot be done because of certain deviation from L/C conditions, PE and/or PET shall be settled not later than 30 (thirty) days starting from PEB registration with foreign exchange banks.

3. In the case of any delay in the settlement by exporters as stipulated in paragraph (2), a monthly administration fee of 2 per cent of the value of PE and of PET due shall be imposed.
4. S&B as meant in paragraph 2 shall be delivered along with PEB documents to foreign exchange banks to the value of the amounts of PE and of PET due.

S&B shall be returned at the moment of settlement of PE and/or PET.

5. Foreign exchange banks shall issue payment certificates (STBS) on the settlement of PE and/or PET.
6. Especially with regard to exports subjected to PE and or PET, PEB documents shall be made out nine-fold and the ninth sheet (a white extra sheet) shall be delivered to the Directorate General of Monetary Affairs.

Article 5

1. In the case of PEB as meant in Article 4 being cancelled by exporters, PE and/or PET shall not be due.
2. The exporters as meant in paragraph (1) shall report and return the PEB not later than 30 (thirty) days starting from the date of PEB registration, to the foreign exchange banks concerned.
3. In the case of the reporting and return of PEB as meant in paragraph 2 exceeding the time limit of 30 (thirty) days, the exports concerned shall be subject to a sanction in the form of an administration fee of 2% (two per cent) monthly calculated from the value of PE and/or PET due. The amount shall be paid up to the foreign exchange banks concerned for the favour of the account of the State general treasurer with Bank Indonesia.

Article 6

1. PE and/or PET as well as administration fees shall be totally paid up by foreign exchange banks to the account of the State general treasurer on Fridays and at the end of each month, by using giro notes of the Bank Indonesia and attaching the list of PE and or PET payments as shown in Attachment V. If Fridays and the end of the month fall on holidays, the payment shall be realized on the following day.
2. Foreign exchange banks shall charge no fee on PE and/or PET paid up to the account of the State general treasurer.

Article 7

1. In the case of any deficiency in PE and/or PET settlement as meant in Article 4, paragraph 2 which is caused by errors in tariff imposition, exchange rates, check prices and calculation or other reasons found out by the relevant agencies, exporters shall pay the shortage to the foreign exchange banks concerned in the favour of the account of the State general treasurer with Bank Indonesia.
2. Collection of the payment of deficiency in PE and or PET settlement as meant in paragraph 1 shall be done by the Directorate General of Monetary Affairs.

Article 8

At the end of each month foreign exchange banks shall report the settlement and payment of PE and/or PET to the Directorate Central of Monetary Affairs by using the fixed method and form as shown in Attachment VI.

Article 9

1. With the enforcement of this decree, the Decrees of the Minister of Finance No. 1223/KMK.013/1990 dated 19 October 1990 and No. 545/KMK.013/1991 dated 13 June 1991 shall be declared null and void.
2. For goods whose shipment is already completed within twenty-one days as from the stipulation of this decree, as evidenced by B/L on board, the imposition of PE and/or PET remains subject to provisions in the Decrees of the Minister of Finance No. 1223/KMK.013/1990 dated 19 October 1990 and No. 545/KMK.013/1991 dated 13 June 1991.

Article 10

Technical provisions concerning this decree shall be further stipulated by the Director General of Monetary Affairs.

Article 11

This decree shall come into force as from the date of stipulation.

For public cognisance, this decree shall be announced by publishing it in the State Gazette of the Republic of Indonesia.

Stipulated in Jakarta  
On 27 May 1992

(Decree of the Minister of Finance  
No. 534/KMK.013/1992 dated 27 May, 1992)

ATTACHMENT III: DECREE OF THE MINISTER OF FINANCE  
No. 534/013/1992 dated 27 May 1992

Wood products and rattan subject to PE US\$0/m<sup>3</sup>

1. Finger jointed wood (included in HS.44.07 or 44.09), viz. processed wood obtained by joining sawn timber already planed with the method of finger joints, on the condition that every piece of wood which is joined and becomes part of the wood product has the following measurements:
  - length: not more than 100 cm.
  - width: not more than 25 cm.
  - thickness: not more than 5 cm.
2. Decorative mouldings (included in HS.44.09), viz. processed wood obtained by shaping sawn timber with moulders in such a way that its decorative function shows up and it can be directly used without changing its form, except cutting it according to the length required, on the condition that:
  - width: not more than 17 cm.
  - thickness: not more than 7.5 cm.
  - A. For the decorative form on the surface of width.
    - minimum decorative form must be half (1/2) of the width surface on one side.
    - thickness: not more than 2.5 cm.
    - decorative depth: minimum 10 mm.
    - thickness: more than 2.5 cm up to 5 cm.
    - decorative depth: minimum 10 mm.
    - thickness: more than 5 cm up to 7.5 cm.
    - decorative depth: minimum 15 mm.
  - B. For the decorative form on the surface of thickness.
    - minimum decorative form must be half (1/2) of the thickness surface on one side.
    - width: not more than 5 cm.
    - decorative depth: minimum 3 mm.
    - width: more than 5 cm up to 8 cm.
    - decorative depth: minimum 15 mm.
    - width: more than 10 cm up to 17 cm.
    - decorative depth: minimum 20 cm.

- C. In case the width side and the thickness side have the same measurement, the decorative depth on the width surface is effective.
3. Box and board pallets (included in HS.44.15) must be in built-up condition.
4. Wall panels (included in 4418.90.000) with a total width of not more than 15 cm and thickness of not more than 2.5 cm in the form of grooves and joints, grooves and grooves, joints and joints, as the following:
- 4.1 for the width of less than 5 cm, the depth of grooves and the height of joints are at least 2 mm;
- 4.2 for the width of 5 cm up to 10 cm, the depth of grooves and the height of joints are at least 3 mm;
- 4.3 for the width of more than 10 cm up to 15 cm, the depth of grooves and the height of joints are at least 5mm.
- 4.4 shiplaps:
- (a) for the width of less than 5 cm, the height of joints on right and left sides is at least 2 mm;
- (b) for the width of 5 cm up to 10 cm, the height of joints on right and left sides is at least 3 mm;
- (c) for the width of more than 10 cm up to 15 cm, height of joints on right and left sides is at least 5 mm.
5. Laminated wood and/or finger laminated wood (included in HS.4413.00.000), viz. processed wood turned out from the joining of pieces of wood, either combined towards the section of width or towards the section of thickness, by the method of pressing with adhesives on the condition that:
- 5.1 width of every piece: not more than 15 cm;
- 5.2 thickness of every piece: not more than 7.5 cm.
6. Flooring for trucks, containers, ship decks, wagons and stables (included in HS.4418.90.000) must use shiplaps or use grooves and joints, complete with illustrations of technical specifications from importing countries, for all kinds of wood except sandalwood, lace, ebony, ramin, agathis, sonokeling, white meranti, perupuk, sungkai, sonokembang, on the condition that:
- the depth of grooves and height of joints of shiplaps are at least 5 mm.
  - width: not more than 22 cm.
  - thickness: not more than 5 cm.

Especially for bolsters, main sills can take the form of processed wood S4S if they are in complete sets with trucks flooring.

7. Parquet panels (HS 4418.30.000):

7.1 Mosaic and lam parquets.

They can be exported in knocked down condition, every segment measuring:

- thickness: not more than 2 cm;
- width: not more than 7.5 cm;
- length: not more than 60 cm.

7.2 Block parquets (with grooves and joints).

Measurements :

- thickness: not more than 2.5 cm;
- width: not more than 15 cm.

The depth of grooves and the height of joints are:

- for the width of less than 5 cm, at least 2 mm;
- for the width of 5 cm up to 10 cm, at least 3 mm;
- for the width of more than 10 cm up to 15 cm, at least 5 mm.

8. Garden seats and tables with frames of metals and other materials (included in HS 9401.79.000), if in the form of S4S and/or its derivatives, must be exported in component sets with perforations at least on both ends, without having to be accompanied by their metal components, and be supplied with illustrations containing technical specifications, on the condition that:

- thickness: not more than 2.5 cm;
- width: not more than 7.5 cm;
- length not more than 250 cm.

9. Prefabricated structures of wood (included in HS.9406.00.000) must be supplied with illustrations containing complete technical specifications.

10. Elements of structures of wood (included in HS.4418.90.000) as units of the structures must be exported in component sets along with illustration containing complete technical specifications without changing forms and cutting.

11. Processed wood S4S as part of finished furniture products must be exported in complete form with parts of finished goods.

12. Processed wood S2S and its derivatives (included in HS.44.07 or 44.09), with its section not exceeding 1000 mm<sup>2</sup>.

13. Dowels (included in HS.44.09), with a diameter not exceeding 7.5 cm.

14. Finished goods of sandalwood:

14.1 Statues or carvings on surfaces of logs or boards for decorative purposes, with the following provisions:

(a) the form and construction of reliefs have clear shapes and meanings;
