ACCESSION OF HONDURAS

Communications from Honduras

The following communications, dated 26 March and 2 April 1993, have been received from the Permanent Mission of Honduras.

On behalf of the Government of Honduras, I enclose herewith a progress report on the economic integration of the countries of the Central American region, as part of the documentation made available by the Honduran Government to GATT contracting parties, through the GATT Secretariat,* under our country's ongoing process of accession to the General Agreement.

As part of the documentation which Honduras is making available to contracting parties, I have the pleasure to transmit the Central American Tariff System (SAC), based on the Harmonized Commodity Description and Coding System, which contains the tariffs which Central America will apply in its trade relations with third countries in the framework of Central American economic integration.*

* Available in the Secretariat (Office of the Special Adviser to the Director-General, Room 2017) for consultation by delegations.
