REPLIES TO QUESTIONNAIRE ON IMPORT LICENSING PROCEDURES

PERU

Revision

The following notification has been received from the delegation of Peru in response to the Questionnaire on Import Licensing Procedures annexed to L/5640/Rev.9. It updates the information previously contained in L/5640/Add.34/Corr.2.

Peru does not currently have in force any administrative procedures relating to an import licensing régime. By Supreme Decree 060-91-EF of 22 March 1991, the Government of Peru eliminated all non-tariff restrictions affecting the import of goods, specifically including import licences (L/5640/Add.34/Corr.2). This provision has been embodied in law through Article 12 of Legislative Decree 668 of 14 September 1991.
