**AGREEMENT BETWEEN
THE GOVERNMENT OF THE KINGDOM OF NORWAY
AND
THE GOVERNMENT OF THE SLOVAK REPUBLIC
RELATING TO THE EXPORTS FROM THE SLOVAK REPUBLIC
OF CERTAIN TEXTILE PRODUCTS FOR IMPORTS INTO NORWAY**

Introduction

1. This Agreement sets out the Arrangements that have been made between the Government of the Kingdom of Norway and the Government of the Slovak Republic regarding the exports of certain textile products from the Slovak Republic for imports into Norway.

2. These arrangements have been made having regard to the Arrangement Regarding International Trade in Textiles (hereinafter referred to as the Arrangement), as extended by the Protocol of 31.07.1986, and as further extended by the Protocols of 31.7.91 and 9.12.92, bearing in mind particularly the provisions of Article 1:2, Article 1:6 and Article 4 of the MFA.

Coverage

3. These arrangements apply to the exports from the Slovak Republic to Norway of the textile products listed in Annex A to this Agreement when these are made of cotton, wool, man-made fibres or blends thereof, in which any or all of those fibres in combination represent either the chief value of the fibres or 50 per cent or more by weight (or 17 per cent or more by weight of wool) of the product.

Classification

4. For the purpose of classifying textile products in the appropriate category, the definitions set out in Annex A will apply.

5. In case of divergent opinions between the competent Norwegian and Slovak Authorities on the classification of products covered by this Agreement, consultations as provided for in Paragraph 14 of this Agreement shall be held with a view of reaching agreement on the appropriate classification of the products concerned and of resolving any difficulties arising therefrom. For this purpose, the authorities of the Slovak Republic shall be informed by the competent authorities in Norway as soon as a case of divergent opinions on the classification of products arises.

Pending agreement on the appropriate classification and in order to avoid disruption of trade, the products in question shall be imported on the basis of the classification indicated by the competent Norwegian authorities, in conformity with the provisions of this Agreement.

Restraint levels

6. For products listed in Annex B of this Agreement, the Slovak Republic shall for each period during the term of this Agreement restrain its exports to Norway to the limits set out in Annex B.

Designated consultation levels:

6 bis. (a) The categories listed in Annex B marked with + are subject to the designated consultation levels specified therein.

- (b) If the Government of the Slovak Republic wishes to export textile products to Norway in excess of the applicable designated consultation levels, the Government of the Slovak Republic shall request the higher levels. The Government of the Kingdom of Norway shall respond promptly and make every effort to resolve the issues within 14 working days of the receipt of the initial request. If the Government of the Kingdom of Norway is unable to comply fully with the request due to problems of market disruption or real risk thereof, as described in Annex A of the Arrangement, in a category subject to such request the Government of the Kingdom of Norway will so inform the Government of the Slovak Republic.
- (c) The Government of the Kingdom of Norway will supply data in accordance with paragraphs I and II of Annex A of the Arrangement to substantiate the position it has taken. The two Governments unless agreed otherwise, shall consult as soon as possible within 30 days of the Norwegian denial of the request and shall make every effort to conclude such consultations within 30 days of its commencement. Until a mutually satisfactory change in the consultation level in question is established, shipments shall not exceed the existing consultation level.

Flexibility provisions

- 7.(a) If in any restraint period of this Agreement, levels specified in Annex B of this Agreement for any categories are not fully utilized, the Government of the Slovak Republic may, after prior notification to the Government of the Kingdom of Norway, during the subsequent twelve-month period approve the exports of additional quantities (carryover) equivalent to such shortfalls provided that such exports are in the same categories where the shortfalls occurred and do not exceed the percentages set out under column (d), Annex B.
- (b) During each restraint period of this Agreement, the Government of the Slovak Republic may, after prior notification to the Government of the Kingdom of Norway, approve the exports of quantities in excess of the levels specified in Annex B of this Agreement up to the percentages set out in Annex B under column (e) increased by the appropriate growth rate of these levels (carry forward) for the current restraint period. Where specific levels have been increased by carry forward the Government of the Slovak Republic shall inform the Government of the Kingdom of Norway of the carry forward quantities and debit these to the corresponding levels which are agreed or may be agreed upon for the subsequent period.
- (c) During each restraint period of this Agreement, the Government of the Slovak Republic may, after prior notification to the Government of the Kingdom of Norway, approve the exports of quantities in excess of the levels specified in Annex B to this Agreement up to the percentages set out in Annex B under column (f) increased by the appropriate growth rate (swing).

Where specific levels have been increased by swing a corresponding reduction shall be made in one or more of other levels calculated on the basis of the conversion factors listed in Annex B, column (h).

Administration

- 8. Exports from the Slovak Republic to Norway of textile products listed in Annex B shall be subject to a double-checking system by the Norwegian and Slovak authorities, as specified in Annex C of the Agreement.

Circumvention

9. The Government of the Kingdom of Norway and the Government of the Slovak Republic agree to cooperate fully in dealing with problems relating to circumventions of the arrangements set out in this Agreement.

When information available to the Norwegian authorities indicates that products of Slovak origin listed in Annex B to this Agreement have been imported into Norway by transshipment, rerouting or otherwise, in circumvention of the arrangements set out in this Agreement, Norway may ask for consultations as provided for in Paragraph 14 of this Agreement, with a view to agree on an appropriate solution.

If the parties fail to reach a mutually satisfactory solution within a period of 51 days from the date when the request for consultations was received, the Norwegian authorities may, if solid evidence of circumvention has been provided and pending the outcome of the consultations, carry out an appropriate adjustment of the restraint level for the products concerned, for the current or the following calendar year.

Seasonal fluctuations

10. The Government of the Slovak Republic will endeavour to ensure by way of issuing export licences that exports of textile products covered by this Agreement and subject to restraint levels are spaced out as evenly as possible each calendar year, however taking into consideration possible concentration of exports attributable to normal seasonal factors.

Rules of Origin

11. The Origin of the products covered by this Agreement shall be determined in accordance with the rules in force in the Kingdom of Norway and the procedures for control of the origin of the products set out in Annex C. Any changes in these rules shall be notified to the Slovak authorities.

Re-exports

12. Exports from the Slovak Republic to Norway of textile products covered by this Agreement shall not be subject to restraint levels established in Annex B, provided that the export licence certifies that the products concerned are for re-exports outside Norway.

Where the competent Norwegian authorities have evidence that products exported from the Slovak Republic against a restraint level established in Annex B have been subsequently re-exported outside Norway, the Norwegian authorities shall notify the Government of the Slovak Republic of the quantities involved. Upon receipt of such notification, the Government of the Slovak Republic may authorize for the current calendar year exports of identical quantities of products within the same category, which shall not be set off against the quantitative limits established in Annex B.

Exchange of statistics

13. For all products covered by Annex B of this Agreement the Government of the Kingdom of Norway and the Government of the Slovak Republic undertake to provide each other with quarterly statistics of all export and import licences issued by the authorities for each category for the current restraint period.

Each report shall be transmitted before the end of the second month following the month covered by the report.

Consultations

14. The Government of the Kingdom of Norway and the Government of the Slovak Republic agree to consult at the request of either Government, on any question arising in the application of this Agreement.

Any request for consultations shall be notified in writing to the other party together with a statement explaining the reason and circumstance that led to the request.

The parties shall enter into consultations within 30 days at the latest from when the request was made, with a view to arriving at a mutually satisfactory conclusion in conformity with the provisions of the Arrangement within a further 30 days at the latest.

Other textile products

15. Both parties reserve their rights under the MFA with respect to textile products not covered by this Agreement.

General

16. The present Agreement shall be in force from 1 January 1993 until 31 December 1994.

17. Either party may at any time propose modifications to this Agreement. Such proposals shall lead to consultations in accordance with the procedures outlined in Article 14.

Either party may at any time denounce this Agreement provided that at least 60 days notice is given. In that event the Agreement shall come to an end on the expiry of the period of notice.

The Annexes to this Agreement shall be considered as an integral part thereof.

Done in two originals in Bratislava on 11 October in the English language, both texts being equally authentic.
