ANTI-DUMPING LAWS AND REGULATIONS

Provision by Observers

Pursuant to the decision by the Committee on 27 April 1994 regarding participation of Observers in the work of the Committee, Observer governments should provide the Committee with information they consider relevant to matters within the purview of the Agreement, including the texts of their laws and regulations regarding anti-dumping measures.

Observer governments are therefore invited to provide the texts of their laws and regulations to the Committee. Observer governments which do not have laws or regulations regarding anti-dumping measures are invited to inform the Committee accordingly.

Texts received in reply to the above request will be circulated to the Committee in addenda to this document.
