

**GENERAL AGREEMENT  
ON TARIFFS AND TRADE**

RESTRICTED  
**TBT/Notif.94.239**  
20 July 1994  
Special Distribution

(94-1494)

**Committee on Technical Barriers to Trade**

**NOTIFICATION**

The following notification is being circulated in accordance with Article 10.4.

1.	Party to Agreement notifying: <u>SLOVAK REPUBLIC</u>
2.	Agency responsible: BETÓN VÚIS, s.r.o. Research and Development, Consulting and Trade in the Field of Concrete, Concrete Technology and Building Materials.
3.	Notified under Article 2.5.2 [X], 2.6.1 [ ], 7.3.2 [ ], 7.4.1 [ ], other:
4.	Products covered (HS or CCCN where applicable, otherwise national tariff heading. ICS numbers may be provided in addition, where applicable): Concrete
5.	Title and number of pages of the notified document: Impermeable Concrete and High Durability Concrete
6.	Description of content: The Standard is dealing with design, preparation and quality control of plain, reinforced, and pressurized concrete of exceptional qualities (high permeability and high durability).
7.	Objective and rationale: Several clauses of the ENV 206 refer to the national standards and regulations. This is also the case of the Standard CSN 73 1209 which determines the rules for special and additional properties of concrete components. However, the Standard as a whole does not harmonize with ENV 206. Here submitted STN 73 1210 is a revision of former CSN 73 1209, and aimed at removal of the aforementioned disharmony.
8.	Relevant documents: International documents:  ENV 206: 1989, Concrete - performance, placing and compliance criteria. DIN 1045: 1988 Beton und Stahlbeton. Bemessung und Ausfuehrung.
9.	Proposed date of adoption and entry into force: 1 September 1994
10.	Final date for comments: 15 August 1994
11.	Texts available from: National enquiry point [X] or address and telefax number of other body:
