(94-2546)

**Committee on Technical Barriers to Trade**

**NOTIFICATION**

The following notification is being circulated in accordance with Article 10.4.

1.	Party to Agreement notifying: <u>MEXICO</u>
2.	Agency responsible: Ministry of Trade and Industrial Development
3.	Notified under Article 2.5.2 [X], 2.6.1 [ ], 7.3.2 [ ], 7.4.1 [ ], other:
4.	Products covered (HS or CCCN where applicable, otherwise national tariff heading. ICS numbers may be provided in addition, where applicable): Lighting systems
5.	Title and number of pages of the notified document: Draft Mexican Official Standard NOM-082-SCF1-1994, Energy Efficiency for Lighting Systems in Non-Residential Buildings
6.	Description of content: The purpose of this Mexican Official Standard is to:  1. Establish the levels of energy efficiency, in terms of electric power density, to be met by lighting systems for general use in new non-residential buildings, and extensions to existing ones, to ensure that energy efficiency is incorporated in planning and construction, through the optimization of designs and the use of equipment and technologies that improve energy efficiency without impairing required levels of luminosity.  2. Establish the calculation method for determining the electric power density of lighting systems for general use in non-residential buildings, for the purpose of checking compliance with this Standard.
7.	Objective and rationale: Energy efficiency
8.	Relevant documents: Diario Oficial (Official Journal) of 23 September 1994
9.	Proposed date of adoption and entry into force: Day following final publication in Diario Oficial
10.	Final date for comments: 22 December 1994
11.	Texts available from: National enquiry point [X] or address and telefax number of other body:
