1960-61 TARIFF CONFERENCE

TARIFF NEGOTIATIONS COMMITTEE

Meeting for the Examination of the Common Tariff under Article XXIV:5(a)

The CONTRACTING PARTIES at the seventeenth session decided to request the Tariff Negotiations Committee to carry out the examination of the EEC Common Tariff pursuant to paragraph 5(a) of Article XXIV. As to the exact timing of this examination, they agreed that it "should be decided upon by the Committee itself in the light of the progress made in the negotiations".

At a meeting on 21 November 1960 the Tariff Negotiations Committee decided that, in order to give all contracting parties adequate notice, it would meet on 7 December 1960 at 3 p.m. to make the procedural arrangements for carrying out the examination.

It is recalled that in taking this Decision the CONTRACTING PARTIES also decided that for this purpose interested contracting parties which are not participating in the work of the Tariff Negotiations Committee at that time should be co-opted as members of the Committee at their request.
