PARTICIPATION IN THE KENNEDY ROUND

Notification by Peru

The following notification has been received from the Government of Peru.

In accordance with special instructions from my Government, I have pleasure in making in advance the notification provided for 15 April in the Plan for the participation of the less-developed countries approved by the Trade Negotiations Committee at its meeting of 18 March last. Accordingly the Government of Peru informs you that it is prepared to table on 1 August 1965 a statement of the offers which it will make as a contribution to the objectives of the trade negotiations.

At the same time I should point out that, as it was not specified that fishery products were distinct from agricultural products, and as Peru is a major exporter of these products and also includes among its principal exports cotton, sugar and coffee, it believes that it is qualified to be included among the countries with a predominant interest in exports of agricultural products, and accordingly reserves the right to avail itself of the special conditions laid down in paragraph 1 of the said Plan.
